2. Walkthrough
=====

If you are really feeling confident in yourself not to get countless game overs, use this walkthrough. It is shorter but more dangerous than the other walkthrough I will show.

Zone 01

Go right, ignore the first door, and go in the second.

Zone 11

Where the right treasure chest is, bomb yourself.

Zone 52

Go left to the door, but don't enter it. Suicide bomb at the very edge of the bridge.

Zone 91

You will automatically enter the door.

Zone 95

Go right and go in the door.

Zone 93

Bomb the hidden door 3 spaces right of the left wall. Go in.

Zone 96

Go right and in the door.

Zone 98

Go left and jump from pillar to pillar. Be careful at the end and go in the door.

Zone 99

Go left and bomb in that small space. Go in the door.

Final Zone

Go right, be careful of the fireballs, and get the crystal. CONGRATULATION
Go left and in the door.

Zone 99

Go right and in the door.

Zone 06

Now you need to beat the game with the easier walkthrough because you never went to Zone 06 in this walkthrough.

This is a better, but longer, route for people who like it a bit easier.

Zone 01

Go right and go to Zone 02 by entering the door.

Zone 02

Go right and enter the first door.

Zone 03

Go right and when you see four small gaps in a row, jump into the third.

Zone 06

Get the boots and enter the door.

Zone 08

Go right and enter the first door.

Zone 10

Get on the clouds and get the star. Continue right and bomb right next to the door to reveal another.

Zone 04

Go right and in the door.

Zone 25

Get the clock and bomb one space right of the right door. Go in.

Zone 41

Stand on the right, face left, and throw a bomb. Go in.

Zone 94

Go right and when you reach the very end, carefully drop down to the small platform below. Throw a bomb when facing left, and jump so you don't get killed. Repeat to go in.

Zone 97

Get up on the left platform at the top and take a leap of faith on the edge. If you did this correctly, you should land on a cloud. Jump from cloud to cloud.

Final Zone

If you still have the star, this is very easy. If you don't, go right and be careful of the fireballs. Get the crystal. CONGRATULATION

Go left and in the door.

Zone 99

Go right and in the door.

Zone 06

Repeat the game from Zone 06 again if you want.
