Coins: In each level there are certain number of coins.
Collect them all.

Bubbles: There are different kinds of bubbles. The blue
is normal and that is used to capture jellyfishes. Red
is the strong bubble that can destroy barriers and
jellyfishes. The light blue is the float bubble that
can carry you places. You just have to stand on top of it.
Once you have a bubble, then until you get another kind,
you will have to use the bubble.

AH... SCENIC BIKINI BOTTOM, HOME TO SPONGEBOB AND HIS
PALS... [A]

LOOK HERE! OUR SPONGY HERO IS OUT FOR A WALK WITH HIS
PET SNAIL GARY. HOW NICE. [A]

(Gary meows)

OH NO! GARY SMELLS KELP NIP! HE'S RUNNING AWAY! WHAT WILL SPONGEBOB DO? [A]

(Gary meows)

SPONGEBOB: GARY! COME BACK! GARY!

Chapter 1: HOME, SWEET PINEAPPLE [A]

GARY, COME HOME!

Total Coins: 125

Walkthrough: First, when Hand brings you to the level, start going right. Remember to collect the 3 coins. Then you end up in front of a sign. It tells you to catch jellyfishes, you have to use the Normal Bubbles. Now, after you get the next 3 coins, you see a jellyfish. Catch it. Use the Normal Bubble to catch it. Now go forward. You can catch the green jellyfish but you don't have to. Now go past it and get the 3 coins. Catch the pink jellyfish near the boat, and climb on top of it. Jump up from it and get the coins. Now Spongebob sees Gary and tells him to come back. Keep going right. There is a row of coins and a jellyfish. Catch the jellyfish and use it as a board. You can stand on it and jump up the cliff. Now after you get up go right. There is a field of electirc coral. You have to glide over that. Just hold down A after you jump. Now he runs into Patrick.

Patrick: What's going on Spongebob? [A]

Spongebob: Patrick, Gary ran away! Have you seen him?[A]

Patrick: I think he went that way, or was it that way? [A]

Now go right. Catch that jellyfish and use that as a board. Remember, if you blow a bubble, it'll go straight until it hits something. Now get the underwear. Go right. Now you see a sign. That tells you about the Bounce Bubble. Keep going right. Avoid the jellyfish because you cannot defeat it now. When you get to the cliff, use the Bounce Bubble to get the coins and get up the cliff. Now use the Bounce Bubble again, but this time glide. If you miss don't worry. You will just land on the ground. Now go right. You see Squidward. He plays his clarinet.

Squidward: Oh, no, it's you. Will I ever have peace and quiet so I can practice? [A]

Now go right. Go right past the green jellyfish

when it is above you. When you go right you will see another electric coral field. Use the bounce and glide to get the coins and get past the field. Now keep going right. You find Gary again, but he runs away again. Now keep going right. Go to the sign. It tells you about the Strong Bubble. Press A. Now go right. Use the Strong Bubble to destroy the wall. When you keep going right you see a pink jellyfish in a tight spot. Use the Strong Bubble to destroy it. Now you should be at a place with "stairs" going up. Now climb up as high as you can, face up, and use the Strong Bubble. Now after you destroy the wall go up and go right. Now you are in front of a sign. It tells you about the Float Bubble. It will take you up. Use the bubble to get the coins. Now go right. Once again Gary runs away from you. You must use the Float Bubble to get up the cliff. Now go right and down. When you go right, you should see a green jellyfish. Ignore it and use the Float Bubble to float up. Go right. You finally find Gary. He is near a treasure chest.

SB (Spongebob): Look Gary, a treasure chest!

(Bottle appears, Flying Dutchman appears)

Dutchman: Ah ha ha ha! At last I'm free! I'm free!

SB: Wow you're a genie?

Dutchman: No, I was imprisoned... I mean I was enjoying a peaceful slumber in that bottle when you [A] Came and woke me up.[A]

SB: So you're a genie? Do I get to make a wish? [A]

DM (DutchMan): Arrgh! No you don't get to make a wish! [A]

SB: But you're a genie and I let you out of the bottle! [A]

DM: I'm not a genie you imbecile! I'm the fearsome Flying Dutchman! [A]
The greatest pirate that ever lived! [A]

SB: So when do I get my wish? [A]

DM: Arrgh! Okay, if you go away I'll grant you one wish... But first you must help me find my [A]
Lost pirate treasure![A]
Ten of my greatest treasures are lost somewhere around Bikini Bottom. Along [A]
With my Golden Doubloons.[A]
Find all my treasures and I'll grant your wish![A]
Now leave me alone! I'm off to relive my pirate days!

SB: Let's go Gary! We're on a treasure hunt![A]

Now go right. Remember to get the coins. You come

across a sign. It tells you you must get 3 keys to unlock the dutchman's treasure. Get the key right near you and use the float bubble to go up. Now there is a small space. Press down and go right. Now go right and down. A sign tells you you can tuck into small areas by pressing A. To do this you press A so you're in the space, and press A to get out. Now go right. Watch out for the green jellyfish and keep going. Get the Normal Bubble. Catch the pink jellyfish and use it as a board. Do the same after that. Now keep going right. A sign tells you to hold down A to glide. Get the coins and get the blue key. Now go right, get the Bounce Bubble and get up the wall. Avoid the green jellyfish and get the last key. Now use the trick you learned before to tuck away from the jellyfishes. Keep going right and up until you get to the treasure chest. Use the keys to open it. You get the Medal of Dishonor.

Chapter 2: Walking the Plankton Special Delivery [A]

Walk up to Mr. Krabs.

Krabs: Spongebob, where's my best fry cook off to in such a hurry?[A]

SB: I'm on this treasure hunt Mr. Krabs. You see there was this genie... [A]

Krabs: A treasure hunt, eh? A lad after my own heart. But I can't just let you skip work! Here. Deliver this Krabby Patty Pie to Rock Bottom for me and be on your way. [A]

SB: Aye aye, Cap'n! [A]

Now go right. To get the coins you must glide. Stay in glide mode until you actually hit the ground. Now. When you go right, you see a green pufferfish throwing eggs at you. Use the Normal Bubble to shrink it, and walk quickly past it. Now go right and get the underwear. Now you must catch the jellyfish, bounce on top of it, and get to the higher platform. Continue this. Now when you are at the very top go right. Go down and keep catching the jellyfish until you get to the top. Watch out for the puffer fish and get the key. Now go right. Go up. When you see 3 jellyfishes that are lined up like stairs, catch them and climb up. There is a chest with coins. Now go right all the way. Get the strong bubble. Now get the coins you missed and go down. Now go right. Keep going right until you get the chest full of coins.

to be continued...
