NOTES:
These codes MUST be entered at the start of a new game.

If you are using these codes with a real Game Genie (on
a real Genesis), you will probably not be able to save
your game (this is because of the Game Genie, not
because of the codes), but if you are playing on an
emulator, you should have no problems saving your game.

The following codes will only work if you start a new
game (new career), and choose English Buccaneer as your
nationality.
