C.1 30 Seconds to Mars - "Battle Of One"

Try and stop me
Try and save me

I want to fall

Try and crush me
Take me, seize me

I want to fall
I want to fall
I want to fall
I want to fall

C.2 AFI - "Summer Shudder"

Listen when I say
When I say it's real
Real life goes undefined
Why must you be so miserable?

Everything you take
Makes me more unreal
Real lines are undefined
How can this be so miserable?

Under the summer rain, I burned away
Under the summer rai, you turned away

Listen I can't make
Make a sound or feel
Feel fine, I kissed the lies
Why must they be kissable?

Listen, as I break
Break the fourth wall's seal
Gorgeous eyes shine suicide
When will we be invisible?

Under the summer rain, I burned away
Under the summer rain, we burned away
Under the summer rain, I burned away
Under the summer rain, you turned away

This is the fall
This is the long way down
And our lives looked smaller now
And our lives looked so small

This is the fall
This is the long way down
And our lives looked smaller now
And our lives looked so small

Under the summer rain, I burned away
Under the summer rain, we burned away
Under the summer rain, I burned away
Under the summer rain, we burned away
Under the summer rain, I burned away
Under the summer rain, you turned away

C.3 Al Fatz - "Came Down"

Yea
Hey
It's your boy Fat Al
Hey. This song right here, know what I'm sayin'
For all my niggas that be comin' down
You comin' down and you play this song right here, I don't care who behind
you...the police
I don't give a fuck, the doors should be open
You need to be swangin', this how we do it in Cleveland

Hey
It's the Fat Al
And I'm from the slab
First nigga put 28's on the jag
20's on the Lac
24's on the cuddy
Pull up in the brown car look like a nutty butty
Now I got some buddies that love the cap and
They love the Fat Al just because the nigga rap
Nigga stay strap and I ain't talkin' about a gun
Look when I stop, how my rims just run

Niggas comin' up some niggas comin' down
Look at the tall trucks got surround sound
If you talkin' down then u get a beat down
Stop Sprewell spinnin' then I'm clappin' on you clowns
I am a winner far from a sinner
Look how I stop oh blind by my spinners
Look at the man better make a killin' man
When I stop 28's look like a ceiling fan

I done came down

When it comes to this rappin' they know that I'm the hottest
Tryin' to make a profit boy you better stop it
Touch my hustle man these niggas can't knock it
I'm in the droppin' matter fact I'm mobbin'
Trunk hit so hard that I thought I did a drop kick
Look at the pie you know I'm a shine
Nigga riddin' in the cuddy with my nigga vibe
I said the cuddy don't forget bout E

C.4 Anti-Flag - "This Is The End (For You My Friend)"

Seems every station on the TV
Is selling something no one can be
If every page was torn from the magazine
Would cash still drive the media-machine?
The products, damage and pursuit are endless
Identity can leave you selfless

We will not witness this anymore

This is the end, for you my friend
I can't forgive
I won't forget
On and on we sing our songs and
On and on your wars wage on and
On and on we sing our songs for more

For more

Your eyes are open but you can't see
Your mouth is moving but you don't speak
A of images to break your will
I hope you choke on every pill

We will not witness this anymore

This is the end, for you my friend

I can't forgive
I won't forget
On and on we sing our songs and
On and on the wars wage on and
On and on we sing our songs for more

Yeah yeah
We will not witness this anymore

This is the end, for you my friend
I can't forgive
I won't forget

This is the end, for you my friend
I can't forgive
I won't forget
On and on we sing our songs and
On and on the wars wage on and
On and on we sing our songs and
On and on the wars wage on again
On and on we sing our songs and
On and on the wars wage on again
On and on we sing our songs for more

We sing our songs for mo-hore

C.5 Atreyu - "Ex's And Oh's"

You took me home
I drank too much
Cause of you my liver turned to dust
Cold rust taste, cold creeping cold pain
Do you understand what I mean?
When you feel your soul drop to the floor
Like a hole like an open bleeding sore
Then you'll have bled like I've bled
Then you'll have wept as I've wept

