$# Shadow the Hedgehog $#
#####
```

Shadow originally appeared in Sonic Adventure 2, and at the end, he fell from outer space due to wearing out his Super Form in the battle with BioLizard (the prototype of the Ultimate Life Form). It was assumed that he had died, but then he reappeared in Sonic Heroes.

There, he was sealed inside a capsule in one of Eggman's bases; and Rouge and Omega set him free (Omega doing his part in a roundabout way). At the end of the Dark Story, Rouge and Omega found a room full of Shadow clones on the Egg Fleet. Rouge was depressed, thinking that the Shadow she found was a fake, but then Omega said, "You know the thing about cloning... the original must exist somewhere."

As Eggman revealed in this game, the Shadow in SA2, SH, SB (S-Battle), and ShTH were all the same one (the original). After Shadow fell from space, Eggman sent one of his robots to save him - he just lost his memories is all.

Also told in ShTH, is that Shadow was created by both Gerald Robotnik (who we knew about before), and Black Doom. Doom helped Gerald with Project Shadow by infusing him (Shadow) with his own blood, and in exchange, asked Gerald to one day have Shadow give him the Chaos Emeralds. He wanted them so that, when the Black Comet returned in fifty years, he could teleport it down to the surface of the Earth.

At the very end of this game, Shadow looks out through a window on the ARK and says, "Goodbye forever... Shadow the Hedgehog." Most likely, this is his way of saying that he's moving on from the past.

\$# Maria Robotnik #
#####

Before Maria died on the ARK fifty years ago, she was a friend of Shadow, and also she was Gerald's granddaughter. The moment prior to Shadow being ejected from the Colony in an escape pod, she said the following as her dying words...

"Shadow... I beg of you... please, do it for me... for a better future... for all the people who live on that planet... give them a chance to be happy. Let them live for their dreams. Shadow, I know you can do it. That's the reason that you were brought into this world. Sayonara, Shadow, the Hedgehog."

\$# Gerald Robotnik #
#####

Gerald was a scientist, and was both Eggman and Maria's grandfather. He lived aboard the first Bernoulli space-colony named "ARK"; which, at the time of its creation, was the most advanced research center of its kind. Not very many people were aware, but Gerald and the others on the Colony were secretly developing powerful weapons - among them, a laser with the capability to decimate an entire planet; codenamed as, "The Eclipse Cannon".

He was developing that Cannon because of his meeting with Black Doom some time prior. Back then, he was working on "Project Shadow" (a.k.a. the Ultimate Life Form), but he needed help. So he asked Black Doom for his assistance, and Doom agreed under a condition - that in the future, Shadow would give the seven Chaos Emeralds to him. Gerald said he would, and so Doom used his blood to bring Shadow the Hedgehog to life. What Gerald didn't know, was that Doom wanted the Emeralds so that he could teleport the "Black Comet" down to Earth, and eradicate the humans. So, in an attempt to lessen the effects of the arrangement, Gerald began construction of the Eclipse Cannon. (He intended for it to be used to obliterate the Comet).

But when GUN shut down the laboratory, and Maria died, Gerald went insane; she was the only thing he had left to live for, and with her gone, his life was meaningless. He made modifications to the Eclipse Cannon's programming, so that if its power were ever boosted by all the Chaos Emeralds, it would begin a descent towards Earth, and destroy the planet. He also installed a safeguard; should anyone try to deactivate the program, the BioLizard - the prototype of the Ultimate Life Form - would attach itself to the ARK, and override its controls, thus making it impossible to alter its course.

\$# Doctor Eggman Robotnik #

#####

In Sonic Adventure 2, Eggman found Shadow sealed in cryo-stasis inside Prison Island (a secret GUN base). He freed him, and in return, Shadow promised to "grant him a wish"; to fulfill that wish, Shadow also said that Eggman had to bring more Chaos Emeralds (he used one to unlock Shadow's imprisonment) to the central control room on the Space Colony ARK.

When Eggman got to the ARK, Shadow told him of the Eclipse Cannon - a weapon strong enough to tear a planet apart. But as it had been shut down for fifty years, a large surge of energy was needed to reactivate it. That energy source being the Chaos Emeralds.

