

When your inside Shy Guys Toybox, you will end up going against a monster with a lantern. Once you beat him, break open the lantern, and out will come Watt! She will then join your party!

Get Sushie:

Once your at Yoshi Village, go into the jungle(Once the yoshi kids are lost.) Then, soon will meet Sushie, who is stuck in a tree. Use your hammer to pound her out, and she will the join your party!

Get Lakilester:

When you are at Flower Fields, give the water stone back to Lily, and then, you must have the sun shine again. When you find a huge tower, the sun will be at the top. The sun thinks that there is no way you will be able to it shine again. When you leave the tower, and walk back, you will encounter Lakilester. He will fight you, and when you beat him, his girlfriend will come along and defend him. He will then join your party!

Mario: He's that guy you will be controlling. He will be going through worlds and everything to save Princess Peach.

Princess Peach: She's the lovely Princess who was taken by Bowser (as usual) Mario has to save her.

King Bowser: He's that cool guy who has Princess Peach's castle on top of his. You will have to battle him to save Princess Peach. (He never gives up, does he?)

Kammy Koopa: She is King Bowser's assistant, blah, blah. All she does is go do some of Bowser's deeds. I wouldn't call them good either, except in Shyguys Toybox...a little.

Luigi: Mario's brother, who sits around by the house all day. Hey, at least he brings the mail in. You will see him a little, only in the boundaries of the house.

Twink: He is a little star kid hoping to be a star spirit someday. He stays with Peach and does her favors. He helps Mario a little too.

Prologue

~~~~~

A plea from the stars...

When you wake up, the little Toad will tell you some information, after he talks, leave the Toadhouse and go in the big house and talk to Goomba. After you leave, his veranda will be gone. You will be needing the hammer from him..that's when you go back and his veranda is gone. You will fall, you will not get hurt though. Head to the west and go check in the bushes for the hammer, then take your hammer and hit the tree and a doll will fall out. You give that to Goombaria. Then head back west and Jr. Troopa will appear..he will talk and fight you, etc. Basically, just hit him with your hammer in the fight. Head to the east, past the fall and go on this spring. You will soon then come upon some ledges, go on those and walk, you will soon reach a star piece, get it! Then keep going east, and you will reach a gate. Goomba will open that for you. Then, you can smash that block and leave!

Goomba Road

You will go on and you will have to fight a goomba. Do that, then you will see a sign with a mushroom on it, get that, but not the second sign, it contains a goomba. Then you will approach a red and blue Goomba. Fight them, they are fairly easy. Then they will cry to the Goomba King and you will have to fight him, etc. It's easy also! After that, hit the tree and out will come a switch. Push that switch. Then the Goombas and the King will go away. Then keep heading East and then you will be at a gate thing, hit the tree and go on the spring on the gate. Go to the Treasure Chest and I think a badge is in it.

~~~~~  
Shooting Star Summit  
~~~~~

When you reach Toad Town, go to the Toad house and rest, then go to the save block. Then you will need to go to Shooting Star Summit. Go in the Big Doors, once you are in, you will see debris everywhere, head to the East go over the little bridge and then you will be in shooting star summit. Keep going East and you will see like a little structure, go on that and when you reach the top, you will see the 7 star spirits, they will talk to you and etc. Then go back and Twink will bump you and he will teach you action command or something like that.
