I. Intro

Hey, It's me Gruel. I'm here this time to deliver the movelist for Droz. Hope you enjoy the list and find it very useful.

II. Mini-Droz Bio & Tidbits

Real Name: Darren Drozdov
Former identities, names, nicknames: "Puke" Darren Drozdov(1998),
Droz(1998-Current)
Major Titles Held: None
Former Ring Escorts: Legion of Doom(1998), Prince Albert(1999)

In the summer of '98 members of the tag teams of DOA and Legion of Doom fought in singles action, the DOA guy won after some sneaky tactics, and LOD challenged all 3 DOA members(Skull, 8-Ball, and Chainz) to a triple tag match and said they'll have a mystery partner, this guy turned out to be Darren Drozdov, nicknamed, "Puke" because of Puking on a football before the hike in an NFL game. He teamed up with them the next week, and got the win for his team after a powerbomb.

Droz continued to team with Droz, and some times even came decked out in LoD headgear and facepaint, he replaced Hawk of LoD for a little while after Hawk went AwoL, but when he came back controversy brewed, and he left the team in January 1999. Droz then went on his own, for a little while, but didn't have much luck.

In the summer of '99 on an episode of Heat a newcomer helped Droz beat up his opponent. This new guy was named Prince Albert, and him and Droz became a team and were involved in the tag team title hunt. They're in the Tag Team Turmoil match at Summerslam, but were eliminated by Edge & Christian. Droz and Albert started to dissappear from the seen, and weren't heard of that much on major WWF broadcasts such as RAW and Smackdown, but in late September, Droz jumped D-Lo Brown during a match of his. He finally got to fight D-Lo Brown for his European title on an October TV taping of Smackdown, but during the match when D-Lo did his running powerbomb, he landed wrong and Droz got paralyzed.

That injury may have been career threatening, but Droz is recovering, and who knows what the future holds for him, but hopefully he'll return as soon as possible.