At the end of that game, Shadow fell from outer space after fighting the BioLizard. It was believed that he had died, however Eggman sent one of his robots to save him. The reason that the Shadow in Sonic Heroes didn't remember anything wasn't because he was a copy, but because he had lost most of his memories due to the trauma he experienced.

Despite that, some of the paths through this game have Eggman telling Shadow that he (Eggman) made him (Shadow). Most likely, Eggman was just attempting to get Shadow to surrender and give up.

Here is the exact quote that Eggman says to Shadow nine minutes into his fight with Devil Doom...

"Shadow... can you hear me...? This might be the last chance I have to speak to you, so... What I said, about having created you... it was all a lie. Everyone thought you died during that horrible incident... but I rescued you, with one of my robots... You lost your memories, that's all... You really are the Ultimate Life Form my grandfather created!"

\$# Black Doom / Doom's Eye #
#####

Black Doom is the ruler of the Black Arms, and has three eyes; two that are parallel and somewhat glazed over, and one other above them that is more normal. He told Shadow to gather the seven Chaos Emeralds and bring them to him; something which Shadow promised to do in the past.

That promise was made fifty years ago, when Black Doom helped Professor Gerald create the Ultimate Life Form, "Shadow". Gerald was having difficulty with Project Shadow, so he asked Black Doom for his aid. And in return, he requested that the seven Chaos Emeralds to be brought to him by Shadow in the future. The professor agreed, and Doom used his blood to bring Shadow to life.

His reason for asking for the Chaos Emeralds was so that he could teleport the "Black Comet" - home of the Black Arms - down to the surface of the Earth (the Comet isn't fast enough to enter into another planet's atmosphere, so he needed to warp it directly).

Also, Black Doom has a floating eye - "Doom's Eye" - that he has follow Shadow. It has the capability to project his transparent image, if he can't be at the specific place in person.

\$# G.U.N. Commander #

#####

The GUN Commander lived aboard the ARK fifty years ago, and knew Maria very well, thinking of her as an older sister. When the ARK was destroyed, and she was killed, he blamed Shadow for it; since if he hadn't have been created, the ARK likely wouldn't have been "shut down". Even now after all this time, he still hates Shadow deeply.

Ironically, it was GUN itself that killed Maria; when she was running away, one of its troops shot her.

SHADOW: Who am I... and why can't I remember anything? And... who is this "Maria"?

BLACK DOOM: Shadow...

BLACK DOOM: As you can see, the day of reckoning will soon be here. Find the seven Chaos Emeralds, and bring them to me - as promised.

SHADOW: Just what was that all about? If he says he knows the truth about who I am, then like it or not, I have to believe him. The only way I'm going to get the secrets to my past, is to get those Chaos Emeralds!

Unconfirmed sources have also reported seeing a black hedgehog in Westopolis.

GUN COMMANDER: Shadow? Deploy the troops, NOW! And if you find Shadow with the black aliens... then kill them all.

GUN SOLDIER: But sir, isn't Shadow on our side--

Orders are... capture him, dead or alive.

SHADOW: Outta my way. Coming through!

GUN SOLDIER 1: S-STOP! Don't move o-or we'll shoot!

SHADOW: Stupid humans.

BLACK DOOM: Very impressive, Shadow.

SHADOW: Who are you?

BLACK DOOM: You don't remember anything, do you? But you will... in time. But now, there's no time to waste here. Go and access the United Federation's mainframe. Understand?

PRESIDENT: Tell the Commanding Generals that the United Federation will never surrender to terrorists.

SHADOW: For what purpose do I exist? The only clue I have to regaining my past, lies un seeking out the Chaos Emeralds. I fought off the attacks from the doctor's fleet while on the black creatures floating ruins. When I got to the jungle, I saw something I just couldn't believe; the doctor had Androids with him that looked exactly like me. I followed the

doctor to his base, because I have to find out the truth!

OMEGA: Eggman detected. Approaching this direction.

EGGMAN: Shadow and Omega? Why you traitors! You two are going to stop me?!
Move aside!

* - Omega gets into a fighting stance, but Shadow puts his arm in front of him.

SHADOW: Doctor, please, I need to know... Those Androids... the ones that,
look like me... am I...

EGGMAN: Yes!!

SHADOW: Wha?!

