[---Introduction---]

Well it's me again. This time I'm making an FAQ all about Sahara. I know this information isn't urgent but I decided Gamefaq.com could use the information. Anyway, this is an in-depth FAQ based on Sahara and her carpets.

You can access my other FAQ at:

[---Everything you need to know about Sahara---]

So, Sahara is going to be visiting your village soon? Well that's great! You can use the information here to help you get the carpet you want.

- 1.) How do I know when an event is going to happen?

That's easy, talk to Copper the police officer outside the police station. When he gives you the options "Any going ons?", "Anything lost?", and "Whats this?" Choose "Any going ons?" He will tell you an upcoming or current event. If he says for example:

"Katrina will be arriving to [town name] on [future date]" That means someone will be visiting your town in a few days. If he says:

"Katrina is in the borders of [town name] for today" That means that the person is already there and waiting for you to talk to them.

2.) But how will I know when Saharah is coming?

Well, Copper will tell you. If he says "Saharah is coming to [town] on [future date]" then she will be arriving soon. Although these sort of events are completely random, but expect her to come at least once a month.

3.) She is in my town now, but she says I have to do a "trade-in" whats that?

First, make sure you have a spare carpet you can give Saharah. A trade-in is like this:

You give Saharah a carpet and [X amount of money] and she will give you a rare carpet. It's as easy as that

4.) How much does Saharah charge per carpet?

Well, the first carpet is \$3,000. Look at the list below for pricing

1st- 3K

2nd- 6K

3rd- 12K

4th- 24K

5th- 48K

6th- 96K

I wouldn't suggest going higher then 12K unless if you're desperate. I don't what the highest price she will charge is. Can someone verify the amount for me?

5.) What carpets does she sell? Also, what sets are these carpets from?

Ok, below is a list of carpets Saharah sells and the set they belong to.

(--Carpet--)	(---Set---)
Ancient Tile	No given theme
Concrete Floor	No given theme
Saharahs Desert	No given theme
Basement Floor	No given theme
