This FAQ is for anyone who has Final Fantasy Origins for the Sony Playstation and wants to know the differences in amount of Experience Points to gain levels in Easy Mode for Final Fantasy I, and the number of spells learned for each. I assume you already know the game, so there are very few actual strategies in this FAQ. There are already a few at Gamefaqs already made, so view one of those if you need direction on where to go. The newest updates will always be at Gamefaqs. I was going to include both Normal and Easy Modes, but there is already a FAQ/Guide for the normal mode in the NES section by Patbuns (http://db.gamefaqs.com/console/nes/file/final_fantasy_char_list.txt), so there is no need to do one for Normal Mode, as there already is one out.

It took me a long time to get up to Level 99 in many of the classes, if people decide to include a chart similar to this for the PSX version in the US (FF Origins) when it comes out, crediting me/acknowledging me would be a nice gesture. Thank you.

Enjoy!

First of all, to compare, in Normal Mode the max experience level is 50. The maximum number of spells to learn for any level is 9. That is changed in Easy Mode; you can now get up to level 99. The max HP on either Mode is 999. Spells are learned MUCH faster in Easy Mode, and a larger number of spells can be learned (99 Cure spells, anyone?). With some parties, Potions will not even be needed at all in the game.
