V. Foreign Objects & Pick-ups
=====

This is all the stuff that you can pick up in gameplay.

~~~~~  
Annihilator

Maximum Hold: 2

A powerful, unguided energy beam that tears through opponents who are directly in front of you.

~~~~~  
Atomic Drop

Maximum Hold: 3

A slow, but powerful guided bomb that has a good blast radius.

~~~~~  
Grenade Launcher

Maximum Hold: 16

These highly explosive grenades are tricky to use against moving targets, but they pack quite a punch.

~~~~~  
Laser Guided Rockets

Maximum Hold: 6

The Laser Guided Rockets don't do a lot of damage, but they doggedly follow their target.

~~~~~  
Mines

Maximum Hold: 8

These mines are dropped behind you and explode on impact. They don't last forever and may explode on their own after a while.

~~~~~  
Twisty Rockets

Maximum Hold: 3

This single-shot Foreign Object fires a small salvo of rockets that seek out opponents.

~~~~~  
VRF Gun

Maximum Hold: 4

The VRF Gun is very similar to its big brother, the Annihilator, except it doesn't pack quite as powerful a wallop.

~~~~~  
Other Pick-ups

~~~~~  
Armor

Armor temporarily increases your Superstar's defense

~~~~~  
Health

Health replenishes some of your Health Meter and repairs damage to your vehicle.

~~~~~  
Turbo

Maximum Hold: 6

Turbo pick-up add two turbos to your Turbo Meter.

Invulnerability

Just like the name implies, the Invulnerability pick-up makes you immune to damage for a short period of time.

Double Damage

This boost to your combat computer makes your shots cause twice as much damage. The upgrade doesn't last long, so keep your guns blazing and make it count!

Ramming Power

A force shield that doubles the impact of ramming damage. Effect at normal speeds, deadly when combined with a Turbo!

VII. Arenas
=====

These are all the arenas which you can play through in WWE Crush Hour.

Note: Areans marked with a * symbol means you have to unlock them in Season. (Check in the Unlockables section to find out how to unlock them)

~~~~~  
Hardcore Arena

The wide-open Hardcore challenges you to pick up and hold the Hardcore Belt for a certain amount of time to win the match. To get the Hardcore Belt away from it's current owner, you need to destroy them.

~~~~~  
Hell in a Cell

Hell in a Cell is WWE's most ruthless match, and the Crush Hour equivalent lives up to the reputation. Be the first Superstar to destroy a certain number of opponents to win.

~~~~~  
Ironman

Think you're the toughest SOB in WWE? Prove it by racking up more kills than any other Superstar within the time limit in a Ironman Match.

~~~~~  
Lumberjack

You need to collect a certain number of shining yellow stars to win a Lumberjack match. A yellow arrow appearsat the top of the screen when a star appears. Beat your opponents to the stars and keep your opponent's score down. You lose points if you're destroyed and so do your opponents!

~~~~~  
Raw

It's an all-out war in the arena based on WWE's flagship show. Be the first Superstar to defeat the required number of opponents in this wide-open arena to win.

~~~~~  
Smackdown!

Prepare to have the smack laid down on you when you enter this

frantic arena. Rack up the required number of opponents kills to win the match.

~~~~~  
Running the Gauntlet\*

Collect the stars inside the yellow beacons of light to win this grueling rooftop battle. A yellow arrow at the top of the screen when a star appears. Jump from building to building in a mad dash for stars! You lose points if you're destroyed or fall off the roof!

~~~~~  
Royal Rumble*

This multi-tiered elimination match is one of the most difficult matches in the game. Collect a crown and hold it! After 30 seconds, whoever is not holding a crown is eliminated. Eliminate 11 of your opponents to win this Royal Rumble!

~~~~~  
Bottom Line\*

An oil rig out at sea is perhaps the most challenging place for all Superstars. Tight quarters and no railings makes this battle for points a tough one! Be careful of the ledges, because falling off costs you a point!

~~~~~  
Battle Royal*

The WWW has taken over an abandoned subway tunnel for this deadly elimination match. Defeat or avoid enough of your opponents to be the last one standing. Staying close to the subway trains may both help you and hinder your progress. Don't be caught in their path or you may be the one eliminated!

~~~~~  
King of the Ring\*

Like a gladiator of Rome, in King of the Ring, you take on opponents in the Coliseum to be the last man standing to win this match! There's no running away in this single-elimination match against 11 of your toughest foes. It's kill or be killed.

~~~~~  
Cage Match*

Break out of the cage by defeating your opponents, then grab the contract and deliver it to the goal point! Avoid fighter jet afterburners, cannon fire from the battleships and your opponents—all of which can strip the contract from you.

~~~~~  
Survivor Series\*

Eliminate your opponents in this 2-on-2 team battle! Drive through the tag beacons to get your partner into the battle. Tagged out vehicles recover damage, use this to your advantage!

=====  
VIII. Guide/Walkthrough  
=====

This is a complete Walkthrough of Season Mode.

~~~~~  
Week 1
~~~~~

First up is either Raw or Smackdown (Depending on your brand).

