| Race Types [A.03] |

****Circuit****

A traditional lap-style course. Finish first, and leave your competitors driving in circles.

****Drag****

A pedal-mashing, speed-shifting race to the finish line.

****Lap Knockout****

Race laps around a track. At the end of each lap the driver in last place is eliminated. The driver in first place at the end of the last lap wins.

****Speedtrap****

There are speed traps posted all over the city. Blow through each as fast as possible. Earn the highest cumulative score and you're the winner.

****Sprint****

Find out how fast you can get from point A to point B.

****Tollbooth****

Smack your way through as many tollbooth checkpoints as you can. As the race progresses, the allotted time you have to hit the next checkpoint decreases. If you hit a checkpoint with time to spare you get a bonus.

Heat Levels	[A.04]

****Heat Level 1****

The easiest of all heat levels. Police drive Crown Victorias and travel in groups of 5. They pretty much just chase you. You can easily out run these guys.

****Heat Level 2****

Driving Undercover Crown Victorias, these police officers throw normal and rolling road blocks at you.

****Heat Level 3****

Now it starts to get a little tougher. These guys drive Pontiac GTOs and send Rhinos to ram you head on.

****Heat Level 4****

It gets a lot tougher at this stage. Driving Undercover Pontiac GTOs, in packs of 20, these guys start to send out helicopters to chase you. As long as you're in its line of sight you can't escape. The roadblocks are also upgraded with spike strips.

****Heat Level 5****

This is where it gets fun. All the cops are driving Chevrolet Corvettes and throw everything at you. Bigger roadblocks, more spikestrips, more Rhinos, and the helicopters even try to hit your car now.

Infractions	[A.05]

****Speeding****

LQ Rival Movie: <http://mw.nfsvideos.com/video.php?id=45> Size: 1.83MB

Requirements:

Race Wins: 3 (Available: 3)

Milestones Completed: 3 (Available: 4)

Total Bounty: \$20,000

Rival Page: <http://mw.nfsvideos.com/rival.php?id=15>

****Races**** [B.01.02]

1. Type: Circuit
Track: Ironwood Estates
Reward: \$1,500
Cop Probability: Minimum
Distance: 4.2 Miles (2 Laps)

HQ Video: <http://mw.nfsvideos.com/video.php?id=40> Size: 54.7MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=48> Size: 9.46MB

This is a pretty easy race, my only tip(not that you need it) is do not take the shortcuts. The first two are off-road and slow you down more than anything. The second is right after you exit the highway. It takes you down an alley that cuts through a large corner. Take this shortcut if you want, I just choose not to since it really doesn't help very much.

2. Type: Sprint
Track: Diamond & Union
Reward: \$1,500
Cop Probability: Maximum
Distance: 3.5 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=41> Size: 61.9MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=49> Size: 9.42MB

At around 15% there is a shortcut and the left, though it is such a tight squeeze, I wouldn't recommend taking it.(Even though I did. :P) I didn't see any cops until about 58%.

Note: I did all the Milestones in the pursuit after this race, so you might want to jump down to the "Milestones" section if you want to do the same.

3. Type: Lap Knockout
Track: Hickley Field
Reward: \$1,500
Cop Probability: Minimum
Distance: 5.1 Miles (3 Laps)

HQ Video: <http://mw.nfsvideos.com/video.php?id=42> Size: 87.3MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=50> Size: 11.2MB

A very easy race, the only tip I have is watch out for traffic around the corners and you should win this one with ease.

****Milestones**** [B.01.03]

You can do the first three Milestones in the same pursuit. Just tap two police vehicles and wait until the two minutes are up, then evade before four minutes passes.

1. Type: Trade Paint
Bounty: \$5,000
Objective: Evade the police pursuit and tag a minimum of 2 police vehicles to successfully complete this challenge.

HQ Video: <http://mw.nfsvideos.com/video.php?id=38> Size: 58.5MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=46> Size: 10.9MB

2. Type: Pursuit Evasion
Bounty: \$5,000
Objective: Evade a police pursuit in less than 4 minutes to successfully complete this challenge.

HQ Video: <http://mw.nfsvideos.com/video.php?id=38> Size: 58.5MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=46> Size: 10.9MB

3. Type: Pursuit Time Challenge
Bounty: \$5,000
Objective: Get into a police pursuit lasting at least 2 minutes. You will need to evade the pursuit to successfully complete this challenge.

