II. Introduction

Hello, and thanks for choosing my Debra charcater guide for Wrestlemania 2000! Terri is my one of my favorite females in the World Wrestling Federation, so I used her a lot in Wrestlemania 2000. As a result, I discovered a lot of her moves as well as learning some very interesting facts about her. Anyways, enjoy the guide, and if you have any questions make sure to e-mail me at mcfaddensteve@netscape.net Thanks!

REVISION HISTORY

v1.2 (August 2, 2000): Fixed all the main info located on top of page, corrected some major errors in the move lists. Also added some new sections and explained her finishing move a tad bit more than I did before. This guide may just be complete now, but never say never.

v1.1 (June 22, 2000): Fixed all the main info located on top of page, corrected some major errors in the move lists.

V1.0 (April 1, 2000): First version, everything is new! Very basic guide, with lots of errors, spelling mistakes, and format mistakes, and the move lists were rather basic.

III. Biography

Height: ??

Weight: ??

From: She used to be married to Dusten RunnelsŠ. Fyi :-)

Career Highlights: former WWF Women's Champion

<biography credited to Prima Games>

Terri Runnel's career in professional wrestling has been nothing short of eerie. She was aligned for years with the strange and twisted Golddust, and wrestling fans know her by the overt sexual tension she brings to an arena. Hormonally charged, her presence ringside and backstage remains her biggest weapon overall.

My 2 Cents: Terri

The king likes Puppies, it seems, and so does every superstar on the Federation roster. Terri is not afraid to show her puppies to anyone at anytime and has done so at several house shows. I am beginning to like her more and more since she turned heel on the Hardy Boyz. They don't need her, anyways, right? :-)
Apparently, she is now hanging out and valeting Perry Saturn to the ring in a last ditch effort by the World Wrestling Federation to get Perry Saturn over with its fans. Now, I am no genius here (believe it or not) but I think that if he does get over, he will fade away once Terri does from his side. Because if he does end up getting over, it will be because of her, and only her. And that is true!