Suck me down, it's time to rock and roll
Let's hit the bar, let's lose control
One false move; you took me home
One false move; you're all alone

But it looks so good and it feels so nice
I've paid my price
I'll cut you out just to hear you scream
"Get away from, get away from me"
And I can feel my heart beat racing
As I realize what I must do
Get away from, get away from, get away from you

Should've turned around like hell
Last time I got a taste of you
I should've turned and ran like hell
And I say we're through
Should've turned around like hell
Last time I got a taste of you
I should've turned and ran like hell

And I say we're through
And I say we're through

You fell upon me, like a plague
Weakness, sweet weakness
But I digress
After all this
You're just like all the rest

Suck me down, it's time to rock and roll
Let's hit the bar, let's lose control
One false move; you took me home
One false move; you're all alone

C.6 Audioslave - "Revelations"

You know what to do, you know what I did
Since you know everything just clue me in
I am such a wreck, I am such a mess
I know what I know, why don't you fill in the rest

I will bring you down, I will make it bad
While you're feelin' proud, why don't you help me

Such a shame that I wouldn't know by now
Your revelations
Cut me in, I don't want to live without
Your revelations

You know what to say, you know what I said
You know what I dream sleeping in my bed
You hold all the keys, you know all the roads
Why don't you guide me in if I'm such a lost soul

I'm spinning 'round, I will make you ill
Since I'm so broken down, why don't you fix me

Such a shame that I wouldn't know by now
(I wouldn't know by now)
Your revelations
Cut me in, I don't want to live without
(Don't want to live without)
Your revelations

I am haunted when I am sleeping
Try to give without receiving
It's in the applebite, it's in the days and nights
In the afterlife we'll reap

Such a shame that I wouldn't know by now
(I wouldn't know by now)
Your revelations
Cut me in, I don't want to live without
(Don't want to live without)
Your revelations

Such a shame, such a shame
That I wouldn't know by now

Cut me in, I don't want to live without
(Don't want to live without)
Your revelations, revelations

C.7 Cartel - "Say Anything (Else)"

And baby don't follow their lead
Cause you'll never know
Just how the story ends, or how the story goes
And you are so confused
And baby it's just like you
to say anything else

Whenever you get this way
Just getting up for the let down
Mmm here they come and they're here to stay
Just getting up for the let down

Oh I'm here to say that you're the star you wanna be
Just open up and look inside and you will see, yeah

Someday you'll sing it out loud
One day this will make you proud
Whoa oh, "I know"
Whoa oh

And baby don't follow their lead
Cause you never know
Just how the story ends, or how the story goes
And you are so confused,
And baby its just like you
to say anything else

It's time for you to understand
Stop getting up for the let down
Oh, who you want is not up to them
Stop getting up for the let down

And I'm here to say that you're the star you wanna be
Just open up and look inside, you will see

Someday you'll sing it out loud
One day this will make you proud
Whoa oh, "I know"
Whoa oh

Someday you'll sing it out loud
One day this will make you proud
Whoa oh, "I know"
Whoa oh

So say what you want
(You know I'm wasting all my time)
Gotta mean it when you say what you want
(You're only safe when you're alone)
And everybody's on your mind
Saying anything to get you by

And so to get what you want
(You know I'm wasting all my time)
You gotta mean it
(You're only safe when you're alone)
And when you say what you want
You're wasting everybody's time
You're saying anything that gets you by

It's not, not, not gonna get you,
Gonna get you by

Some day you'll sing it out loud
One day this will make you proud
Whoa oh, "I know"
"I know" is never good enough

Someday you'll sing it out loud
One day this will make you proud
Whoa oh, "I know"
Whoa oh
Whoa oh, "I Know"
"I know" is never good enough

C.8 Damone - "Out Here All Night"

Summer's coming too fast
Winter's been here too long
If we keep wasting our days
Pretty soon they'll be gone