HQ Video: <http://mw.nfsvideos.com/video.php?id=38> Size: 58.5MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=46> Size: 10.9MB

4. Type: Photo Ticket
Bounty: \$4,000
Objective: Get clocked at over 80 MPH to successfully complete this challenge.

HQ Video: <http://mw.nfsvideos.com/video.php?id=39> Size: 11.3MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=47> Size: 1.86MB

****Blacklist Challenge**** [B.01.04]

1. Type: Circuit
Track: Campus Way
Distance: 5.6 Miles (2 Laps)

HQ Video: <http://mw.nfsvideos.com/video.php?id=43> Size: 128MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=51> Size: 15.9MB

This race is pretty straight forward, no shortcuts or anything like that. One thing you do need to know about is when on the switchback around the Rosewood College Hospital, DO NOT go up onto the high sidewalk. It will make you lose control and you may even flip up on your side if you're going to fast. -- I almost lost the race due to this. The sad part is I knew about this.

2. Type: Circuit
Track: Highlands
Reward: \$5,000
Distance: 4.3 Miles (2 Laps)

HQ Video: <http://mw.nfsvideos.com/video.php?id=44> Size: 66.8MB
LQ Video: <http://mw.nfsvideos.com/video.php?id=52> Size: 9.89MB

This is the same track as Ironwood Estates, only backwards. Again just ignore the shortcuts and stick to the main route.

