I. Introduction *****
*****
In this FAQ I have typed the dialogue and story related text that appears in
X-Men: Reign of Apocalypse for the Game Boy Advance. The text is exactly as it
appears in the game except it's not all capitals.
```

```

*           Opening           *
```

```
*****
Returning from a journey to
the Mojoverse, the X-Men
enter into a space-time
portal aboard their trusty
plane, the Blackbird.
```

```
As the portal shimmers
before them, they see the
X Mansion appear on the
other side. The team is
relieved to be returning
home at last.
```

```
As the Blackbird slides
through the portal, an
unexpected shockwave sends a
jolt through the spacecraft.
```

```
Storm: What was that?
```

```
The X-Men watch in horror as
their home, the X Mansion,
transforms into a broken and
```

battered version of its  
former self.

Little do they know that  
they have been transported  
to a sinister, twisted  
mirror of their own world.

Apocalypse is the ruler on  
this world, former friends  
are now foes.

The X-Men will have to use  
every scrap of courage and  
strength they can muster to  
find their way home again.

Cyclops: What the...?  
Professor X, come in...  
.. anyone?!?!

Storm: Great heavens!  
The mansion is in  
ruins! What happened  
here?

Wolverine: Nothin' good, by the  
smell of things...  
Let's have a look  
around.  
Cyclops?!?!

Storm: What is it? Oh my...  
Scott, you may not  
want to see this...

Cyclops: What's got you all  
riled up?

Wolverine: I'm afraid it's you,  
buddy.  
It's a dead body that  
looks...and smells just  
like you, buddy.

Cyclops: Whoever did this is  
gonna pay!  
Well, I hope this  
isn't an indication of  
things to come...

Wolverine: No time for chitchat!  
We've got company...

\*\*\*\*\*  
\*                    Cut Scene 1                    \*  
\*\*\*\*\*

Wolverine: What did you do to the  
mansion, Blob?!?!?!

Wolverine: Wait a minute. I smell something.  
We've got company boys and girls.

Weapon Omega: You have trespassed on his high lord Apocalypse's grounds.  
Prepare to face Weapon Omega!

Storm: Weapon Omega? Aren't these guys Alpha Flight?

Cyclops: Looks like things are more different in this universe than we thought. Alpha Flight were our friends in our universe.

Wolverine: Well, these clowns are anything but...

\*\*\*\*\*  
\* Cut Scene 3 \*

Cyclops: It appears that Apocalypse has created a warp gate and is using it to transport soldiers around the world.  
We must've gotten sucked into the gate as our portal took us some.  
We need to find the warp gate in order to get back to our dimension, but first we've got to stop any sentinels from tracking us.

Storm: We have to get to the central dispatch base and destroy their communications grid.  
According to the data I downloaded, it's located in Colorado.

Rogue: What's the catch storm?

Storm: It also happens to be the regional sentinel headquarters!

Wolverine: Perfect...just,  
perfect...

\*\*\*\*\*

Wolverine: Looks like Phoenix is  
one of the bad guys in  
this universe  
She and her friends are  
making a beeline for  
the Blackbird  
and out to cause some  
serious damage.

Cyclops: Someone needs to get  
out there and stop  
them! There's nowhere  
for me to land!

Phoenix: Your plane won't fly so  
well without a wing,  
will it?

\*\*\*\*\*

\* Cut Scene 4 \*

\*\*\*\*\*

Cyclops: Nice work, team.  
Without our quick  
response the Blackbird  
surely would have  
crashed.

Rogue: Aww shucks. It was  
easy, right Storm?

Storm: Sure thing. Just a  
stroll in the park.

\*\*\*\*\*

Cyclops: Ok, team, once we're  
inside, we need to  
locate the central  
cooling unit.  
Destroying it will  
cause the main  
computer to overheat,  
rendering the base  
inoperable.  
Wolverine, see if you  
can bypass the alarm to  
the dispatch base and  
get us inside.

Wolverine: Too late, bossman! The  
jig is up! Time to do  
this the old fashioned  
way!

\*\*\*\*\*

\* Cut Scene 5 \*

\*\*\*\*\*

Rogue: Dandy, sugar. The  
bigger they are, the  
harder they fall!

Wolverine: I'm bored, bossman.  
Can we go find some  
real competition?

\*\*\*\*\*

Cyclops: What we need to do now  
is find the warp gate.

Rogue: Yeah, but who knows  
where it is and how  
will we convince them  
to tell us?

Storm: Forge.

Cyclops: Of course! But how can  
we find him?

Rogue: Not a problem. I can  
use the Blackbird's  
main computer as a  
mini-cerebro unit.  
He's here in the  
underwater complex. One  
problem though...  
Magneto is with him.

Wolverine: Don't worry Rogue. I'm  
sure old helmet head  
will listen to reason.

\*\*\*\*\*

\* Cut Scene 6 \*

\*\*\*\*\*

Rogue: Forge! Can you help us?