EGGMAN: You and Omega are my creations! But you betray me as you stand here
before me. So now, I will destroy you BOTH, turning you into scrap
metal!

OMEGA: Eggman, I will defeat you, once and for all.

SHADOW: The truth is hidden in my memories; but I don't know what I can trust
about what I think I know. However, since this all started, something
has begun to stir inside of me. I made it to the jungle, and I followed
the doctor again to the entrance of his secret base. The doctor told me
that I was an Android. There was a battle between me and one of his
robots, but in the end, I got the fifth Chaos Emerald. I'm... an
Android? I don't want to believe it, but to know for sure, I need the
remaining Emeralds!

\$# Prologue #

* - With Eggman now gone, Shadow begins laughing. He has another flashback,
this one of when he was in Eggman's base, inside a capsule, and also of all
the other capsules housing other Shadow Androids. He then sees the original
Shadow fighting BioLizard with Sonic, and the original Shadow falling from

outer-space.

SHADOW: The pieces are coming together. This "Ultimate Life Form" they keep referring to is the black hedgehog, and he... died. And I'm its copy... I must be the Android Doctor Eggman created. Then it's clear what needs to be done! Doctor... You're going straight to the place you created me from!

OMEGA: Doctor Eggman, I will destroy you, and reign supreme!

SHADOW: I am Shadow Android; the ultimate battle life form created by Eggman. You may have created me, doctor, but I will now lead this Empire and Androids shall rule! This is WHO I AM!

* - Shadow is standing near a tree on a cliff overlooking Westopolis. The wind blows a newspaper to him, and it gets stuck on his leg.

NEWSPAPER: "FIRE-IN-THE-SKY" Celebration! 50 Year return of Black Comet!

* - The paper floats away.

SHADOW: ("Shadow the Hedgehog"... Why does that name haunt me? It's the only thing I can remember. And that gruesome image...)

* - Maria runs through the halls of the ARK was several GUN soldiers chase her. They catch up when she arrives at a dead end, and block the door. She gasps as one of the soldiers points a handgun at her. The screen goes black as the sound of the gun firing rings out.

SHADOW: Maria!!

SHADOW: Who am I... and why can't I remember anything? And... who is this

"Maria"?

* - Red clouds approach Westopolis, completely covering the sky, leaving a circle open in their center from which thousands of Black Arms pour out. One of the larger ones lands on a car, then knocks another vehicle away.

SHADOW: Hmm, look how pathetic they are. I don't have time for these humans.

* - As Shadow starts to walk away, Black Doom speaks.

BLACK DOOM: Shadow...

* - Doom's Eye flies up to the cliff, then projects Black Doom's image from its eye.

BLACK DOOM: As you can see, the day of reckoning will soon be here. Find the seven Chaos Emeralds, and bring them to me - as promised.

SHADOW: Huh? Who are you and how do you know I'm Shadow? And what are you talking about?

* - Black Doom leaves; several explosions trail behind him. Shadow reaches out to BD, but one of the blasts knocks him off balance.

SHADOW: Just what was that all about? If he says he knows the truth about who I am, then like it or not, I have to believe him. The only way I'm going to get the secrets to my past, is to get those Chaos Emeralds!

* - Shadow dashes towards the city.

GUN SOLDIER: The black aliens have hit six major cities around the world, and every city is reporting significant damage and casualties. Among them, Westopolis has received the heaviest casualties, due to its weakened defense system. Downtown Westopolis has been almost completely destroyed. Unconfirmed sources have also reported seeing a black hedgehog in Westopolis.

GUN COMMANDER: Shadow? Deploy the troops, NOW! And if you find Shadow with the black aliens... then kill them all.

GUN SOLDIER: But sir, isn't Shadow on our side--

GUN COMMANDER: I gave you an order, soldier! He's evil and he's the enemy!

SHADOW: Don't waste my time.

DOOM'S EYE: We've found the third Chaos Emerald in this city. Our mission here is done - now get going! *flies off*

SHADOW: Who am I...? The key to the mystery lies with the one who calls himself "Black Doom". He told me to gather up all of the Chaos Emeralds, and then, disappeared. I don't know what, or who he is, but the answer must lie with the Chaos Emeralds... that much I do believe. The city had been destroyed by the black creatures; it seems like they were after the Emeralds. I was able to stop them, though, and took two of the Emeralds for myself. Now there are five left... and they will all be mine, soon enough!