| Blacklist #14: Vince Kilic "Taz" [B.02] |  
|  
-----
```

****Rival Information**** [B.02.01]

Ride: Lexus IS300
Strength: Sprint Races

Bio: This crazy fool is a major heat score. Blacklist gave him the name 'Taz'. He hates cops and they hate him. Watch yourself around this guy. He prowls the streets of Rosewood looking for newbies.

HQ Rival Movie: <http://mw.nfsvideos.com/video.php?id=53> Size: 4.57MB
LQ Rival Movie: <http://mw.nfsvideos.com/video.php?id=65> Size: 1.86MB

Requirements:
Race Wins: 4 (Available: 6)
Milestones Completed: 3 (Available: 5)
Total Bounty: \$50,000

Rival Page: <http://mw.nfsvideos.com/rival.php?id=14>

****Races**** [B.02.02]

1. Type: Circuit
Track: Petersburg
Reward: \$2,000
Cop Probability: Minimum
Distance: 8.6 Miles (3 Laps)

HQ Video: <http://mw.nfsvideos.com/video.php?id=57> Size: 104MB
LQ Video: <http://mw.nfsvideos.com/video.php?id=69> Size: 15.6MB

The only good shortcut in this race is on the left right before the first turn. Enter the alley to shave a second or 2 off your time.

2. Type: Sprint
Track: Hwy 99 & State
Reward: \$2,000
Cop Probability: Minimum
Distance: 5.0 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=58> Size: 87.5MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=70> Size: 11.4MB

Try to break away from your rivals, they gave me some problems throughout the race (mostly due to the fact the only upgrade I had was my engine). Just stick to the main route and you should win the race.

3. Type: Sprint
Track: Clubhouse & Hollis
Reward: \$2,000
Cop Probability: Maximum
Distance: 3.7 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=59> Size: 73.3MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=71> Size: 10.5MB

There are a lot of sharp turns in this race, so be prepared to use speedbreaker, having some upgrades wouldn't hurt either. Again when going the switchback around the Rosewood College Hospital, DO NOT go up onto the high sidewalk. It will make you lose control and you may even flip up on your side if you're going too fast. I didn't see any cops until about 80%. If you engage in pursuit you can jump down to the Milestones section and get a few of them done after the race.

4. Type: Lap Knockout
Track: Rosewood College
Reward: \$2,000
Cop Probability: Minimum
Distance: 7.4 Miles (3 Laps)

HQ Video: <http://mw.nfsvideos.com/video.php?id=60> Size: 131MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=72> Size: 16.3MB

Another easy race, stick to the main route and you should win.

5. Type: Tollbooth
Track: Skyview & Campus
Reward: \$2,000
Cop Probability: Minimum
Distance: 5.1 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=61> Size: 61.4MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=73> Size: 8.20MB

First: 1.6 Miles (32%) in 1:10
Second: 1.5 Miles (63%) in 0:45
Third: 2 Miles (100%) in 0.45

They give you plenty of time to make mistakes in this race. As long as you don't screw around too much you should win.

6. Type: Circuit
Track: Heritage Heights
Reward: \$2,000
Cop Probability: Minimum
Distance: 7.5 Miles (2 Laps)

HQ Video: <http://mw.nfsvideos.com/video.php?id=62> Size: 100MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=74> Size: 15.1MB

Another straight forward race. It really doesn't matter which side of the road you take when the lanes split. I usually take the left then switch over to the right in the tunnel for some reason. Take whichever one you want. Use speedbreaker around the sharp turn to avoid hitting a lot of stuff.

****Milestones**** [B.02.03]

Again you can do the first three Milestones in one pursuit. Just drive like a mad man and hit everything you see and you should complete them all very quickly.

1. Type: Bounty
Bounty: \$6,000
Objective: Get 1,000 bounty in a single pursuit. Once done, evade the pursuit.

HQ Video: <http://mw.nfsvideos.com/video.php?id=54> Size: 40.8MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=66> Size: 7.72MB

2. Type: Cost to State Challenge
Bounty: \$6,000
Objective: Evade the police pursuit with a cost to state of \$15,000 to successfully complete this challenge.

HQ Video: <http://mw.nfsvideos.com/video.php?id=54> Size: 40.8MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=66> Size: 7.72MB

3. Type: Infractions Challenge
Bounty: \$6,000
Objective: Evade the pursuit with a minimum of 3 infractions to successfully complete this challenge.

HQ Video: <http://mw.nfsvideos.com/video.php?id=54> Size: 40.8MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=66> Size: 7.72MB

4. Type: Photo Ticket
Bounty: \$4,500
Objective: Get clocked at over 93 MPH to successfully complete this challenge.

HQ Video: <http://mw.nfsvideos.com/video.php?id=55> Size: 4.23MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=67> Size: 1.05MB

5. Type: Photo Ticket
Bounty: \$4,500
Objective: Get clocked at over 90 MPH to successfully complete this challenge.

HQ Video: <http://mw.nfsvideos.com/video.php?id=56> Size: 8.41MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=68> Size: 1.67MB

****Blacklist Challenge**** [B.02.04]

Buy all the upgrades you can before you race (You should be able to buy them all)

1. Type: Sprint
Track: Stadium & Highway 99
