Section IX: Copyright Information

I. (Updates)=====

FAQ Last Updated: March 21, 2004 (v. 0.05) (Started the FAQ)

March 22, 2004 (v. 0.15) (Added to Tips and Tricks
section)

March 23, 2004 (v. 1.50) (Added to the rest of the FAQ)

March 28, 2004 (v. 1.75) (Added the "Tree" section)

June 6, 2004 (v. 1.75) (Corrected some mistakes)

June 30, 2004 (v. 2.00) (Started, and worked on Price Graph section. I also added the TIME I worked on my FAQ)

July 4, 2004 (v. 2.05) (Added a little to the FAQ. No big update.)

July 6, 2004 (v. 2.05) (Nothing much to report, except, TODAY IS MY B-DAY! And I added some stuff to intro of Tree Graph)

August 26, 2004 (v. 2.10) (New Email Address)

December 13, 2004 (v. 2.15) (Added an extra contact (MY board) on top of FAQ)

II. (Introduction)=====

Hello everyone! I am Jaxx4059. This FAQ is for Harvest Moon: A Wonderful Life. I have made this FAQ for you people who need a seed chart for all the seasons. This FAQ will help you and even me. I this FAQ will help a lot of you Harvest Moon fans.

This FAQ will have the info of the crop and the season that they grow in. It will also have what soil they grow in and how fast they grow. I may also add to this FAQ of certain things that they can grow or the crops to be used in or as.

III. (Crop Information)=====

You can buy crops from anyone of the Plantation Farm. You are able to buy them from Celia, Marlin, and Vesta. These are the only 3 people that you can buy seeds from. They sell a variety of seeds. They have from Sweet Potatoes, to Grape Seeds, which will grow into a tree.

IV. (Crop Chart)=====

This may be a little hard to understand so I will try to give a more better explanation. Going from left to right the crop on the right is when it begins to be able to grow. So if it begins with Winter, it goes back to spring and goes till whenever it ends in the next year.

If you need help and/or don't understand what this chart is saying you can always email me at MPax4059@cox.net and ask me some questions or to correct

me too if I am wrong on anything. Hope this chart helps.

 a) Fruit Graph=====

Spring	Summer	Fall	Winter
Tomato	Tomato	Tomato	-----
Watermelon	Watermelon	-----	-----
Strawberry	-----	Strawberry	Strawberry
-----	Turnip	Turnip	Turnip
-----	Melon	Melon	-----
Potato	-----	-----	Potato
-----	-----	Carrot	Carrot
-----	-----	Sweet Potato	-----

b) Tree Graph=====

N/A means that there is no fruit growing on the tree in that season. Harvest In this FAQ means that that is when the fruit starts growing on the tree. When you plant a tree you do not have to water it at ANY TIME after being planted. Also, Trees will never die and/or never wilt. Once a tree looks semi-large, you have to wait one more season till it is fully grown. You will know when it is fully grown because once you go up to the tree, instead of it saying "look" for the "A" button; it will say "Move".

Growing: With no help and only basic waterings, it takes 30 days to fully grow. Just in time for it to be harvested in its respective seasons. BTW, it won't grow during its harvest season, so choose the planting time with care.

Spring	Summer	Fall	Winter
N/A	Peach (Harvest)	N/A	N/A
N/A	Orange (Harvest)	N/A	N/A
N/A	N/A	Grapes (Harvest)	N/A
N/A	Banana (Harvest)	N/A	N/A
N/A	N/A	Apple (Harvest)	N/A

C) Price Graph =====

Just remember, all the prices listed below, are selling prices only. They are NOT buying prices. Also, all the prices listed below, are just for B ranks. B rank, is all I have tight now. I hope this part of the FAQ helps you. And dont get confused, again this is just selling, not buying prices, of B rank crops.

Name	\$ per B Rank Bag	\$ per B Rank Fruit
Apple	410 G	25 G
Banana	750 G	35 G
Carrot	15 G	40 G
Grape	450 G	35 G
Melon	25 G	70 G
Orange	410 G	30 G
Peach	560 G	40 G
Potato	20 G	60 G
Strawberry	15 G	35 G
Sweet Potato	20 G	60 G
Tomato	15 G	35 G
Turnip	10 G	25 G
Watermelon	30 G	75 G

V. (Tips and Tricks)=====

!!!!!!!!!!!!!!!!!!!!!!!!!!WARNING!!!!!!!!!!!!!!!!!!!!!!!!!!

This part of the FAQ MAY contain spoilers so don't say that I didn't warn you.
If you think that one of the tips or tricks is a large spoiler, please e-mail me and tell me so I can remove it. Also if one of them is false, e-mail me again and I will remove it as soon as possible. This part of the FAQ does not contain any LARGE spoilers. So don't be too scared to look. As of now there are no spoilers at all. I will update this when there are large or any

spoilers in this FAQ section.

Tip:

Easy Money From Crops

Get a seek maker and put in any of the tree seeds. Sell the seeds instead of the fruit. For example. Grapes sell for about 35, but the seeds sell for 450 or so.

So really it is much more to plant a tree orchard, get the seed maker, then just sell the seeds instead of the crop.

Tip:

Make 1,000,000 In One Season

Taken from the gameFAQ HM: AWL Boards (User: Fullgore EXE)

COSTS

Peach = 1120

Banana = 1500

Orange = 820

All Together = 3440

MIX THESE WITH TARTAR

Orange + Peach = Ramunge

Banana + Peach = Mangeramu

Ramunge + Mangeramu = No Name Tree

With 7.5 of those trees, you can make 500,000g in summer

With 15 of those trees, you can get 1,000,000g's in one season. Amazing.

Each tree produces 24 fruits per season. Put four fruits into the seed maker, get 8 seeds. Plant them and next year, be prepared to get LOTS of money.

Tip:

Add extra to your hybrids!

Tartan can do more than create hybrids. Feeding it a seed and a flower may give the seed special properties (however, this will not work for tree seeds.)

Happy Lamp:

These are the small red tulip-like flowers that grow near Gustafa's hut during the month of Summer. Feeding Tartan a seed and a Happy Lamp flower will allow the seed grow in any season.

I thank the users of the boards of gamefaqs.com. Some of the info in this FAQ is taken from the boards of the HM: AWL. The boards wouldn't be possible if they didn't have users! Users would be possible if it wasn't for the site! And most important, the site wouldn't be possible if it wasn't for programmers. And the programmers wouldn't be possible if there was no man like CJayC.

I would also like to thank my brother for the graph he laid out for me, and I made it into a HTML graph. Thanks to all that helped contribute to this FAQ. This FAQ wouldn't be possible if it weren't for the contributors.

Man, it feels like I just won a Grammy thanking all these people like this.
(Yeah..... Right.....)

VIII. (Closing)=====

I hope that this FAQ helped all the people that really needed it. If you need help, or I have made a mistake, then please feel free to correct me and send a e-mail to MPax4059@cox.net and include:

1. The FAQ name.
2. The mistake.
3. The section it is from
4. The correction of the mistake made.

Thanks again in advance. Also if you like (which I don't think will happen) You can send me an e-mail commenting on the FAQ at how well I did ;)