Oh yeah, yeah, yeah

I've been out here all night
I've been out here all day
With my eyes open wide
Hoping that you will say
Everything is all right
We can be happy too
If you look out for me
The way I looked out for you

People take what they need
Then they tell you "get lost"
Kindly leading you on
While they're ripping you off

Oh yeah, yeah, yeah

I've been out here all night
I've been out here all day
With my eyes open wide
Hoping that you will say
Everything is all right
We can be happy too
If you look out for me
The way I looked out for you

If I sounded insecure

It's because I wasn't sure
You were really there

I've been out here all night
I've been out here all day
With my eyes open wide
Hoping that you will say
Everything is all right
We can be happy too
If you look out for me
The way I looked out for you

You can stand there all night
You can stand there all day
You can do what you like
It doesn't matter to me

Oh yeah, yeah, yeah

C.9 Dashboard Confessional - "Reason To Believe"

Oh, sweet lungs don't fail me now
Your burning has turned into fear
It drills me in my every step
I'm moving quick but you're always on my heels

Just one more breath, I beg you please
Just one more step, my knees are weak
My heart is sturdy but it needs you to survive
My heart is sturdy but it needs you

Breathe, don't you want to breathe
I know that you are strong enough to handle what I need
My capillaries scream there's nothing left to feed on
My body needs a reason to cross that line
Will you carry me there one more time

Steady lungs, don't fail me now
I feel you bursting but you won't let me die
Fill me up with every step
I'm feeling sick but I'm leaving it behind

Just one more breath, I beg you please
Just one more step, you are not weak
My legs are sturdy but they need you to survive
My heart is sturdy but I need you

Breathe, don't you want to breathe
I know that you are strong enough to handle what I need
My capillaries scream there's nothing left to feed on
My body needs a reason to cross that line
Will you carry me there once more
Once more

I have reason to believe that I have victories to taste
I can feel them on my teeth, upon my lips, and in my chest
I can roll them on my tongue
They are more subtle than defeat

I feel the tension in my lungs
And every move is fueled by my resolve to

Breathe, don't you want to breathe
I know that you are strong enough to handle what I need
My capillaries scream there's nothing left to feed on
My body needs a reason to cross that line
Would you carry me there one more time

C.10 Hit The Lights - "Until We Get Caught"

This is not the end
This is just the beginning
And don't you know that everything we want
Is within our reach at fingertips length
We fought nonstop to make these nights our own
Now no one can take them away

Hands in the air (hands in the air)
No one make a sound (no one make a sound)
While your're in despair, we'll have our ears to the ground
Listening for the pulse that just might drive these hearts tonight
And I know we won't make it out alive

We could have had it all
Our backs against the wall
Our eyes blindfolded tight
Living what they call life

(We Could) We could have had it all
(Our Backs) Our backs against the wall
(Our Eyes) Our eyes blindfolded tight

Hands in the air (hands in the air)
No one make a sound (no one make a sound)
While your're in despair, we'll have our ears to the ground
Listening for the pulse that just might drive these hearts tonight
And I know we won't make it out alive

We won't make it out alive
When you burn down these bridges
And you build up these walls
And you tore out these pages
And there's nothing left at all
And when that day comes
And we're all still here
Will you be waiting?
Will you be waiting?

Hands in the air (hands in the air)
No one make a sound (no one make a sound)
While your're in despair, we'll have our ears to the ground
Listening for the pulse that just might drive these hearts tonight
And I know we won't make it out alive
And I know we won't make it out alive

C.11 Keane - "Is It Any Wonder?"

I, I always thought that I knew
I'd always have the right to
Be living in the kingdom of the good and true

And so on
But now I think I was wrong
And you were laughing along
And now I look a fool for thinking you were on my side

Is it any wonder that I'm tired
Is it any wonder that I feel uptight
Is it any wonder I don't know what's right

Sometimes
It's hard to know where I stand
It's hard to know where I am
Well maybe it's a puzzle I don't understand

Sometimes
I get the feeling that I'm
Stranded in the wrong time
Where love is just a lyric in a children's rhyme, a soundbite

Is it any wonder that I'm tired?
Is it any wonder that I feel uptight?
Is it any wonder I don't know what's right?