SHADOW: Who am I...? The key to the mystery lies with the one who calls himself "Black Doom". He told me to gather up all of the Chaos Emeralds, and then, disappeared. I don't know what, or who he is, but the answer must lie with the Chaos Emeralds... that much I do believe. I drove the black creatures out of the city, and found two of the Chaos Emeralds. I ran into Sonic along the highway that had been destroyed in the black

creatures' attack. I followed the creatures, and succeeded in destroying their lead attack craft. But Black Doom got away with the third Emerald! I cannot let him have it!

SHADOW: Hand over that Chaos Emerald, or else.

DOOM'S EYE: So, think you have a chance against ME... do you?

SHADOW: Look, I don't take orders, especially from you. But I'm not here to fight you either. I'm collected the Emeralds to find my own answers. So why don't you just back off?!

DOOM'S EYE: You still don't know your place, do you? BLACK BULL!! I summon you!

SECRETARY (phone): Mister President, we've received a report from the Central Information Agency. Our troops have successfully pushed back the black aliens from Westopolis. We've also managed to suppress enemy forces in five other cities. There's also reports that the CIA's mainframe has been compromised. We're investigating the incidents now. It is a strong possibility that this was also committed by the black aliens.

PRESIDENT: Tell the Commanding Generals that the United Federation will never surrender to terrorists.

SECRETARY (phone): Yes, Mister President.

* - The President hangs the phone up. He looks at a picture of Sonic & Shadow.

PRESIDENT: This planet was once saved from tyranny and annihilation by you two heroes. Now mankind must protect this peace, at all costs.

SHADOW: Isn't that... Tails?

TAILS: Look at that! It's Eggman's theme park. He's made it out of the Rings he's taken from around the world. I've got to get those Rings back!

* - As the Tornado turns a bit, Shadow sees an Emerald on its front tip.

SHADOW: A Chaos Emerald!

SHADOW: This is just too easy; guess it's my lucky day.

GUN COMMANDER: Well done, Captain. What about Shadow?

GU SOLDIER: Sir! We think Shadow escaped into the forest with the black aliens.

GUN COMMANDER: Alert all field commanders in Sector B. I'm authorizing full use of all tactical weapons. I want both black aliens and Shadow

stopped and buried. Failure, is not an option.

GUN SOLDIER: Yes sir!

SHADOW: Who am I...? I need to find the answer to that myself. The only clues I have are the mystical Chaos Emeralds; I have to find them! I got a Chaos Emerald from Tails for helping him recover the Rings from Eggman's theme park. I chased after the fleeing black creatures, and ended up at some ruins in the woods. SHADOW: Having a little trouble with those GUN agents... are we?

DOOM'S EYE: *laugh* What a pitiful bunch.

SHADOW: What'd you say?

DOOM'S EYE: We're not here to exterminate these poor creatures. On the contrary...

ROUGE: Wha...? What is he talking about?

SHADOW: What are you saying?

DOOM'S EYE: All will be revealed... tomorrow.

ROUGE: Tomorrow?

DOOM'S EYE: Shadow, you should rest. You need to be ready for tomorrow's ritual.

He apparently wanted me asleep until some upcoming "ritual", but I was able to drive him back. Mark my words, Black Doom... these so-called "pathetic humans" are not my enemies!

\$# Prologue, part 1 #

* - He smashes the glass concealing the Emerald, and takes it out. The lights start flickering, and an alarm blares.

\$# prologue, part 2 #

MARIA: Shadow! Help me!

* - He sees himself inside the ARK fifty years ago, when Maria died.

SHADOW: Maria?!

MARIA: Please, Shadow, I need your help! My grandfather's experiments... something's gone horribly wrong! *grabs Shadow's hand*

SHADOW: What is it?

MARIA: The research lab... it's going to be destroyed. Something must be done! Please Shadow, I beg you! Help grandfather and those aboard the ARK! Please!

SHADOW: I'll be there, Maria. I swear, whatever it takes, I'll take care of the ARK and the professor!

