get [Cat #1].

Cat #2

Enter the house on top (named "Minamizake") to get a |Baseball|. You can use it to attack. Go back out again. Go right and enter the first North Road you see and then North again.

You should now be in a blueish street.

Go right and enter the first North Road you see, then North two more times. Now go left and enter the first North Road you see, then left, North, left and North.

You should now be in a greenish street.

Ignore the North road, go all the way right and enter the 2nd North road you see (it's next to the Green St. sign).

Enter North here and you'll be in a Yellowish street.

Go left and enter the building called "SHOP FJ". Buy the 2nd item from the left (it costs 150 HP). Leave the building, go left and enter the "POST OFFICE". Select the item you just bought and press A + B to use it. Leave the building, go left and enter the first South road you see.

On this screen, go right and enter the building named "DRUG STORE". Make sure you have the key selected, or you won't go in.

You'll be in a reddish area. Ignore the north exit, go right and enter the 2nd north exit. You'll be on a blue/gray area. Go right and enter the north exit. On this screen, enter the door directly north to get a |Bell|. Leave and take the south exit. Go right and take the south exit. Go left and enter the first house door you see. Buy a doll (the 2nd item from the right). If you need HP, just defeat the skeletons since they give the most HP. After you buy the item, leave the store, go right and enter the north exit. Go left, ignore the north exit and take the 1st south exit.

You'll be back on the reddish area.

Go left, ignore the 1st north exit and enter the 2nd one. Go left, north.

Now right and north (first north exit). Then right and enter the first door you see. You'll come face to face with a boss. Attack him with the doll and once you defeat him you'll rescue [Cat #2].