Oh these days
After all the misery you made
Is it any wonder that I feel afraid
Is it any wonder that I feel betrayed

Nothing left inside this old cathedral
Just the sad lonely spires
How do you make it right

Oh but you try
Is it any wonder that I'm tired
Is it any wonder that I feel uptight
Is it any wonder I don't know what's right

Oh these days
After all the misery you made
Is it any wonder that I feel afraid
Is it any wonder that I feel betrayed

C.12 Less Than Jake - "A Still Life Franchise"

I remember that I kind of laughed at the sparks that spread the flames
Over all the ugly memories these past three years have made
Then I waited for the smoke to fill my lungs and suffocate my pain away

So I say goodbye and I just say so long
Almost feeling paralyzed
My still life with vital signs
And I'll just say so long

My good intentions felt so wrong
Left me feeling so far gone
Well I'm gone, woah, woah
I'm gone, I'm gone, I'm gone, I'm gone

I remember when I found the place for the ends to list that normal scene
Living in this haunted house on this otherwise normal street
Postcards and photographs of who we were start to burn and fade away

So I say goodbye and I just say so long
Almost feeling paralyzed
My still life with vital signs
And I'll just say so long
My good intentions felt so wrong
Left me feeling so far gone
My good intentions felt so wrong
Left me feeling so far gone
Well I'm gone, woah, woah
I'm gone, I'm gone, I'm gone, I'm gone

So I say goodbye and I just say so long
Almost feeling paralyzed
My still life with vital signs
And I'll just say so long
My good intentions felt so wrong
Left me feeling so far gone
And I'll just say so long
My good intentions felt so wrong
Left me feeling so far gone
And I'll just say so long

C.13 Lupe Fiasco feat. Jonah Matranga - "The Instrumental"

Uhh, yeah
He just sits, and watches the people in the boxes
Everything he sees he absorbs and adopts it
He mimics and he mocks it
Really hates the box but he can't remember how to stop, it
Uhh, so he continues to watch it
Hopin that it'll give him somethin that he can box with
Or how the locksmith, see the box as, locked in the box
Ain't got the combination to unlock, it
That's why he watch-es, scared to look away
Cause at that moment, it might show him
What to take off the locks with
So he chained hisself to the box, took a lock and then he locked it
Swallowed the combination and then forgot, it
As the doctors jot it all down, with they pens and pencils
The same ones that took away his voice
And just left this instrumental, like that

And he never lies (he never lies, he never lies, uhh)
And he never lies (uhh, he never lies, he never lies, no)
And he never lies (he never lies)
Cause he never said anything at all

He just sits, and listens to the people in the boxes
Everything he hears he absorbs and adopts it

Anything not comin out the box he blocks it
See he loves to box and hope they never stop it
Anything the box tell him to do, he does it
Anything it tell him to get, he shops and he cops it
He protects the box, locks it in a box
when he goes to sleep, but he never sleeps
Cause he stays up to watch it, scared to look away
Cause at that moment, it might get stolen
And that's the last of the boxes
So he chained hissself to the box, took a lock and then he locked it
Swallowed the combination and then forgot, it
As the doctors jot it all down, with they pens and pencils
The same ones that took away his voice
And just left this instrumental, like that

(Anything at all) He never lies
Uhh, and you can't tell me just who you are
You burn them flows just to hide those scars
You built that roof just to hide those stars
Now you can't take it back to the start
And you can't tell me just who you are
You burn them flows just to hide those scars
You built that roof just to hide those stars
Now you can't take it back to the start

(Anything at all, anything at all)
Uhh, and you can't tell me just who you are
You burn them flows just to hide those scars
You built that roof just to hide those stars
Now you can't take it back to the start
And you can't tell me just who you are
You burn them flows just to hide those scars
You built that roof just to hide those stars
Now you can't take it back to the start