SHADOW: MARIA!!

laugh Oh? Do you think those black creatures are somehow connected with that Comet?

\$# Note \$#
#####

The times that are listed in this section are when in the battle the specific quotes started/ended. I don't know if it's set in stone, though, so they may happen at different points for you.

\$# Start of the battle, 00:00 - 00:22 \$#
#####

DEVIL DOOM: I gave you life, and yet you defy me? So be it! You shall pay for your ingratitude with relentless pain!

EGGMAN (radio): Shadow, can you hear me? We've managed to escape from that Comet. There's no need to hold back; cause as much havoc as you need to!

TAILS (radio): Go for it, Shadow!

SONIC (radio): With the power of the Chaos Emeralds, you can launch the Chaos Spear! Use it to impale that thing!

\$# 00:24 - 00:29 #
#####

ROUGE (radio): Hold down the B Button to build up power, and then released it to throw the Chaos Spear.

\$# 00:36 - 00:48 #
#####

KNUCKLES (radio): Hey Shadow, can you hear me? You need Rings in order to maintain your Super Form. You'll burn through your Rings over time, so keep an eye to make sure you don't run out!

AMY (radio): You can get more Rings from those balloons!

\$# 00:57 - 01:13 #
#####

EGGMAN (radio): Is that thing invincible?! No! He's got to have some sort of weak point!

ROUGE (radio): That's it! The eye! His weak point HAS to be the eye that's following you!

KNUCKLES (radio): All right, then! Shadow, his eye keeps moving - you've got to track it down.

\$# 01:56 - 02:06 #
#####

SONIC (radio): Shadow, you may be invincible in your Super Form, but getting hit will cause you to lose time!

AMY (radio): It's all over if you run out of Rings. If you're running low, focus on getting more first!

\$# 02:56 - 03:07 #
#####

TAILS (radio): Shadow, can you hear me? If you're too far away, your Chaos Spear will be useless. But if you get too close, he'll warp away from you. You need to keep the right distance!

\$# 03:57 - 04:06 #
#####

EGGMAN (radio): Shadow, it's useless to attack those flying objects. Listen

carefully: Use your full-power Chaos Spear to attack his eye!
That's his weak point!

\$# 04:57 - 05:22 #
#####

DEVIL DOOM: Why? Why can't you understand that these humans are the parasites of this world? Absolute power is the only way to bring order to the planet... The humans must be eliminated! Shadow, open your eyes. Realize, that sympathizing with these humans, has all been a mistake!

\$# 05:57 - 06:16 #
#####

EGGMAN (radio): Shadow... can you hear me? The gas from that Comet has... still made its way into our shelter...

AMY (radio): Aah! *cough* I... can't move...!

KNUCKLES (radio): Sh-Shadow... Don't, worry about us... You've got to... destroy that thing!

\$# 06:57 - 07:12 #
#####

DEVIL DOOM: Before long, the gas from this Comet will have spread over the entire planet... Shadow, cease these futile attempts to resist. You alone cannot change this planet's fate!

\$# 07:57 - 08:09 #
#####

TAILS (radio): Wh-wh-what do we do? I can't... keep, my... eyes...

ROUGE (radio): Sh-Shadow... I believe in you... You've... gotta finish this...

\$# 08:27 - 08:37 #
#####

SONIC (radio): Ah! Shadow! You're... supposed to be the Ultimate Life Form... right? You've gotta... keep going...

\$# 08:56 - 09:22 #
#####

EGGMAN (radio): Shadow... can you hear me...? This might be the last chance I have to speak to you, so... What I said, about having created

you... it was all a lie. Everyone thought you died during that horrible incident... but I rescued you, with one of my robots... You lost your memories, that's all... You really are the Ultimate Life Form my grandfather created!

\$# 09:57 - 10:17 #
#####

DEVIL DOOM: The time has come! Now, that the gas has overrun this tainted world, MY reign has BEGUN! Mwahahahaha!! Hahahaha! HAH-hahahaha!!

\$# Devil Doom - After losing all health #
#####

DEVIL DOOM: Im...impossible! I am the supreme being that rules this universe! I am the immortal life form! I am the ultimate power! Gaaah!!

