III. SONG LYRICS

Words with < >'s around them denote censored words.

American Head Charge - Loyalty

It's just a reason to deny
All the limits that border
On the thinnest frailties
That makes a sudden change

I'll pay my soul into sleep
I'll make up words that I keep
Letting nothing go to anyone at all

Where is your loyalty now
When all the cards have been left on the table?
Where is your loyalty now
When all the cards have been left on the table?

All of them
Bleed at the nerves
That take so long
To wear down

I'll pay my soul into sleep
I'll make up words that I keep
Letting nothing go to anyone at all

Where is your loyalty now
When all the cards have been left on the table?
Where is your loyalty now
When all the cards have been left on the table?

(This time I let go)
This time I have made enough mistakes
For you to bear against me in direct break
Our original ideals, you let us down
And betrayed our trust with all your promises

I see a piece of <sh*t> alive in you
Cast them near enough to be a truth

This time I have made enough mistakes
For you to bear against me in direct break
Our original ideals, you let us down
And betrayed our trust with all your promises

Where is your loyalty now
When all the cards have been left on the table?
Where is your loyalty now
When all the cards have been left on the table?

Rock n Roll Soldiers - Flag Song

Now when you get stuck with your head turned backwards
You're knifing for a ridicule and they're all laughing at ya
Find a way, claim your fame, siamese twins will <break> your legs
Pedestrians are danger, walking on my patience.

Oh, let the new flag fly
Yeah, Yeah, Yeah
Trash can, blasts of fire
Yeah
Yeah
Yeah
Yeah
Yeah
Yeah
Yeah
Yeah
Yeah

Now that the damage is done
Let me say good-bye
Now throw out the old and let the new flag fly

Now don't straddle, like cattle
Not with out your spurs and saddle
It won't work, It can't hurt
When your stuck with your head turned backwards
Call the doctor, that can serve your knees
I serve burning acid, right down straight to your spleen

Oh, let the new flag fly
Yeah, Yeah, Yeah
Trash can, blasts of fire
Yeah
Yeah
Yeah
Yeah
Yeah
Yeah
Yeah
Yeah
Yeah

Now that the damage is done
Let me say good-bye
Now throw out the old and let the new flag fly

Na, na, na, na, na, na, na, na, na
Na, na, na, na, na, na, na, na, na
Na, na, na, na, na, na, na, na, na
Naaaaaaaa

Oh, let the new flag fly (Let the new flag fly)
Yeah, Yeah, Yeah
Trash can, blasts of fire (Trash can, blasts of fire)
Yeah
Yeah

Yeah
Yeah
Yeah
Yeah
Yeah

Now that the damage is done
Let me say good-bye
Now throw out the old and let the new flag fly

Oh, let the new flag fly (Let the new flag fly)
Yeah, Yeah, Yeah
Trash can, blasts of fire (Trash can, blasts of fire)
Yeah
Yeah
Yeah
Yeah
Yeah
Yeah
Yeah
Yeah
Now that the damage is done
Let me say good-bye
Now throw out the old and let the new flag fly

Avenged Sevenfold - Bat Country

[Note that the word "doses" is replaced with "safeties" and the opening lyrics were excluded from the game].

(He who makes a beast out of himself
Gets rid of the pain of being a man) [LYRICS EXCLUDED FROM GAME]

Caught here in a fiery blaze, won't lose my will to stay.

I tri-ie-ied to drive all through the night,
The heat stroke ridden weather, the barren empty sights.
No oasis here to see, the sand is singing deathless words to me.

Can't you help me as I'm startin' to burn (all alone).
Too many <doses> and I'm starting to get an attraction.
My confidence is leaving me on my own (all alone).
No one can save me and you know I don't want the attention.

As I-I-I adjust to my new sights the rarely tired lights will take me to new heights.
My hand is on the trigger I'm ready to ignite.
Tomorrow might not make it but everything's all right.
Mental fiction follows me; show me what it's like to be set free.

Can't you help me as I'm startin' to burn (all alone).
Too many <doses> and I'm starting to get an attraction.
My confidence is leaving me on my own (all alone).
No one can save me and you know I don't want the attention.

I'm sorry you're not here I've been sane too long my vision's so unclear.
Now take a trip with me but don't be surprised when things aren't what they seem.

Caught here in a fiery blaze, won't lose my will to stay.
These eyes won't see the same, after I flip today.

