

to add information given by you (credit will be given). I also have no problem helping people on any puzzles or just one general area of the game. I think you are starting to get the point.

2. Subject

Please, when you e-mail, place something related to this FAQ in the subject. I am not always in the mood to check mail that looks junky so I might throw it out. Usually if I get your e-mail I will write back to you. So if I don't write back, I probably didn't get your FAQ. All understood?

3. Credit

Please, I encourage people to find information or alternate strategies in doing something. I would like to build it on my FAQ and will always give rightful credit to the one providing the information. That is something I really like to do. Just e-mail me a tip, trick, secret etc.

Just please follow these rules and everything will go fine. I hope you are satisfied with these conditions. Thanks for your cooperation.

Tap A - Will give you a quick wrist shot. This is the best way to get a shot off early. This works well when trying to shoot on a breakaway. I will explain these methods in the strategy section.

Hold A - The longer you hold the A button, the harder your player will shoot. This is also know as a slapshot. More information will be given in the strategy section.

Welcome to the strategy section of this FAQ. I am going to give you strategies that I have used over the years, so do not complain that you cannot do my strategies. It is all I can offer!

~-Ways to Score~-

1. The Fake

I like to call this move the fake. Here is how to do it. First, head towards the goalie with an offensive player. If you have a defensive player ahead of you, try to head back and start the play over. If not, head up to the goalie. I love how the goalies are very stupid in this game. Anyway, tilt the d-pad a bit to the left or right (whichever you want to make the fake on) and quickly change your direction to the other side. Then tap the A button to do a wrist shot, and there you go! You have put the goal in the net, and you can listen to the *pretty bad* sounding siren!

2. Wrap Around

This is a relatively easy way of scoring as well, but my personal favorite is the fake move. Anyway, to do the wrap around, simply head to the other team's

the net.