You're up against two Superstars (Usually your facing three) and you have to get 5 kills to win. The only thing I can tell you, is to show RUTHLESS Agression!

~~~~~  
Week 2
~~~~~

Next is Hell in a Cell match! Kill 10 opponents to win. Also be careful not to fall into the lava pit (You points that way).

~~~~~  
Week 3
~~~~~

Now it's time for a Lumberjack match! Collect 5 stars to win. A good tip is when you are far away from a star, turbo over to claim it.

~~~~~  
Week 4
~~~~~

Up next is a Hardcore match! When the match starts, turbo to the belt and then drive away. Just Turbo when someone shoots at you and you'll be fine.

~~~~~  
Week 5
~~~~~

After that it's Raw or Smackdown! There are 10 kills to win and now there are three opponents to face.

~~~~~  
TV Program
~~~~~

BBQing with Kane! Kane is out in his backyard BBQing with a chef's uniform on. Coach asks him what he is cooking. Kane lifts up the cover, AND IT'S DYNAMITE! It explodes and the station goes off the air.

~~~~~  
Week 6
~~~~~

Now back to Crush Hour! Week 6 is basically the same as week 1 except you have to collect 10 points to win. So you know what to do.

~~~~~  
Week 7
~~~~~

A Cage match is up next and you might want to win because after you beat it in Season, you unlock it in Exhibition mode! First kill of your opponets in the cage. Get the contract when it appears then Turbo to the finish zone. You need to get three points to win.

~~~~~  
Week 8
~~~~~

Another unlockable is next, Running the Gauntlet! A good strategy is as soon as the match starts, go off the ramp in front of you and land in the building with the Turbos, Mines, two sets of Health, Double Damage, and a VRF Gun. Stay down there the whole match and you should win. Just get the stars down there and you should be fine. Collect 10 stars to win.

~~~~~  
Week 9
~~~~~

Next is a Battle Royal! And yup you guessed it, you can unlock this too. As soon as the match starts turn left and go through the tunnel. Keep going back and forth through the tunnel and let the other Superstars kill each other off. If someone comes in the tunnel with you, kill them off with one of the Foreign Objects in the tunnel. When there is a one on your screen go out and hunt them down!

~~~~~  
Week 10
~~~~~

Now is either Raw or Smackdown. You know what to do.

~~~~~  
Commercial
~~~~~

Edge's new hair spray! Edge is in what looks like a cheesy Japanese cartoon commercial with stupid cartoon star things. Edge's hair is messed up so the star thing sprays him with the hair spray. Then like magic, Edge's hair is straight again.

~~~~~  
Week 11
~~~~~

Now back to Crush Hour! The next match is a Bottom Line match. You can also unlock this. You're up against two opponents and you need to get 10 kills to win. Do not and I repeat DO NOT drive by the water! You lose points if you fall in.

~~~~~  
Week 12
~~~~~

Next is an Ironman match! Kill the most people in three minutes.

~~~~~  
Week 13
~~~~~

Up next is a match which you can unlock and also sometimes unlock a new Superstar. And that match is a Survivor Series match! Basically just kill your two opponents. If you're low on Health, drive into one of the tag beacons. You need to get three points to win.

~~~~~  
Week 14
~~~~~

Now get ready for a Royal Rumble match! As soon as the match starts Turbo up the ramp and collect the crown. Just keep doing laps around the arena. If someone shoots you then Turbo out of there! As soon

as a elimination occurs, drive back to where you got the crown to get it again.

~~~~~

Week 15

~~~~~

A Bottom Line match is up next. It's the same as week 11 but now there three opponets.

~~~~~

TV Program

~~~~~

Surviving the Bermuda Triangle! It's week 3 and Thrish and Stacy are trying to start a fire. The camera goes at Stacy's backside and then goes at Thrish's Puppies. The girls figure out what the camera man is doing, so they start beating him up.

~~~~~

Week 16

~~~~~

Next it's King of the Ring! Eliminate 11 opponets to win. After a elimination get Health if you need it. You unlock this arena when you beat it.

~~~~~

Week 17

~~~~~

The Final Battle! Basically just defeat Mr. McMahon. Vince has two forms you need to kill. When you beat him you unlock Mr. McMahon.

~~~~~

TV Program

~~~~~

Breaking News! Mr. McMahon has been defeated and the Superstars are going back to what they do best. But not before RVD destroys the Dancin and Wheelin set, Kane throws his chefs hat into the BBQ, Big Show walks out on Mr. McMahon in Australia, and Edge beats up the Japanese cartoon things! But one thing remains the same, the rising popularity of WWE Crush Hour!

=====

=====

This section contains the information about E-mailing me.
~~~~~

My E-Mail address is ejpow@yahoo.com and I would appreciate it if you could E-Mail me for a FAQ or even tell me things I should add. (I'll put your name in the credits section then) Also tell me if I spelled something wrong or whatever and I'll fix it. BUT, when you send me a E-Mail make sure you put \*Crush Hour\* somewhere in the subject or I'll assume it's junk mail and I'll delete it. Also make sure there isn't any Internet relay chat in it because some stuff I

don't understand. Thanks in advance!