Distance: 4.9 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=63> Size: 74.1MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=75> Size: 10.4MB

Not a whole lot of turning involved in this race. Just dodge traffic and you should win.

2. Type: Sprint
Track: Rosewood & State
Reward: \$6,000
Distance: 4.1 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=64> Size: 71.4MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=76> Size: 8.87MB

The only short cuts you might want to take is the one right behind the water park. Though it's kind of tight and may cause you to lose speed if you lose control. Right after the water park you'll see a parking lot you can cut through. Do not go through it, it'll make the upcoming turn very hard to make without losing speed.

Rival Information [B.03.01]

Ride: Toyota Supra
Strength: Pursuit Length

Bio: This dude's been holding it down in the #13 slot for a while now. He can't break out of his rut and no one can run him out. He's slack and dangerous but knows how to handle his ride. He'll smoke you if he gets the chance.

No shortcuts that you want to take in this race. At about 70% the road will split and you will want to take the right road since it's slightly faster. I didn't even know cops were in this race until about 97%. If you engage in a pursuit jump down to the Milestones section to get a few of them done.

This is a small track that has a few corner cutting shortcuts that you should take. The only one you want to avoid is the one right before the last turn. It makes it harder to make the turn. On the last turn watch out for the trees. :P

LQ Video: <http://mw.nfsvideos.com/video.php?id=103> Size: 12.9MB

The first 1/3 of the race has quite a few turns. After that it's pretty straight and gives you a chance to really pull away from Vic. Use the off road shortcut near 50%.

2. Type: Sprint

Distance: 3.6 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=90> Size: 62.3MB
LQ Video: <http://mw.nfsvideos.com/video.php?id=104> Size: 9.12MB

There is a hairpin turn right at the beginning of the race. Try to get ahead of Vic before the turn so he doesn't cause you problems. At 40% there will be a 90° turn. Use speedbreaker and hit the turn hard (there is no other way to do it) Don't cut through the parking lot following the 90° turn since it'll just make the upcoming turn harder. Slow down and avoid the high sidewalk around the hospital. Take the parking lot shortcut on your right before the college circle.

Your first drag race! :D Most people hate the drags in this game, but I love them most will take a few times to learn where the traffic is, but hopefully this faq will help you. Once you get into 2nd gear tap the nitrous button until you run out. If done correctly you should be in the lead. Move all the way over to the right once you pass the first car. When you pass the second car move over a lane to the left and pass the third car. Get in the far right lane again until you pass another car then move over one lane to the left again. Make sure you stay in your lane throughout all the curves and switch lanes right before the end to avoid the last car. To make things easier just watch the video. :P

You start out right before the switchback around the hospital. I didn't notice this until I watched the video(I checked with another faq to make sure) that the second half of the hospital is open so once you go around the first turn watch your right and just bypass the second turn, this should give you the lead. After you get through the hospital there will be a left turn. Use speedbreaker and make your way around the corner then power slide to your right and cut through the parking lot and make your way around the next corner. Coming up will be the water park shortcut on the left, take it if you want. Right after the big donut is a sharp 45° turn. Don't take it like I did in the video -- Try to go at it wide, using speedbreaker + nitrous to slow your skid. Make your way to the end of the track.

At the beginning of the race you'll see the shortcut under the tree. Skip it this lap and stick to the road and you should gain a nice speed advantage. Next there is the alley way behind the mall. NEVER enter a shortcut like I did the first lap. It just defeats the whole purpose of one When you come to the fork in the road, take the right side. Again when going around the the switchback around the hospital, avoid the high sidewalk. The last shortcut is the parking lot on the right just before the college circle.

If you want any kind of time bonus on the first tollbooth you'll need to get up to speed quickly. Try to get a perfect launch then use your nitrous to get up to speed. Right before the second tollbooth is the drive-in jump. It's not a good idea to take it if you didn't get much of a time bonus on the first tollbooth, but it's fun to take it so if you feel like you can still make the second booth in time you can go ahead and take it. :P After booth 2 you're on the highway until a little after booth 4. After 4 you'll see a place where the road splits. Take the right road and right before the road curves you'll see a opening behind the water park. Take it to save a little time. ****Races**** [B.06.02]

1. Type: Lap Knockout
Track: Ocean Hill
Reward: \$5,000
Cop Probability: Minimum
