## III. About

=====

-----

### 1. Me

-----

First, I'm not from an English speaking country, so if you find any grammar errors, please send them to me so that I can fix it. This is also my first submission so go easy on me. ;)

I live in Brazil and am a fan of Harvest Moon since the SNES game.

That's about it o\_O

-----

### 2. The FAQ

-----

I'll put info about the usefulness that is Won, the salesman. He will buy things from you, he will play the apple game with you, and you can even marry this hunk of a man.

I'm taking some info from my HG Games FAQ and putting in this one (just the "Getting Friends with Won" section).

=====

## IV. Won

=====

You'll probably first meet with Won on the second day on your farm, he'll

come by and introduce him self to you. You can still meet him on your first day by going to Zack's house.

Won is one of the 3 secret bachelors (The other 2 being Kappa and the Gourmet) Like every secret Bachelor his heart color is invisible.

-----  
1. Getting friends with Won  
-----

Won will be your main money maker throught the H.G. Games. To activate the selling option you'll have to become friends with him. For that you'll want to give him one of these:

- Golden Eggs (Win Chicken Sumo Contest + 8-10 hearts)
- Golden Lumber (One of the High-Low Prizes)
- Gold Ore (Floor 3+ of any mines)
- Orihalcon (Floor 10+ of spring mine)
- Apples (The tree in your farm give them in the Fall)

After that go in Zack's house and you might activate the trigger event where Won will tell you he'll start buy stuff you bring him. He will buy most of the things you can't ship through Zack, such as foods you cooked, flowers, items you get as gifts, etc.

Crops and foraging items can be sold for 30% more to Won when comparing the prices that Zack, but it'll be hard to sell to many items to him. So the best to do is to ship them through the shipping bin.

In your first year it's a good idea to get friends to Won as fast as possible, so that you can sell things to him for some extra money.

#### 4. The Apple Game

After some more gifts you'll be able to play this game. Won will show you 3 apples, one of them will be one of those difficult-named apples. you have to guess were that apple is after he shuffles them.

If you guess right you can continue guessing, but the speed with wich Won shuffles rises each time. You can play a max of 10 rounds. If you loose mid-way, you'll get Mystery Tickets, one for every 2 rounds. Winning 10 times will get you a Mystery Flower.

The first time you play it'll be free, after that it costs 100 G per game.

#### - Tickets

The Tickets can be exchanged by holding them and talking to Won from the other side of the counter. Won will give you 3 random numbers and if they match with the lottery shuffle numbers you win prizes:

Match 2 numbers from your ticket - Win a Record.

Match 3 numbers from your ticket - Win a Record.

Match 2 numbers not on your ticket- Won will give you seeds from his shop.

Match 3 numbers not on your ticket - Win a Record.

Match 3 numbers in sequential order - i.e. 4-5-6; Win a Record.

The records, besides being used on the record player, can be sold back to Won (Just see above) The records won are: "Unused" from AWL(GC), "Poet" from AWL(GC), "Love" from STH(PS2), "Winter" from STH(Ss2), and "No.17" from N64.

To get the random seeds you must have an empty rucksack slot, otherwise you'll just waste a ticket.

#### - Mystery Flower

The mystery flower can't be put in your flower vase because it's too big, but it can be sold back to Won. Don't do it though. Give it to the Harvest Goddess, then she will ask for 9 more. Give her all of those and then she will give you a Gift wich can be sold for 1,000,000 to won. You can repeat

the process to get another Gift, this make a easy way to make money.

5. Wooing Won  
-----

- "Heart" Events

Before you can marry Won, there are 4 "heart" events that you must see:

The Flower Vase event:

Won will come by your house and try to sell you a flower vase for 5000 G. It's a good deal since you can put flowers inside it to recover your energy levels. If you don't buy you'll see this again in the next season.

Selling feature open:

If you have been reading this FAQ you know what it is, check the "Getting friends with Won" section for more info

Apple Shuffle:

One day when you visit him in Zack's home, you'll find him surrounded by apples. They seem to have been knocked to the ground and he can't know wich are his special apples (since they're obviously all normal apples) After thinkink for some time he notices you standing there and get suprised that you listened to everything and then tries to make excuses then gets an apple and gives you hoping to bribe you with it and then kicks you out of the house.

Won's Apple Game:

Check the "The Apple Game" section right above.

- Getting Married

Remeber that to marry anyone you must have the second house upgrade and the big bed. After the last event you'll be able to buy the Blue Feather from the market, just go and show it to Won. A week later you'll be married to him.

He'll be home only from 6:00 pm and on, he'll not give you discount on his store, and still will try to sell you his special apples. He leaves before you wake up.

On the Spring Thanksgiving event you'll still receive gifts from the unwed bachelors at your front door in the morning if you're friends enough with them.
