| 8. FAQ |  
=====

Q.(from message boards) Why can't I mount my horse? It has two hearts and it's

fully mature! What am I doing wrong?

A. I have heard this question a LOT! All you have to do is press 'x' next to

your horse to mount it.

Q.(from message boards) How do you get Truffles? & Who is this Tectoctorat?

A. Truffles are located under Mora Trees (the trees that are pink in the spring).

In the fall, dig around the Mora trees to hopefully find these rare items.

The pig can help you, but people have found it easier to just dig around.

Tectoctorat is the "Truffle God"... That's all I have to say about him.
