## Section 1- What this FAQ was written for.

---

This FAQ was written to let people know what each of the songs in the sound test are. It doesn't give labels or numbers and it doesn't organize the songs in any pattern. This should help you if you want to listen to a certain tune, but you don't know which tune is which.

---

## Section 2- How this FAQ is arranged

---

The songs in this FAQ has been arranged by order by pressing right on the control stick (i.e. When you go to "play tune" under Slippy's menu and press right on the control stick, you get the music for Moon Mountain Pass. That is song #1 on this FAQ. The next song to the right of that is song #2, and so on.).