C.14 Matchbook Romance - "Monsters"

Girl, what's come between you and me?
Look right through me
I'll let it go
I can't help this feeling anymore
I won't go anywhere
Maybe you'll see me

We are
We are the shaken
We are the monsters
Underneath your bed
Yeah
Believe what you read
We are
We are mistaken
We are the voices
Inside your head
Yeah
Believe what you see

It came as no surprise

You bring me back to life
Believe me
You bleed for me
I'll bleed for you
I caught you walking through walls
Drowned with applause
From the world that makes me crazy

We are
We are the shaken
We are the monsters
Underneath your bed
Yeah
Believe what you read
We are
We are mistaken
We are the voices
Inside your head
Yeah
Believe what you see

We are the monsters
We are the monsters
We are the monsters
Underneath your bed
We are the voices
We are the voices
We are the voices
Underneath your bed
We are the monsters
We are the monsters
We are the monsters
Yeah yeah yeah yeah yeah

We are
We are the shaken
We are the monsters
Underneath your bed
Yeah
Believe what you read
We are
We are mistaken
We are the voices
Inside your head
Yeah
Believe what you see

We are
We are the shaken
We are the monsters
Underneath your bed
Yeah
Believe what you see

C.15 Omnisoul - "Not Giving Up"

Make a spark and keep it safe
Remember not to give away

Take my heart don't take my heart away
You can't dissolve what's mine today

I want you all to know I'm not giving it up
These things are mine to shine and
I'm not giving it up
I want you all to know I'm not giving up
I'm not giving up I won't give in

You and I were meant to be
But you would've fought the world to see
Take my heart don't take my heart away
You can't dissolve what's mine today

I want you all to know I'm not giving it up
These things are mine to shine and
I'm not giving it up
I want you all to know I'm not giving up
I'm not giving up I won't give in

From the very heart of me and
I feel like I can float I'm falling,
Falling in need, eh hey hey hey

I want you all to know I'm not giving it up
These things are mine to shine and
I'm not giving it up
I want you all to know I'm not giving up
I'm not giving up I won't give in

C.16 Rise Against - "Drones"

Deep inside these burning buildings
Voices die to be heard
Years we spent teaching a lesson
We ourselves had never learned

And if strength is borne from heartbreak
Many mountains I could move
And if walls could speak I壇 pray
That they would tell me what to do

If you see me, please just walk on by, walk on by
Forget my name and I值 forget it too
Failed attempts at living simple lives, simple lives
Always keep me coming back to you

No signs of life here, save the embers, the occasional flame
We know the way but can稚 remember, conception to the grave
Jump confessions from the greatest heights, where no one can hear
All my fears, my insecurities are falling like tears

If you see me, please just walk on by, walk on by
Forget my name and I值 forget it too
Failed attempts at living simple lives, simple lives
Always keep me coming back to you

The drones will slave away, they池 working overtime

They serve a faceless queen, they never question why
Disciples of a god, they neither live nor breathe
(I won't go back!)
But we have bills to pay, yeah we have mouths to feed
(I won't go back!)
I won't go back

If you see me, please just walk on by, walk on by
Forget my name and I'll forget it too
Failed attempts at living simple lives, simple lives
Always keep me coming back to you

I know coming back to you

C.17 Riverboat Gamblers - "On Again Off Again"

It's 6 a.m., out in the clinic line
It's freezing cold, you may get told come back another time
They can help you, but they can't help you for free
Don't it make you uncomfortable? Dirty laundry, infected sore
Rationale ain't sound anymore
I don't care, don't give a fuck
I'll be around, I'll be waiting, I know
I know that nothing's entitled to me
My health ain't part of your priority

Stand in line. Hey
Drill in again, On again, Off again, On again, Off again
Miss a pill. Hey
Withdraw again. On again, Off again, On again, off again

