Section One-----

Why did I make this guide?

Well, at GameFAQs, nobody made a guide, so I took the liberty of doing it. I beat the game by myself, so I decided to help people. I don't know who will actually read this, but Se la vi.

Nick: It appears that the Brickster used the extra hot chiles on his pizza to burn his way out of Jail.

Inf.: That is terrible!

Nick: Even worse, the Brickster has stolen the Constructopædia and deconstructed all of LEGO Island buildings. Only one page has been

found so far. We think the Brickster may have dropped the other Pages around the Island.

Hmm, as far as beating the game, I must thank me, myself, and I. It didn't take very long, though.

Thanks EvanBean7 for some clarifications, etc. madee on July 5, 2002.

As far as making the game, I have to thank LEGO Software, Musy X, and Silicon Dreams for developing this game, and Nintendo, for puting it on a GBA Game Pak.