Sometimes I don't know why we'd rather live than die,
We look up towards the sky for answers to our lives.
We may get some solutions but most just pass us by,
Don't want your absolution cause I can't make it right.
I'll make a beast out of myself, gets rid of all the pain of being a man.

Can't you help me as I'm startin' to burn (all alone).
Too many <doses> and I'm starting to get an attraction.
My confidence is leaving me on my own (all alone).
No one can save me and you know I don't want the attention.

Bullet for my Valentine - 4 Words

Betrayed one more time,
But somewhere down that line
You're gonna get what's coming to you

Look at me now,
Look at me now,
Look at me now!

Pull the knife from my back,
Soon I'm the one that's on attack,
Can't wait to return the favour

Look at me now,
Look at me now,
Look at me now!

Too many times I've seen it,
Rip a hole into our friendship
This is how it's been, how it always will be

You think you're above me (You think you're above me!)
But now I'm here to end this
Four words to choke upon!

Look at me now!

Betrayed one more time,
But somewhere down that line
You're gonna get what's coming to you

Look at me now,
Look at me now,
Look at me now!

Pull the knife from my back,
To leave the one inside intact
Can't wait to return the favour

Look at me now,
Look at me now,
Look at me now!

Too many times I've seen it,
Rip a hole into our friendship
This is how it's been, how it always will be

You think you're above me (You think you're above me!)
But now I'm here to end this
Four words to choke upon!

Look! (Look!)
At, me... now!

Too many times I've seen it,
Rip a hole into our friendship
Four words to choke upon!

Too many times I've seen it,
Rip a hole into our friendship
This is how it's been, how it always will be

You think you're above me (You think you're above me!)
But now I'm here to end this

Four words to choke upon!
Look! (Look!)
At, me... NOW!

Fall Out Boy - Our Lawyer Told Us..

Brothers and sisters put this record down
Take my advice ('cause we are bad news)
We will leave you high and dry
It's not worth the hearing you'll lose

It's just past 8 and I'm feeling young and reckless
The ribbon on my wrist says, "Do not open before Christmas."

We're only liars, but we're the best (we're the best)
We're only good for the latest trend
We're only good cause you can have almost famous friends
Besides, we've got such good fashion sense

Brothers and sisters, yeah, put these words down
Into your notebook (spit lines like these)
We're friends when you're on your knees
Make them dance like we were shooting their feet

It's just past 8 and I'm feeling young and reckless
The ribbon on my wrist says, "Do not open before Christmas."

We're only liars, but we're the best (we're the best)
We're only good for the latest trend
We're only good cause you can have almost famous friends
Besides, we've got such good fashion sense

We're only liars, but we're the best
We're only good for the latest trend

We're only liars, but we're the best

We're only good for the latest trend
We're only good cause you can have almost famous friends
Besides, we've got such good fashion sense

OK Go - Do What You Want

So you were born in an electrical storm
Took a bite out the sun
Saw your future in a machine built for two
Now your rays make me kind of go crazy,
Shock and awe and amaze me
Just a ticker tape parade and me

But something was wrong
Till you tap danced on the air in the night
Screaming at the top of your lungs, you said

Come on, come on
Do what you want
What could go wrong?
Oh come on, come on, come on, come on,
Do what you want
Oh come on, come on
What could go wrong? Do do do do what you want
Come on

Me, I was raised amid the trickle down days
I woke up numb in the haze
And saw my future in a machine built for two
But the light gave me some kind of fright,
How did wrong get so right
And lead me stumbling through the dark of night?

Oh, something was wrong,
But you tap danced on the air in the night
Screaming at the top of your lungs, you said

Come on, come on
Do what you want
What could go wrong?
Oh come on, come on, come on, come on,
Do what you want
Oh come on, come on
What could go wrong? Do do do do what you want, yeah!
Come on
D-d-d-do what you want!
D-d-d-do what you want!

Hey!

C'mon, c'mon, c'mon, c'mon,
C'mon, c'mon, c'mon, c'mon,
C'mon, c'mon, c'mon, c'mon,
C'mon, c'mon, c'mon, c'mon...

D-d-d-do what you want, yeah!
D-d-d-do what you want, yeah!
Oh, do what you want!

Whoo, do what you want!
Do what you want!
Do! Do what you want!
Do! Do what you want!
Do! Do what you want!
D-d-do what you want!
C'mon!
C'mon, c'mon, c'mon!
D-d-d-d-d-d-d-do what you want!

