II. REVISION HISTORY

version 1.1 (June 25, 2000): 2nd version. Fixed a lot of errors and corrected some formatting. Also added some more info on two of the sections, including some more of my personal thoughts on Ivory.

version 1.0 (March 29, 2000): 1st version.

III. INTRODUCTION

Well, I do not really know why I am doing A Ivory character guide. After all, she is not really a wrestler. She has never been one of my favorite charcaters to use in Wrestlemania 2000, despite the fact of her size. I do not use him that much because his size limits his speed and agility. I prefer a high flyer like Matt or Jeff Hardy. Regardless, someone out there has to be using him, to you few, here you are, and enjoy my guide! Please address all comments to my email address listed above. Thanks, and enjoy my guide!

IV. BIOGRAPHY

Weight: ?????
From: ????
Carrer Highlights: Woman's Champ
Finishing Move: Big Swing

(Biography from Prima Games)

This feisty Superstar has been turning heads ever since she first stepped foot in the World Wrestling Federation. Whether escorting or scrapping it up in the ring herself, Ivory has definitely made her presence felt. Unlike other women who have accompanied men to the ring in the past, Ivory is not afraid to mix it up. In the short time that she has been with the World Wrestling Federation, Ivory has already managed to make life miserable for many Superstars, men and women both.

(My 2 cents, 1.84 cents canadian)

Ivory is a very good wrestler. She has quickness, speed, and agility. I hate her character but I gotta give the devil its due, she's very good overall. I would use her more but I dislike her character so I tend to stay away from her. Lately I think she has been getting a bit better, and I hear that she will soon be an announcer for the WWF. I wish her the best if she does decide to become an announcer.