Aim for the nerve, that'll hurt just fine
Malignant, or is it begin
Go see the Doctor, but does the Doctor see me?
Once again, I'm still uncomfortable
A little pain, goes with a little poor
Guess I'm just not "down" anymore
I don't care, don't give a fuck
I'll be around, I'll be waiting, I know

Stand in line. Hey
Drill in again, On again, Off again, On again, Off again.
Miss a pill. Hey
Withdraw again. On again, Off again, On again, off again
Give me, give me, give me, give me, give me, give me
Give me, give me this one, that one, this one, that one

C.18 Saves the Day - "Head For The Hills"

Burning a door in the back of my mind
Lying alone in the morning light
Feel like swallowing my eyes
I walk around the house until
My feet begin to bleed
Still I can't forget somehow

Drowning in the darkness of my mind
I dream of setting fire to everything in sight
And if I die tonight and go to hell, oh well
I wonder will I see you

Cut off my legs and you tell me to walk
Slit my own throat when you say to talk
I've been swallowing your lies
And I recall you asked about
The one you used to know
I don't know him now

Drowning in the darkness of my mind
I dream of setting fire to everything in sight
And if I die tonight and go to Hell, oh well
I wonder will I see you

My heart is burning black
My bones are cold and cracked
The venom flushed out my veins
And if you ever knew
What I'm dreaming of
You would head for the hills
You
You better head for the hills
You
You better head for the hills

Drowning in the darkness of my mind
I dream of setting fire to everything in sight
And if I die tonight and go to hell, oh well
I wonder will I see you

C.19 Sparta - "Future Needs" ("Taking Back Control")

This home
This place
It turns it's back on time and space

We hope
You pray
But today is still today

Oh we ran ourselves
Ragged and
All these broken backs
Tragically

We tried
You failed
Another mark you left in hell

This cut
Will run
But the guilt has just begun

Oh we ran ourselves
Ragged and

All these broken backs
Tragically

The future bleeds
These words conciete
Don't let it go
We're taking back control

The future bleeds
These words conciete
Don't let it go
We're taking back control

This hole
You told
Left blood on every door

We hope
You find
Tragedy will change you mind

Oh we ran ourselves
Ragged and
All these broken backs
Tragically

The future bleeds
These words conciete
Don't let it go
We're taking back control

The future bleeds
These words conciete
Don't let it go
We're taking back control

Take Control

The future bleeds
These words conciete
Don't let it go
We're taking back control

The future bleeds
These words conciete
Don't let it go
We're taking back control

C.20 Taking Back Sunday - "Spin"

That look was priceless
Don't let me get carried away
I've seen it before
And it still suites you the same

You catch on quick (you catch on quick)
As the cynics stop before
They give the same review (you catch on quick)

Oh this is where, where the party is
Are you coming home? (are you coming home?)
Are you coming home? (are you coming home?)

You had your chance (you had your chance)
Open arms reject assuming hands (arms reject assuming hands)
You had your chance (you had your chance)
Open arms reject assuming hands

The abortion that you had left you
Clinically dead and made it All that much easier to lie
But its nothing that im proud of (no its nothing that im proud of)
Making an example out of you
Well this is phase one
This is the preview
Well this is phase one

Oh that this is where, where the party is
Are you coming home? (are you coming home?)
Are you coming home? (are you coming home?)

You had your chance (you had your chance)
Open arms reject assuming hands (arms reject assuming hands)
You had your chance (you had your chance)
Open arms reject assuming hands (arms reject assuming hands)

Don't act like you're the first one
I treat it like disease
Sure it's rough around the edges
It's the only thing you see

Don't act like you can't see me
Darling, coming
Don't act like you can't see me
Darling, coming
Don't act like you can't see me
Darling, coming
Don't act like you can't see me coming

You had your chance (you had your chance)
Open arms reject assuming hands (arms reject assuming hands)
You had your chance (you had your chance)
Open arms reject assuming hands (arms reject assuming hands)

You had your chance
You had your chance
You had your chance

C.21 The Panic Channel - "Teahouse Of The Spirits"

