I. Intro

Hey, It's me Gruel. I'm here this time to deliver the movelist for Prince Albert. Hope you enjoy the list and find it very useful.

II. Mini-Prince Albert Bio & Tidbits

Real Name:

Former identities, names, nicknames: Prince Albert (WWF, 1999-Current)

Major Titles Held: None

Former Ring Escorts: Droz (WWF, 1999), Big Boss Man (WWF, 1999-2000)

Prince Albert debuted in the WWF on an episode of Heat in the summer of '99, helping Droz beat on his opponent. Him and Droz became a team and were involved in the tag team title hunt. They're in the Tag Team Turmoil match at Summerslam, but were eliminated by Edge & Christian. Droz and Albert started to disappear from the scene, and weren't heard of that much on major WWF broadcasts such as RAW and Smackdown, but in late September, Prince Albert jumped "The Big Show" Paul Wight for no reason and started to get in a feud with the Big Show. Droz got injured in October '99 and was temporarily on his own. The Big Boss Man was also in a feud with Big Show too. Big Show faced Albert on an episode of RAW in November, and Show ended up beating Albert, but after the match Boss Man distracted Big Show and Albert jumped Show from behind, and BBM knocked Show off the top of the entrance ramp onto the arena floor!

Big Show faced PA, BBM, Mideon & Viscer at the Survivor Series in a 4-on-1 elimination match, and Albert ended up getting pinned. Albert and BBM went in the tag team scene and weren't that successful after several losses, anger broiled between the two, and they finally went at it beating the crap out of each other until officials got involved. Albert also helped Test beat Boss Man for his Hardcore Title, Albert and BBM finally got to wrestle each other, but the match ended in a No Contest.

So Prince Albert is on his own again, and hopefully WWF gold is waiting for him in his future.