Do! D-do!
Yeah!

Billy Talent - Red Flag

Cast off the crutch that kills the pain
The Red Flag waving never meant the same
The kids of tomorrow don't need today
When they live in the sins of yesterday

Cast off the crutch that kills the pain
The Red Flag waving never meant the same
The kids of tomorrow don't need today
When they live in the sins of yesterday

Well I've never seen us act like this
Our only hope is the minds of kids
And they'll show us a thing or two

Our only weapons are the guns of youth
It's only time before they tighten the noose
Then the hunt will be on for you

The Red Flag waving never meant the same
no...
The Red Flag waving never meant the same

Cast off the crutch that kills the pain
The Red Flag waving never meant the same
The kids of tomorrow don't need today
When they live in the sins of yesterday

Cast off the crutch that kills the pain
The Red Flag waving never meant the same
The kids of tomorrow don't need today
When they live in the sins of yesterday

Like the smallest bee packs a sting
Like a pawn checkmates a King
We'll attack at the crack of dawn

Build a ladder if there's a wall
Don't be afraid to slip and fall
Speak for yourself or they'll speak for you

The Red Flag waving never meant the same
no...
The Red Flag waving never meant the same

Go!

Cast off the crutch that kills the pain
The Red Flag waving never meant the same
The kids of tomorrow don't need today
When they live in the sins of yesterday

Cast off the crutch that kills the pain
The Red Flag waving never meant the same
The kids of tomorrow don't need today
When they live in the sins of yesterday

Like a fire
Don't need water
Like a jury
Needs a liar
Like a riot
Don't need order
Like a Madman
Needs a martyr

We don't need them
We don't need them
We don't need them
We don't need them
We don't need them
We don't need them
We don't need them
We don't need them

Cast off the crutch that kills the pain
The Red Flag waving never meant the same
The kids of tomorrow don't need today
When they live in the sins of yesterday

Cast off the crutch that kills the pain
The Red Flag waving never meant the same
The kids of tomorrow don't need today
When they live in the sins of yesterday

(We don't need them x2) Cast off the crutch that kills the pain
(We don't need them x2) The Red Flag waving never meant the same
(We don't need them x2) The kids of tomorrow don't need today
(We don't need them x2)When they live in the sins of yesterday

We don't need them

Mando Diao - Down in the Past

Well I don't wanna hang around with you
I've got my motor baby and I'm gonna see you through
You think I wanna be alone with you
It doesn't matter baby cause you've overreacted too
But since you're down there, where will I just be
I'm getting fine girl, dressing up for stormy weather

So touch me down in the past where my mother will last
And it's true that I'm in for a punch and a blast

Yeah down in the past where my mother will last
And she will make sure that you remember

Well I don't wanna slide away with you
I've got ten little soldiers pointing at you
Honey you just left me for a new one
It doesn't matter baby cause your hair is ugly too
But since you're down there, where will I just be
I'm getting fine girl, dressing up for stormy weather

So touch me down in the past where my mother will last
And it's true that I'm in for a punch and a blast
Yeah down in the past where my mother will last
And she will make sure that you remember

Well I don't wanna hang around with you
I've got my motor baby and I'm gonna see you through
You think I wanna be alone with you
It doesn't matter baby cause you're overreacted too

So touch me down in the past where my mother will last
And it's true that I'm in for a punch and a blast
Yeah down in the past where my mother will last
And she will make sure that you remember

That you remember...
Come on

Pennywise - Knocked Down

One hundred million souls have joined together
And hope for something better
A daring one shoots out a question
Why does all this work?
Cause the answers have all lost their meaning
They got us all believing
We really have a future
And who will get there first?

Knocked down, stumble and you fall
Sit down, find some use for it all
No way, walk before you crawl
When will you fall?

So many hopeless lives have been forgotten
To feed it once too often
Just hoping to fundraise illusions
To rule by greater force
When we search, we find no solutions
A dream of revolution
But they find we're part of the problem
Just tell me why this works

Knocked down, stumble and you fall
Sit down, find some use for it all
No way, walk before you crawl
When will you fall?

When will you fall?
(When will you fall?)

Knocked down, stumble and you fall
Sit down, find some use for it all
No way, walk before you crawl

Knocked down, stumble and you fall
Sit down, find some use for it all
No way, walk before you crawl

Knocked down, stay down
Knocked down, stay down

(When will you fall?)
(When will you fall?)
(When will you fall?)
(When will you fall?)