Special guest will you come tonight
Brief visit from the other side

I am patient, I am calling you
In the Teahouse of the Spirits
I can feel you
I can hear you

give it all up just to be near you
I am praying, I am calling you

Why do you walk among the graves
Between the droplets in the rain

I am humble, I am calling you
In the Teahouse of the Spirits
I can feel you
I can hear you
Give it all up just to be near you
I am praying, I am calling you

From the silence comes the sound
The underdrone beneath the crowd

I am ready, I am calling you
I can feel you
I can hear you
Give it all up just to be near you
I am praying, I am calling you
I am praying, I am calling you
I am calling you
I am calling you
I am calling you

C.22 The Pink Spiders - "Easy Way Out"

I'm just another substance abuser, but baby I'm the future
And I know there's no easy way out
I've got nothing but problems and habits
Shifting throught the static
But baby there's no easy way out

So are you cunning now?

Hey it's obscene and it's green and it's automatic
I know how to make it seem life it's your fault
I believe it when you say that you need it for the sway
When I'm screaming through the troubles
tat the drugs don't solve

Broads in the bar in the car sipping vodka tonics
Another couple drinks and then they look just fine
It's easy as they say but believe me see I hate it
When the hardest part is acting like I just don't try

C.23 The Red Jumpsuit Apparatus - "In Fate's Hands"

I remember a year ago I was standing in the crowd
Waiting for my chance to break through, my chance to live again.

Now it seems I've found some friends who finally understand what it takes
To make this dream come true, we'll be here till the end

Shake it, break it, get off your feet

Come dance with me and don't you fake it

Shake it, break it get off your feet
Get close to me and don't you fake it

Shout and scream my friends, connect with me and we'll pretend
This night will never end (wo oh) this night will never end
Just let go you'll see together we'll do anything
This night will never end wo oh this night will never end

Oh, wish I could thank you all for what you have done
And all of the things that you have shared with me
Oh, wish I could take you all too where I must go wish I could take you all
I'll take you with my heart

"Dance, get on the floor, shake, get on the floor, break, get on the floor"
"Dance, get on the floor, shake, get on the floor, break, get on the floor"

Shake it, break it, get off your feet
Come dance with me and don't you fake it
Shake it, break it get off your feet
Get close to me and don't you fake it

I'm reaching out here to show you what we've been through
I think there's something we can share, that's completely new
Or maybe I'm just insane
Shake it break it get off your feet

C.24 The Sleeping - "Don't Hold Back"

Open, now let me see the way you work it
Let me see you work it

Just lay down. You've got me right here where I need it
I'll hold out just as long as you. Don't worry, we are
Were weak in the knees and I can't take this
Heat stroke, our burning bodies melt away. Just work it, I've been
I've been waiting, I've been craving away. I need this
I will hold out just as long as you

Tonight is the night we sink wishes deep into our skin

Don't hold back
Hold nothing back tonight
Oh, well let it take control
Fusing you to me

Are you nervous? Spending your days away in space, thicker than air
We've been waiting, we've been craving away. We need this
I'll hold out just as long as you

Tonight is the night we examine ourselves tip to tip

Stop

Work. Just let this work
Just let it take control, fusing you to me

Open, now let me see the way you work it
Come on and take control right now

C.25 Trae - "Real Talk"

