.:Version History:.

version 0.5

May 20, 2003 Started FAQ.

version 1.0

May 21, 2003 Finished FAQ. 100% done.

May 26, 2003 Touched up the Copyright stuff a tad.

Oct. 16, 2003 Added faqs.ign.com to the allowed hosting list.

.:About Me:.

This is my very first FAQ, so give me a little leeway. >_<

I'm not bothering to use any fancy ASCII art...mainly because I suck at it. haha That, and I feel its really unnecessary. I want to focus my FAQ/Walkthroughs on actual content and not bother with putting different characters in a certain layout to make a purdy picture.

I've been reading FAQs here for a couple years, but haven't had the urge to write one of my own. I wrote an in-depth FAQ on Souls for Castlevania: Aria of Sorrow, and submitted it, but someone else beat me to it and theirs was

posted first. I've learned not to hold onto something for a day or two just because I don't feel like submitting it yet. haha

And now, time for the content....