Beatsteaks - Atomic Love

This is atomic love

Just a minute ago
I was watching the show
Now we're shaking the floor
Making trouble for sure
And we're screaming "the cure"

This is atomic love

And she knows what the part is
Kiss in a shot and get started
We're turning into an easy target
For something outrageous

I was just ready to know
Already out of control
And I better get up for...

Kaiser Chiefs - Saturday Night

Suddenly there's a knock at your head
Don't let them in because they'll try to take your TV set
Ha-ha-ha-happiness is a ball in your hand
You've got to try and throw this party just as far as you can

Cre-cre-cre-creosote is pouring out of my brain
I swear I heard the floor boards they were creaking your name.
Get a room, get a head, get a hat
We're going to hell anyway lets travel first class

Come to the city on a Saturday night
Watching the boys on their motorbikes
I wanna be like those guys
I wanna wear my clothes tight

Matching jackets and a fistful of notes
New sneakers and a fresh pack of smokes

Ppp-pneumothorax is a word that is long.
They're just trying to put the punk back into punctured lung
Pe-pe-pe-panic over party off party on
'Cause we are birds of a feather and you can be the fat one

Come to the city on a Saturday night
Open your heads like a satellite
I wanna see what they see
I wanna love you like crazy
When cameras are pointing right in your face
Can see into your room from outer space

Cut through the city on a Saturday night
It's not the size of the man in the fight
I wanna know what that does
I wanna show what matters
Cause it's the size of the fight in the man
That makes the difference and decides who is champ

Cut through the city on a Saturday night
Cause you and me are we're on the edge of the night
Come to the city on a Saturday night
I asked your mother and she said it's alright
We're getting married when we're thirty
I want to do it on your birthday

'Cause I don't wanna waste a moment with you
I just wanna dance the whole night through
Cut through the city on a Saturday night
Cause you and me, we're on the edge of a knife

Institute - Bullet-Proof Skin

Cool to disappear but
I missed you most days
An army of tattooed angels
Have brought me back today

I'm a waster boy
anti-masterplan
Been stuck inside this lonely room again
You get paranoid
see vultures circling
one slip then down comes the final curtain
Until, you come, into your soul again
We'll be the worst of best friends
Doesn't feel like Christmas in Hollywood
Doesn't feel like we're ever going to make it home

Burn, baby burn
Strung out on a wire
Heart in a cage
You're so full of desire
You need, fast hands
To deal with all the liars

So don't burn baby burn baby burn

It's a waste of joy
I can hardly stand
Been looking for the ramp for my escape
I love animals, so close to perfect
They're the only ones who seem to know their heart
Doesn't feel like Christmas in Hollywood
Doesn't feel like we could ever come undone

Burn, baby burn
Strung out on a wire
Heart in a cage
You're so full of desire
You need, fast hands
To deal with all the liars
Bullet-proof skin to keep you alive
Burn, baby burn
Strung out on a wire
So don't burn baby burn baby burn

I can't hold you, I can't hold you, I can't hold you
To lose you is to never love again
To lose you is to never love again
To lose you is to never love again
To lose you...

Burn, baby burn
Strung out on a wire
Heart in a cage
You're so full of desire
You need, fast hands
To deal with all the liars
Bullet-proof skin to keep you alive
Burn, baby burn
Strung out on a wire
So don't burn baby burn baby burn

I can't hold you, I can't hold you
I can't hold you, I can't hold you

Animal Alpha - Bundy

You want a piece of me? You'll make it
You want to hit me, then you're satisfied
I'm gonna fall, I'm gonna fake it
Now I will make you think you've won again

I've fallen down, my nose bleeding badly
I'm where you want me

Shut your face, shut your, shut, shut, shut your face up

When doors are locked, I'm gonna get you
You are not safe any place, anywhere
I'm bringing Bundys, have they met you?
I'm telling stories, saying what you're gonna do

I've fallen down, my nose bleeding badly
I'm where you want me
I know the words I know when to say them
You're where I want you

I'm coming to get you
Yeah, I'm coming to get you
I have a surprise for you
Beware, beware
Don't go to bed, don't close your eyes

I've fallen down, my nose bleeding badly
I'm where you want me
I know the words I know when to say them
You're where I want you

Shut your face, shut your, shut, shut, shut your face up