Yeah, real talk for my niggaz on the block
I been wrecking for a second, but I promised that I wouldn't stop
I been in it with my niggaz, for a long time
But they gotta give it to me, cause they know I wouldn't drop
Same nigga, with the flow
Same nigga that'll spin a nigga's ass up, throw his ass in the trunk
I'm a representative, for the Assholes
Try to run up on me, I'll teach a nigga how to stunt
Southwest, you better get your hands up
'Fore I send a wave of niggaz, that'll hit your man's up
While you wanna-be thugs, better pull your pants up
Then the shit, hit the fan
Then I fuck, your fans up
These niggaz, really got a nigga fucked up
Hating motherfuckers, I'll show you what the beef is
Show you niggaz how to lose teeth, keep running off at the mouth
And I can show you niggaz, what the sleep is
Better give it up, when you hear the name Trae
When I hit the block in black, your ass better pray
Tell the five in the hood, I don't play
And I got more niggaz, in the slugs
In the tip, of a K
And I run with the C's, and the B's on the block
And the G's, and few B.D.'s on the block
And I kept it real, so I got the keys to the block
I'm a gangsta, they don't make these on the block
I'll put it on the pack, and I'll ride for it first
Nigga jump, gonna be the first nigga that'll slide for it
They don't wanna see me in a zone, when I try for it
Any real nigga, stand up and get an eye for it
Cause I'm oh so real, though homie
And I'm next in the line, finna show the world what it was
H-Town, till the death
Intuition of a nigga named Pac, finna let it rain for the thugs

Somebody better give me the crown, these niggaz out of line
And I see, I gotta put 'em in they place
Everyday it be the same old shit, I gotta click on a bitch
I don't really, wanna pay another case
Whey they niggaz wanna try a nigga, like a nigga soft than a bitch
I'll lean on a nigga, like Boss on a switch
Better chill, 'fore I get to going off on a bitch
Lace the Nike's, and break a nigga jaw in this bitch
Everybody, wanna know about the South
But I promise, you niggaz'll wanna take another route
A.B.N., fin to hit a nigga's ass in the drought
In the town right now, (no doubt)
If you got a problem with Trae, let's get it on
Iggy on lock, so I'm back in a zone still packing the chrome
I was late for the hood, so I'm bad to the bone
Since I roll on the block, it's half of the bone
Shit just got wrong, you can hear it in my tone
(I'm pissed), but I'm still moving along

Yeah Jay'Ton, still grooving along
So the niggaz in the blue, got love for the Home
For the H, and the West state
I'll put it on a nigga, in the worst way
That'll be your worst day, and I put it on Trae
Motherfuckers better get in a line, or the dirt where you gon lay
This right here, for my nigga named Nick
In a hospital bed, half gone
I'll run up on a bitch nigga, who that out that shout out
Feel I gotta hit his ass, with the chrome
Nothing less, R-E-S-T-L-E double S
Stress, got a nigga on amp
So I gott mob for life, like 24/7
And I promise, I'm about to be the champ

C.26 Underoath - "You're Ever So Inviting"

The time has come for you
To sit this out
To fit inside your mold
Would be to sell myself short

This ground we tread upon
Is now filling up to our necks
We turn the pages left to right
We see everything

Oh, my story's growing, it is
On my last request
Don't make me feel so contradicting
There's no room for cheating and being yourself
Failure leaves such a bitter taste in their mouth

And on the last hour
We write so many new chapters again
And on the outside
Where there are no surprises

Oh, it's getting longer
To see it through their eyes
Would bring me so much closer
You can do this night after night
Failure leaves such a bitter taste in my mouth

Taste and see, I swear I know what's good
Be still and know that they won't lie to you
Every single time you're facing lies
I know why you never take your eyes off me
I've used my lungs for everything but breathing

I find myself dried up in this conversation
So pull me out, pull me aside

C.27 Wolfmother - "Woman"

Woman

You know you
Woman
You gotta be
Woman
I've got to feeling alone
When you're talking to me, see right through me
I've got to feeling alone

She's a woman, you know what I mean
You better listen, listen to me
She's gonna set you free oh oh yeah

You've come looking for me, like I've got to set you free
You know I can't free nobody
You've come looking for me, like I've got to set you free
I can't be nobody

She's a woman you know what I mean
You better listen, listen to me
She's gonna set you free oh oh yeah

Woman
You know you
Woman
You gotta be
Woman
I've got to feeling alone
When you're talking to me, you see right through me
I've got to feeling alone

She's a woman, you know what I mean
You better listen, listen to me
She's gonna set you free oh oh yeah