Distance: 12.9 Miles (3 Laps)

HQ Video: <http://mw.nfsvideos.com/video.php?id=166> Size: 181MB
LQ Video: <http://mw.nfsvideos.com/video.php?id=181> Size: 27MB

Try to get a lead before the sharp left at the beginning or you'll have to deal with idiot opponents (like I did --). Right before you get to the oil refinery there will be a very sharp (almost 180) turn. I've tried many different ways to go through this, and the best way by far is to hit speedbreaker, start turning before you hit the hill, and just kind of try to fly through the little shortcut. If done right you can make it around that corner and gain a big lead on your rivals.

2. Type: Lap Knockout
Track: Bayshore
Reward: \$5,000

Cop Probability: Minimum
Distance: 9.6 Miles (3 Laps)

HQ Video: <http://mw.nfsvideos.com/video.php?id=167> Size: 133MB
LQ Video: <http://mw.nfsvideos.com/video.php?id=182> Size: 21MB

Cut through the prison instead of going around it. Even if you flip you still don't lose time. You do still want to try avoiding flipping though, and the best thing to do is let go of the accelerator and don't turn or anything in mid-air. You really want to avoid the beach shortcut right after the prison. The rest of the race is shortcut free.

3. Type: Tollbooth
Track: Hwy 99 & Union
Reward: \$5,000
Cop Probability: Minimum
Distance: 5.8 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=168> Size: 61.3MB

Second: 0.4 Miles (28%) in 0:15
Third: 0.6 Miles (38%) in 0:20
Fourth: 3.6 Miles (100%) in 1:55

Not much to say about this race, just (again) avoid the high sidewalk on the switchback around the hospital and take the parking lot shortcut right past the hospital.

4. Type: Tollbooth
Track: Waterfront & Bristol
Reward: \$5,000
Cop Probability: Maximum
Distance: 6.1 Miles

Third: 2.1 Miles (88%) in 1:15
Fourth: 0.8 Miles (100%) in 0:30

Not much to say about this race either. They give you plenty of time to make each booth.

5. Type: Sprint
Track: Boundary & Marina
Reward: \$5,000

LQ Video: <http://mw.nfsvideos.com/video.php?id=185> Size: 7.89MB

This race would be a lot easier if you had good handling, but if your car doesn't (like mine) you can still win by boosting with nitrous every little bit and try your best to stay on the road.

6. Type: Sprint
Track: Stadium & Hwy 1
Reward: \$5,000
Cop Probability: Maximum
Distance: 6.4 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=171> Size: 94.8MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=186> Size: 14.1MB

Once you go through the oil refinery you'll meet that nice sharp turn again, only this time you're coming from the other side. Coming this way it's a lot easier to make, just cut through the little shortcut and make your way around it.

7. Type: Circuit
Track: Hospital Switchback
Reward: \$5,000

LQ Video: <http://mw.nfsvideos.com/video.php?id=187> Size: 20.4MB

The only shortcuts available are the corner cutter by the golf course and the parking lot by the college (It'll be on your left).

8. Type: Speedtrap

Stay in your lane until it auto steers you into the left lane. (Don't worry about the semi. If you drive fast enough you'll pass by him without any problems). Once it auto steers you into the far left lane switch over one lane to the right (the middle left lane) and pass in between the two cars before the tollbooth. Once you pass the bridge get into the far right lane and stay there until you pass two cars (you'll have to fight the auto steer) then switch over one lane to the left to avoid hitting the next car. From there one just use all of your nitrous until you reach the finish line.

Two nice little corner cutters in this races. First there's the shortcut through some construction (It'll be on your right) Then right after that there's a shortcut through the first switchback. Just ignore all the other little shortcuts throughout that race, most of them are off road and hurt you more than they help you.

2. Type: Drag

The first thing you need to do is speed up real quick and switch one lane to the left. You'll pass one car then you'll see a car in front of you and a semi turning onto the road. You need to switch one lane to the left in between the car and the semi. Get into the far left lane until you pass one car then move one lane to the right. You'll pass 3 cars then you need to switch back over to the far left lane. Pass one car then you'll go through a intersection with a car coming from each side. If you're timing is right you should be able to fly through the intersection without slowing down and be fine. Immediately after the intersection move one lane to the right, to avoid hitting the last car, and cross the finish line.

You have one big disadvantage in this races, and that's speed. I don't care what you drive or how fast it goes, you get on a straightaway, Earl is going to pass you. One good thing though is you can get a early lead on him once he takes the shortcuts after the trailer park. The shortcuts slow him down a bunch and once you reach a hard right turn use speedbreaker + nitrous to fly though it and gain a very big lead on him. Not too far after that turn you'll meet the nasty oil refinery again. Remember that speedbreaker + nitrous = great turning ability. From there on you just need to use your nitrous wisely and try your best to not let him pass you.