\$# Shadow - After winning the battle #
#####

SHADOW: This is the end of you... and the end of my cursed past.

\$# Devil Doom - Other quotes #
#####

[01]: Die, along with these foolish humans!
[02]: Chaos... Control!
[03]: Now... come, Shadow.
[04]: Burn!

\$# FMV (full motion video) #
#####

* - Shadow steps out onto the ledge of the Comet.

SHADOW: Only one thing left to do...

* - The camera shows a far-away view of the surrounding area. Shadow leaps into the air, and flies to the underside of the Comet. He positions himself, ready to move the Comet.

SHADOW: To put the past behind me! Chaos... CONTROL!

* - An incredible gold light emanates from Shadow. The Comet teleports away,

reappearing under the ARK; in the firing range of the Eclipse Cannon. The Cannon starts charging a blast of energy. It fires, and tears the Comet apart in a massive explosion. One of the debris collides with the camera, and everything goes black.

\$# Westopolis #
#####

TAILS: YES!! He did it! The Black Comet is destroyed!

SONIC: Shadow... that was SWEET!

ROUGE: I hope he's okay.

AMY: I'm sure he's fine, Rouge. After all, he is Shadow.

EGGMAN: How about giving me back those Chaos Emeralds now?

* - Eggman starts tiptoeing away.

KNUCKLES: HEY! Get back here you creep!

* - Knuckles chases Eggman in a sort of zigzap. Amy laughs.

\$# G.U.N. Base #
#####

* - All of the members are cheering and yelling.

GUN COMMANDER: *sigh*

* - The President pats the Commander's back.

PRESIDENT: How ironic... After the way we all treated him, he saved us all in the end. We were all wrong about the professor. Let us pay homage to Professor Gerald. Let's work to ensure peace and prosperity for a brighter future! What do you say, Commander?

GUN COMMANDER: Excellent idea, Mister President.

\$# The ARK #
#####

* - Shadow is standing by a window, looking out at the Earth. He holds up a picture of Maria and Gerald.

SHADOW: Goodbye forever... Shadow the Hedgehog.

* - He turns, and tosses the picture away. The screen goes black.

42-second instrumental lead-in

(Follow my heart! Follow my heart! Oh yeah!)
(Follow my heart! Follow my heart! Oh yeah!)
(Follow my heart! Follow my heart! Oh yeah!)

(Oh yeah!!)

(Follow my heart! Follow my heart! Oh yeah!)
(Follow my heart! Follow my heart! Oh yeah!)
(Yeah!!)
(Follow my heart! Follow my heart! Oh yeah!!)

It's been a long rough road, and I'm finally here.
I move an inch forward; it feels like a year.
Everything I'm feelin' seems so unreal--
Is it true? Is it true?

I take one step forward and two steps back;
Got a hundred thousand pounds sittin' on my back.
Up, down, all around; don't know quite what to do, to get through.

But I'm on my way! (On my way!)
(On my way! On my way!)

Here I am! (Here I am!)
Made it to, the end of you!

Never had a chance, but I'm around!

(No! No!)

(No! No! No! No!)

Well, now I'll never turn back! (I'll never turn back!)
I'll never turn that way!
No matter how life tries to face me,
I turn the other, WAY!

Now and then, (now and then!)
My head starts to spin, (my head starts to spin!)
But I'll never turn back, again!!

(No! No!)

From this moment on, (moment on!)
I am moving on, (moving on!)
And I'll never turn back!!

(No!)

(Follow my heart! Follow my heart! Oh yeah!)
(Follow my heart! Follow my heart! Oh yeah!)
(Follow my heart! Follow my heart! Oh yeah!)

I guess I'm moving all right and I'm on my way,
Facing every moment every day-by-day.

#####

* - Shadow, atop a cliff, loads a clip into a gun. He looks over at the camera and cocks the weapon.

On a motorbike, Shadow is riding through Westopolis. Black Hawks swoop down from above as a large Black Arm throws a car at a couple of GUN troops - it explodes. Shadow gets closer to the large Black Arm. He rams the motorcycle into it, leaping away as it blows up.