Forge: My name is no longer  
Forge. I am called  
Genesis now, X-Men.  
You are correct to  
seek me out. I created  
the warp gate.  
Apocalypse has been  
hunting me ever since  
he forced me to make  
the warp gate, because  
only I know how to  
destory it.

Cyclops: Well you can't destroy  
it yet. We need to  
return home to our own

dimension.

Forge: I will tell you what  
I know, but you must  
promise me that you  
will use this code I  
am giving you to  
destroy the gate after  
you have passed  
through.  
We need your help to  
save our world from the  
reign of Apocalypse  
once and for all.

Cyclops: We'll do our best...

\*\*\*\*\*

Storm: Are you sure this is  
the right place,  
Cyclops?

Cyclops: Forge...I mean Genesis  
said that the location  
of the warp gate could  
be discovered at the  
hellfire club, so let's  
get to it...

Rogue: I knew we couldn't get  
there without a fight.

Storm: Yeah, but it would be  
real nice if we could  
once in a while.

\*\*\*\*\*

\* Cut Scene 7 \*

\*\*\*\*\*

Cyclops: I've got it. The warp  
gate is in San  
Francisco. Let's go.

\*\*\*\*\*

Wolverine: Hate to be disagreeable  
but this doesn't look  
like San Francisco,  
bossman.

Cyclops: We've got to draw off  
some of Apocalypse's  
force before we can  
assault the warp gate.  
Let's do this by the  
numbers.  
We wreck some of  
Apocalypse's other  
bases and the power  
supplies to draw off

troops from the main  
base where the gate is  
located. Then we go in  
for the kill.

Wolverine: Wreckin' is what I do  
best...

Cyclops: There is a geothermal  
tap here that  
Apocalypse is using to  
power his sentinel  
bases. Let's blast it  
sky high!

\*\*\*\*\*

\* Cut Scene 8 \*

\*\*\*\*\*

Storm: There goes the power  
for his bases!  
Now let's take out his  
main satellite  
transmitter at the  
statue of liberty.  
That should draw some  
attention.

\*\*\*\*\*

Cyclops: Everyone remember to  
wait for the signal...

Wolverine: Here goes nothin'...

\*\*\*\*\*

\* Cut Scene 9 \*

\*\*\*\*\*

Rogue: Looks like the torch  
has been lit, friends.

Cyclops: Taking out the main  
transmitter link for  
all of Apocalypse's  
security stations  
should buy us some  
more time.

Storm: All that's left is  
destroying the cloning  
plant in Genosha, then  
home sweet home.

\*\*\*\*\*

Rogue: Why is it whenever  
Wolverine's in charge  
we end up swimming  
through polluted  
waters and climbing  
slimy pylons?

Wolverine: 'Cause it works. And  
is it ain't broke,  
don't fix it.  
The mutant cloning  
plant is right over  
there. Ready?

Storm: And willing. Let's  
destroy this disgusting  
body bank.

Cyclops: There are fewer guards  
here than the other  
installations.  
Looks like our plan is  
working. We can hit the  
warp gate once we  
finish these goons off.

\*\*\*\*\*  
\*                    Cut Scene 10                    \*  
\*\*\*\*\*

Wolverine: Warp gate, here we  
come. Next stop,  
San Francisco!

\*\*\*\*\*

Storm: He's using people for  
fuel?!?!  
I shouldn't be shocked  
but I can't help  
myself.  
Apocalypse is nothing  
but a self-serving  
tyrant.

Cyclops: He's using them as  
fuel to power the warp  
gate. We must free  
these people before  
we leave.  
Are you with me, X-Men?

Rogue: Do you have to ask,  
sugar?

Wolverine: It's what we heroes  
do, bub.

Storm: The madness must end.

\*\*\*\*\*  
\*                    Cut Scene 11                    \*  
\*\*\*\*\*

Cyclops: Great work, team.  
Now these people  
should be able to free  
themselves, thanks to

our efforts. I'm  
inputting the code  
for the warp gate's  
self destruct mechanism  
now...

\*\*\*\*\*

Rogue: This doesn't look like  
the right place.

Wolverine: Doesn't smell like it  
either. We're on the  
flamin' moon.

Storm: I thought we were  
being sent directly to  
our own dimension?

Cyclops: The warp gate probably  
only works by line-of-  
sight from the moon.  
Troops are sent  
anyplace on the earth  
from the gate here.  
There must be a main  
warp gate that can get  
us home from here with  
a little tweaking.  
Let's find the gate and  
get out of here!

\*\*\*\*\*

\* Cut Scene 12 \*

\*\*\*\*\*

Cyclops: I think we've finally  
found the gate that  
we've been looking for.  
Let's go home, X-Men.

Wolverine: Just one last thing,  
boss.

Cyclops: What did you do, Logan?

Wolverine: Initiated Genesis'  
self-destruct program.

\*\*\*\*\*

\* Ending \*

\*\*\*\*\*

A portal opens on one end of  
the balcony and the battered  
X-Men step out.

Professor X: I suspect there is  
quite a story behind  
this?

Wolverine: You don't know the half

of it, Chuck.

Cyclops: Ha, ha, ha, ha, ha.....