Another easy race, if you have a fast car or the proper upgrades. Most of it is straight, so you can really test out your cars top speed. About 1/3 through the lap you'll reach the water park. The alleyway behind it is open, so you can fly right through it. Right after you pass the water park you'll reach a left turn. You can cut the corner by going through the gas station. The best way to it is to hit the pumps(use speedbreaker so you don't hit one of the supports and come to a dead stop) so they won't be there for the next 2 laps.

Right at the beginning you want to get over to the far right until you pass the first car. The move over the left, pass one car, right, pass one car. Then your cars going to fly all over the road once you get to the lighthouse. About 1/2 way through the lighthouse part a car will be turning onto the road so you'll need to get into the left lane to avoid hitting them. Once you pass the lighthouse stay in the left lane (It will auto steer you a little bit, but that's okay) until you pass the first car. Then move over to the far right lane and stay there until you pass the tollbooth and the next car. Then switch one lane to the left and pass one more car. Then it should auto steer you one more lane to the left. Stay there until you pass the car over the hill then quickly switch over into the far left lane to avoid the big truck turning onto the road. Stay in this lane all the way to the finish line.

Note: In the video I did the last part a little different, but I almost lost the race due to this. So do what I typed above instead.

Before you get to the college there will be lots of sharp turns so using speedbreaker then small bursts of nitrous to get back up to speed helps a lot. Once you reach the golf course you can take the little shortcut there. Then you'll be entering the park again so just make sure not to hit any trees while maintaining control. A little bit after that you'll open it up on the highway so if you have a car with a halfway decent top speed you should be able to out run him.

Seventh: 93%

Again most of the traps are around corners or curves so lay down on the nitrous and get another easy win.

10. Type: Tollbooth

Right after the first booth you can jump through the prison and gain a bunch of time. (as long as you don't flip) After the second booth take the right road to avoid a hard left turn. Before the third booth you have a shortcut on the right in the construction and another shortcut just after the booth.

11. Type: Sprint
Track: Hwy 99 & Projects
Reward: \$18,000
Cop Probability: Minimum
Distance: 7.5 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=415> Size: 80.4MB
LQ Video: <http://mw.nfsvideos.com/video.php?id=436> Size: 14.6MB

At about 25% you get a chance to jump through the prison (I did a perfect barrel roll in going through it! :D) a little bit after that you have a pretty sharp corner. It's almost a 180° turn so use speedbreaker.

12. Type: Drag
Track: Boardwalk & Bayshore
Reward: \$4,500
Cop Probability: Minimum
Distance: 1.3 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=416> Size: 16.2MB
LQ Video: <http://mw.nfsvideos.com/video.php?id=437> Size: 3.13MB

Once you get out of the boardwalk you want to get into the left lane (not far left) and try, the keyword here is try, to stay there until you approach the semi crossing the street. You should be able to switch over one lane to the right and go right under it. Once you pass the semi you should be in the middle right lane. If you're not get there. Pass three cars (all will be to the right of you) and switch over to the far right lane. Pass one car and you should be able to get through the intersection without hitting anything as long as you stay in the far right lane. Now you can stay here until you see a car that's in the same lane (its right before the finish line) then just move over to the left and pass the finish line.

LQ Video: <http://mw.nfsvideos.com/video.php?id=438> Size: 21.6MB

The only tip I have for this race is once you get pass the 145°~ turn instead of taking the little s bend, just go straight, then cut over to the left to cross the finish line.

2. Type: Sprint
Track: Seaside & Lennox
Distance: 5.4 Miles

LQ Video: <http://mw.nfsvideos.com/video.php?id=439> Size: 12MB

There are a lot of twists and turns in this races, so if you're having trouble keeping up, small bursts of nitrous may help. No shortcuts.

3. Type: Circuit
Track: Camden Tunnel
Reward: \$60,000
Distance: 7.9 Miles (2 Laps)

LQ Video: <http://mw.nfsvideos.com/video.php?id=440> Size: 13.7MB

This is the same course as the first race, only backwards. So right at the beginning go to the left, skipping the little s bend thing, and either take the ramp or go around it. Right after that you'll have the 145°~ turn again so be careful on it and don't let Ronnie slam you into the wall. The rest of the lap is fairly easy.

****Blacklist Challenge**** [B.15.04]

1. Type: Speedtrap

Track: Warrent

Distance: 6 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=498> Size: 54.5MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=521> Size: 10.8MB

First: 11%

Second: 26%

Third: 39%

Fourth: 48%