Several GUN soldiers are firing at the aliens, as hundreds more pour out from the vortex in the sky. One of the Black Arms lands on a car, then throws another one away. The troops continue to fire on the aliens. Shadow stands on a ledge, overlooking the chaos below. He uses Chaos Control to teleport away.

A view of Shadow slowly walking through a forest comes on, before switching to him in Westopolis, firing at the Black Arms.

Sonic, along with everyone else, run through Westopolis.

Shadow warps behind a few Black Arms, and kicks them away. Elsewhere, GUN soldiers fire at a thick smoke from which Shadow emerges. Their gunshots bounce off him as a dark aura surrounds him. He uses Chaos Blast to knock them down.

Black Doom motions for the Black Arms to continue their assault. In GUN's headquarters, the Commander also gives the signal for his troops. And Eggman, in his base, orders his robots to move out.

Above the Earth, the ARK comes into view as its Eclipse Cannon charges up.

A GUN soldier tries to crawl away on the ground. Shadow stands over him - his eyes reflecting the nearby flames as he trembles with rage.

Sonic, covered in dirt, collapses on the ground as Shadow stands behind him. Shadow looks on ahead; activating Chaos Control, he flies at the camera.

The "Shadow the Hedgehog" logo appears.

I see no, hear no evil;
Black writings on the wall!
Unleash a million faces,
And one by one they fall!

Black-hearted evil...
Brave-hearted hero...
I am all I am, all I am!

I, I, I... I am!

Here we go buddy,
Here we go buddy,
Here we go,
Here we go buddy,
Here we go!

Go ahead and try to see through me;
Do it if you dare! (Dare!)
One step forward, two steps back; I'm nowhere.
(One step forward, two steps back.)

Do it! Do it! Do it! Do it!!

Can you see all of me!?
Walk into my mystery!
Step inside, and hold on for dear life!

Do you remember me!?
Capture you or set you free!
I am all, I am all of me! (I am, I am all of me!)

Waking up; breaking out...
This is what it's like to be free.
Rip it up; tear it down...
This is what it means to be free.

Jet sounds a distant roar behind you,
As you try to clear your head.
You start to look, and answers find you;
Your inner purpose lies ahead.

Waking up; breaking out...
This is what it's like to be free.
Rip it up; tear it down...
This is what it means to be free.

Waking up; breaking out...
This is what it's like to be free.
Rip it up; tear it down...

This is what it means to be free.

One step to calm the storm inside you;
Unlock the secrets in your head.
Not another day; no more, confusion...
No more living like we're dead.

It seems it's just out of sight!
Those with answers always get their way!
But I think they should know,
That we're coming for them! (Now!!)

Waking up; breaking out...

I can't remember, anything at all...
I've been turning it all around.

I'm sorry, oh so sorry...
Is this what I have become?

Wish I may, wish I might,
Be someone else tonight.
Sometimes I wish I was never born at all.

I keep on trying to save the world,
'Cuz in the end I know...
I'm the chosen one!!

(I'm the chosen one!)

I can't remember, what I used to be...
Something's turning me upside-down.

You made me, and I love you...
But I can't change the things I've done!

(I'm the chosen one.)

Wish I may, wish I might,
Be someone else tonight.

Sometimes I wish I was never born at all.

I keep on trying to save the world,

All hail, Shadow;

Obliterating everything that's not your friend!

Nothing can stop you now;
No ghost to bring you down!
When there's nothing left to lose, you win!

(Come on! Let's go!)
(Follow me in my shadow!)

Suffer alone, and it will set you free.
Only through trial do we, find the strength we need!
It's never over; it's just another day,
Of hope and tragedies, and everything that comes our way!

Determination of the strong~...
Found the meaning that you searched for so long!

All hail, Shadow;

Nothing can stop you now;
No ghost to bring you down!
When there's nothing left to lose, you win!

(Come on! Let's go!)
(Follow me in my shadow!)

Somewhere in chaos, we all find ourselves.
This destruction is the only tale we tell!

White is black, and black is white;
Right is wrong, and wrong is right!
Nothing ever fills this hole inside your heart!

Determination of the strong~...
Found the meaning that you searched for so long!

All hail, Shadow;
