Ver. 1 (2/10/01) : Added "The Quest for Soul Eater".

Alright, on with the quest to get Soul Eater :)

NOTE: IF YOU HAVE TOLD SUE YOUR NAME, START OVER ON ANOTHER DIFFICULTY. YOU WILL NOT SEE BLACK HOUND (KIREEK) IN THE QUEST IF YOU MESS UP AT THAT PART.

Ok :)

1. You must have completed ALL quests once and beaten the game once (so you can choose between normal or hard)

2. After you have done the above, select normal (or whatever diff) and complete the quest ''DR. OSTO'S RESEARCH''. In this quest, you must NOT tell your name to SUE (If you do or did already, stop and try this quest on another difficulty). After you complete the quest and SUE leaves, a telepipe will pop up. Don't go in it. Talk to the other NPC on the map (red and black RAMar (human ranger)). Then go in the telepipe and finish the quest.

3. Now, do the quest ''UNSEALED DOOR''. You will see SUE again. Talk to her until she leaves.

\*\*\*You will see SUE outside the shops and near the bank when you start the quest ''WATERFALL TEARS''. Talk to her then continue with this faq. :)

4. Next, do the quest ''WATERFALL TEARS''. You will fight Anna twice during this quest. When you defeat her in CAVES 2 (a rainbow is in the room), you will see a green arrow not that far up (if you did everything correctly to this point), this is KIREEK (BLACK HOUND). Defeat him and go back to the guild to complete the quest.

5. In the next quest, ''BLACK PAPER'', you will encounter KIREEK again. This time I am not sure about if his arrow shows up on the map, but he will be in the DARK ROOM near the WARP to CAVES 2. Defeat him a second time and then finish the quest.

6. In the final quest ''FROM THE DEPTHS'', just get to the end of the quest (in RUINS 3) when you have to copy the monument data (at the computer). When ASH leaves your party to look for survivors, DO NOT take the telepipe. Instead, find the warp back to RUINS 2 and you will see two arrows. These arrows are for ASH and BLACK HOUND (KIREEK). Defeat KIREEK a FINAL time and you will receive the SOUL EATER.