Fifth: 57%
Sixth: 66%
Seventh: 75%
Eighth: 85%
Ninth: 91%
Tenth: 97%

This is a very easy race considering it's against Razor. Almost all the traps are on straight roads. Make sure to avoid the alley behind the water park and the one behind the mall. They both have traps just after them.

2. Type: Drag
Track: Terrace & Riverside
Distance: 0.9 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=499> Size: 10.9MB
LQ Video: <http://mw.nfsvideos.com/video.php?id=522> Size: 2.61MB

Stay in your lane until you pass one car, then switch over one lane to the left. Pass another car and move back to the right. Pass another car and move back over to the left. Then, once again, back to the right. Now at this intersection you may have to use speedbreaker to avoid hitting both of the cars crossing. You want to time it just right so you move right in between them and get into the far left lane. Pass a car then move over to the right. Once you pass another car the road is going to spread out into 3 lanes just before merging with the other side. You want to get into this lane (one more lane to the right) Pass one car and immediately switch one lane to the left, then once again switch one lane to the right. Now hold your breath and hit the nitrous.

3. Type: Sprint
Track: Forest Green
Distance: 7.5 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=500> Size: 98.1MB
LQ Video: <http://mw.nfsvideos.com/video.php?id=523> Size: 15.8MB

I'm very disappointed in Razors performance in this race. I hit a crapload of cars and still easily out ran him. No shortcuts.

4. Type: Circuit
Track: Clubhouse
Distance: 10.4 Miles (3 Laps)

HQ Video: <http://mw.nfsvideos.com/video.php?id=501> Size: 162MB
LQ Video: <http://mw.nfsvideos.com/video.php?id=524> Size: 27.5MB

Right at the beginning you have the shortcut near the golf course. then not far ahead you have the alley behind the mall. The last shortcut is at the hospital. It's the ramp that goes up the lower level. It's a hard left to get in there so speedbreaker is a must.

5. Type: Sprint
Track: Clubhouse & Lennox
Distance: 10 Miles

HQ Video: <http://mw.nfsvideos.com/video.php?id=502> Size: 100MB
LQ Video: <http://mw.nfsvideos.com/video.php?id=525> Size: 16.6MB

The only shortcut in this race is by jumping through the hospital. This race is actually very easy considering it's your last race. :/

Right after you beat Razor you are thrown into a cutsence, find out stuff (I don't want to spoil it for you >.>) then you end up in a level 6 pursuit. You HAVE to stay in the pursuit (you can't lose them anyways) For 5 minutes. Then you will get a call from Mia. Once you do the old bridge will now be open and you have to head for it. There are two ways you can do this pursuit. You can do what I did, which is what I recommend, and make your way to the highway and drive around until the 5 minutes is up then make your way to the old bridge. Or you can do the bus station glitch and wait the 5 minutes there, but that takes all the fun out of it.

I made this map to help you make your way over to the highway near the old bridge.

<http://nfsvideos.com/pictures/mostwanted.jpg>

Now just make your way over there (you can't look at your map so just do your best)

Now if you use the bus station glitch you can use this map. (credit goes to papagamer, I saw this on the boards one day so I thought I would use it here instead of making my own. I will make my own if papagamer doesn't like me hot linking to his pic.)

http://www.papagamer.com/images/stories/nfsmw/final_pursuit_route.jpg

Now once you get to the old bridge just drive down the road and make the jump. A cutsence will start. And guess what. YOU BEAT THE GAME!!!!!!!

Most of the challenges are easy and very straight forward, so I'm only going to give some general tips for pursuits and I'll give tips on the tollbooth races that I think need them.

Pursuit Evasion: Hit pursuit breakers and make a lot of tight turns to lose the cops.

Pursuit Length: Head out to the nearest highway and drive around until the time is up.

Bounty: The easiest thing to do is immobilize police vehicles. Head out to the nearest highway and hit some roadblocks.

Cost to State: See bounty.

Trade Paint: I like to just turn around and slam into as many cop cars as I can. It's a little risky in the higher heat levels, but its the fastest way to complete these challenges I've found.

Roadblock: Make your way out to a highway and just keep going around until you dodge enough to complete the challenge.

Spike Strip: See roadblock.

Infractions: See Section [A.05]

This one is a good mixture of challenge and fun. It's fun because you can plow through roadblocks and police cruisers a lot better in the truck, yet its a challenge to keep from getting busted due to bad turning and slow acceleration.

43. Type: Tollbooth Time Trial

Objective: One of the lower end non ranked Blacklist racers posted a time of 4:30, and now they're bragging about the run. Show them up by beating their time with just a minivan and a bottle of nitrous.

Fifth Booth: 0:20 (64%)
Sixth Booth: 1:25 (100%)

This time you're driving a civilian minivan, which like the pizza van, is slow and has horrible handling. You think that would make this race hard, but once the van gets up to speed its not hard to hit 100-130mph average.

