```

The chip list contains list of all chips that you can get from Higsby's Shop in MegaMan Battle Chip Challenge. Next to the chip name is the amount of that chip I got out of the 2590 chips I bought in the game. Next to that are the chances of receiving the chip if you buy one in percents.

Example:

```
Guard      48      1.8%
```

^ Chip name

^ 48 of the 2590 chips I bought were Guards

^ Chances to get a Guard in Higsby's shop are 1.8%

```
+-----+
| 3 - Chip List                                     | CHP |
+-----+
```

Chip Name Amount Chances to get it

+-----+-----+-----+

```

This is a special chip you can get from Higsby. It contains a code that can be used in MegaMan Battle Network 4 to get something from the Number Trader Machine. To get the chip, just select 'Get Info' at Higsby's shop 20 times and he'll give the chip to you. To see the code in the chip, press Select on the chip in your chip library.
