To navigate much easier through this guide, I added the search system, which works just by following these simple steps:

- Highlight the "Section Code" of the section which you wish to go and copy it (CTRL+C).
- Press CTRL+F to bring up the search sub-menu.
- Paste (CTRL+V) the "Section Code" and press ENTER twice to be where you wanted to be. Just like magic!

My Section Codes were made as precise as possible, and I also prefer this method instead of having you scroll 30 min through this huge guide looking for the section you want to go.

You must be wondering why I'm writing a separate Guide only for the location of Judas' Coins. Well, the reason is simple. I'm sick of all the emails I get telling me to separate the Judas' Coins from the rest of the FAQ, because it's much of a "pain" to look for the section in the main walkthrough. Ok... that's a bit retarded, but whatever, I write to make my readers happy and help them, and if they think this is a way to help them, so be it ;).

Well, I hope you like both the FAQ and the game but before starting, there are some things I want to address, so please read the following paragraphs:

- I'm writing this for free and because I'm falling in love with this game. If

you are looking for tons of eloquent ways for me to say "move here and start a battle", you are going to be so disappointed.

- The spoilers are great issues in making guides. I am a player of the game, just like you are. The first time I played through this game was completely by myself. I didn't read any spoilers, therefore nothing was spoiled for me. All the story's ups and downs that were supposed to surprise me had such effect. And I really think it's not fair spoiling such story elements to you.

With all this said, let's start with the guide! Enjoy this guide and remember that it is a spoiler-free, so you don't have to worry about important info of the game being spoiled.

Any critics, suggestions, spelling mistakes, contributions are welcome, so please send them at the following e-mail:

I always reply to all the mails I get, since feedback is the best reward of all.

o Important  
-----

The only sites allowed to host my FAQ's from here on out are the following:

- www.gamefaqs.com
- www.supercheats.com
- www.neoseeker.com

This is because many sites either steal my guides or they don't update them, making it really hard on me because many readers from other sites often ask me question from an incomplete guide, so this is a better way to keep track of my FAQ's and my readers. Please, if you're not on the list above, don't even bother asking about hosting them because the answer will be NO. Thanks.

-----  
I also have MSN and AIM, but please, if you add me, do NOT start bombing me with IM. If I have the time, I'll chat to you, since I'm always busy writing FAQ's and making some research for my job and school, but please keep it polite, 'k? Anyway, here they are:

MSN: xander\_may\_cry@hotmail.com  
AIM: vinh3im

Ask politely and I'll add you. I don't have YIM, so start mailing me to make one just so you can chat with me.

Also, I created a Facebook page for you to check it out here:

o <http://www.facebook.com/pages/Vinheim/127120257336550>

This was made because several people like to add me on Facebook and since I'm

not accepting people I don't know, and I removed the people that added me (sorry for that), I created this page, so enjoy. Also, take a look to a page made from a friend of mine, Absolute Steve.

A list of all the Judas Coins in the game, just for my readers. What do you get by getting all 30? Nothing. You get 2,000 Souls for every 5 Coins gathered and if you get all 30, you'll get 5,000 IIRC, which can be quite useless if you already have all your attacks maximized. It also gives you percentage I guess. You get an achievement/trophy in the PS3/360. Anyway, let's get started.

-- Shores of Acheron ==

~~~~~

01. In an opening after the first climbable wall just before the bridge.
02. In the "elevator" where you find your first Guardian (just before the second time you meet Virgil in here), use the lever to go to the top and jump on the upper left platform.
03. When you find Virgil for the second time in here, check the lower right side of the room.
04. Just before climbing the rope to get to Charon, check behind the statue to find your Judas Coin there.
05. Once you're grabbing the wall on Charon itself, follow the climbable wall and when you get to a fork, go right over the gap to find it on the ledge.

-- Limbo ==

~~~~~

06. Inside the building where Virgil is, previous to the fight with Minos, go to the upper left side, jump to a platform to find a ledge. Pull the lever here to break a statue and reveal the Coin.
07. After Minos, climb up the second rope you come across to find your Coin there.

-- Lust ==

~~~~~

08. Move to the left side of the last segment (where the lightning is) and you'll find a climbable wall behind the statue. Follow the wall to find your Coin.
09. Check between the third and fourth segments (where the lightning is) to find a little hole in the wall. There's a climbable wall here. Follow it to find the Coin.

right, and at the top, climb the next wall to find a red fountain with your Coin.

13. Wait until you're on top of the moving platform in the portal puzzle and before it enters the portal on the left, jump to the right where the red fountain is to find your Coin.
14. After the portal room and the save statue, go down the pillar, jump at the bottom and grab the rope. Swing across to the left and grab the pillar. Jump to the top to grab your Coin.

-- Greed ==

18. In the next room (the one after the previous Coin), kill the Guardian here and check the fountain on the right side to find the Coin.
19. When you get to a statue that shoots fire, point it to the right and shoot to make the pillar fall. Get on top of it and jump onto the ledge to find the Coin.

-- Anger ==

20. In the area prior to Virgil (where the first moveable crate of the circle is), move it to the bottom and use it to reach the ledge on the right that has the Coin.

28. When you get to the Wood of the Suicides, check out the left side (just before Virgil) to find the Coin on a ledge.
29. Once you get to the Abominable Sands, when you reach the first purple fountain, follow the path staying on the right side until you reach a structure. Climb up to find the Coin there, as well as a Damned one.

30. When you get to some more structures, jump on the lower one, then jump on the right one and finally on the top left one to find it up there.