44. Type: Spike Strip

Unlock: Unlock this challenge by beating challenge 43 or 44.

Second Booth: 1:15 (52%)
Third Booth: 1:00 (83%)
Fourth Booth: 0:30 (100%)

Now you get to drive a super charged police gto, with (this is the best part) NO TRAFFIC!

Now after around 10% you'll start going up a hill with a turn at the top, so you'll have to slow down to avoid flying into a wall. You also need to stay right between the 3rd and 4th booth for the short route around the stadium.

46. Type: Cost to State

Objective: Driving a garbage truck, evade the police pursuit with a cost to state of 100,000 to successfully complete this challenge.

LQ Video: <http://mw.nfsvideos.com/video.php?id=642> Size: 13.8MB

This time you get to drive a garbage truck. What you want to do is slam into as many police cruisers and pursuit breakers as possible. It'll rack up the CTS pretty quickly.

47. Type: Tollbooth Time Trial

Objective: Someone's car broke down near a tollbooth, and they need a cab urgently. A rival cab driver is also on their way to pick them up. If you don't reach the passenger in less than 4:30 the other cab will get there first.

Unlock: Unlock this challenge by beating challenge 45.

First Booth: 2:05 (43%)

Second Booth: 0:50 (63%)

Third Booth: 0:50 (82%)

Fourth Booth: 0:45 (100%)

This time you're driving a cab, and like the pizza delivery race, the car is slow and can't turn worth crap. As long as you don't hit too many things you'll do fine.

48. Type: Pursuit Evasion

Objective: Using a police SUV you will need to evade the pursuit in less than 4 minutes.

Unlock: Unlock this challenge by beating challenge 46 or 47.

Vehicle: Police SUV

Starting Heat Level: 3

HQ Video: <http://mw.nfsvideos.com/video.php?id=574> Size: 38.2MB

LQ Video: <http://mw.nfsvideos.com/video.php?id=644> Size: 5.3MB

You can make this one extremely easy by fooling the police. You start out near the famous shortcut by the golf course. What you want to do take the road around the corner, all the police cruiser will take the shortcut, Once you get to the point where the shortcut comes out, hit your brakes and go through the shortcut. If done correctly, you will lose most of the police cruisers chasing you and make things a whole lot easier. Once you get through the shortcut, just head straight into the forest park, hit the pursuit breaker to get rid of any police cruisers still chasing you, then make your way to the hiding spot on the other side of the park.

49. Type: Tollbooth Time Trial

Objective: The Bayview police department struck again, this time posting an incredible time of 3:45 in the annual police pursuit skills competition. You have been selected once again to participate in this closed course time trial.

Unlock: Unlock this challenge by beating challenge 46 or 47.

Fourth Booth: 0:45 (100%)

This time you get to drive a police corvette, and just like the last police race, NO TRAFFIC! You'll have to use a lot of nitrous around the bends to even be able to pass the first booth. After that its pretty easy.

Right after the 3rd booth you end up going through the stadium's football

field. Don't use any nitrous on the field, you get no traction so it would be a waste. The best thing to do is use as much nitrous as you can before you leave the pavement and try avoid turning on the field. After the stadium there are a bunch of twists and turns so speedbreaker and nitrous helps.

Eighth Booth: 1:10 (92%)
Ninth Booth: 0:30 (100%)

Races like these make you want to kill the creators of the game. It's long, boring, times are tight, and traffic is heavy in areas. The only tip I can really give is use lots of nitrous, and use speedbreaker.

64. Type: Trade Paint

Objective: To complete this challenge you will need to trade paint with 20 different police vehicles. As always, you will need to evade the pursuit to win.

Right at the beginning you want to zig-zag your way through the docks instead of taking the main route. Near 50% you'll have to go through the stadium again, but this time you're going the other direction. Again you want to accelerate as much as you can before hitting the field. Something happened on my game, because my frame rate drop to hell and made it very hard to steer into the stadium. Hopefully that won't happen to you.

Ninth Booth: 0:40 (78%)
Tenth Booth: 0:30 (85%)
Eleventh Booth: 0:40 (90%)
Twelfth Booth: 0:55 (100%)

Times are tight through the first few booths, so you have to drive as fast as you can. Your nitrous bottle should be almost empty before you even reach 1%. After that it's pretty easy. The only thing I have to say is, between booth 4 and 5 you want to stay right for the shorter route around the stadium.

68. Type: Pursuit Length

Objective: You will need to last in a pursuit for 30 minutes without getting busted. Once accomplished, you still need to evade the pursuit to be successful.

This is nowhere near the toughest challenge. In fact, it's one of the easier ones. Right at the beginning you want to do a 180 and head for the stadium. Hit the 2 pursuit breakers and make your way to the hiding spot in the parking lot. That wasn't hard now was it?

70. Type: Burger King Challenge
