1) Introduction

This game is Harvest Moon Boy and Girl however I'm only going to talk about the girl version.

2) Story

You're in a cruise ship. Your life is boring, You then met a poet that tells you the good things about living. Afterward you and the guy start spending time together and then one day a hurricane appear. The ship try to sail away from the storm but accidently hit a rock. You're then drifted onto a beach where Zack saw you and and run for help. The screen transport into your house where you're still asleep where Zack and Thomas talks about the guy who help him to save you. When you woke up you told Thomas that you have no family, friends nor a home. You then remember what the Poet told you about good things in life and so you decide to take care of the farm.

3) Controls

>< -> Pick, Talk and Throw
[] -> Use Tools, Eat and Drink
/\ -> Open tool directory
() -> Run, Quit
R1 >< -> Get item from your bag from the back
R1 [] -> Switch through tools
L1 -> wistle both dog and horse (you'll need to press L1 2 times for horse)
Start -> Go to start menu page
Select -> ???

4) Animals

These are the animals in the game. Acoording to my experience in playing Harvest Moon this is the only game you're allow to raise fishes.

4a) Pony

You can only get 1 horse in this game.

- * 2nd or later, go to Barley's farm (Yodel Ranch) at 8:00
- * Barley ask if you want to take care of the little pony.
- * Click yes (First Option) and he'll ask you to name it.

afterward he'll take the pony to your farm.

The pony doesn't do anything because it's just a pony, you would have to wait for 1 year until it grow up, but you must make your pony like you or Barley will take it away in the end of the year. Buy a brush from Saibara (Blacksmith) for 800g. Now brush and talk to your horse everyday.

Note: If you lose your horse you can get another one by planting 25 field of grass. (the horse will be the same colour)

4b) Horse

After a year your pony will grow into a horse. The horse acts like a shipping bin. You can also ride it inside your farm and enter the horse race festival with it.

4c) Puppy

Puppy is there in the beginning of the game. It should grow into a dog in the beginning of Fall in your first year (IF you made it very happy). To increase its heart, you simply pick it up and whistle, puppy is pretty much useless since it's still young

4d) Dog

Puppy will grown into a dog. Dog are actually really useful.

- * They Scare away stray dogs
- * The dog will act as a sheep dog and call the animals to you when you ring the animal bell (bought from Yodel Ranch)
- * Entering the dog race competition

In the 2nd or 3rd year, your dog will fall in love with Hana and will have 2 babies pup shortly afterward.

4e) Chick

You get chick by hatching an egg on the incubator. Surprisingly you don't need to feed your baby chick at all. It doesn't do anything, however, in return

4f) Chicken

Buy chicken from Poultry farm or wait till your chick grow up.

Chicken produces an egg every single day except for the day you didn't feed it. There's only 3 different quality of eggs, to tell which quality you got you need your kitchen to analyse it.

Just like every other live stock, chicken can produce golden eggs if they win the Chicken Sumo Festival.

Note: If you don't have any chicken feed make a fence and put your chicken outside so it can find some food by itself.

4g) Sheep

Buy from Yodel Ranch for 4000g

Sheep have 3 stages (Baby, Medium and Adult). You can only get wool from medium and adult sheep. There's 4 types of wool (small, medium, large and

Golden).

Make sheep happy by talking, brushing and put it outside

Note: If you're going to put the sheep outside best put your dog near it, just for safety issues.

4h) Cow

Buy from Yodel Ranch for 6000g

Cow have 3 stages (baby, medium and adult). You can get milk from cow everyday, however, milk is only obtainable from adult cow. There's four types of milk (small, medium, large and golden).

Make cow happy by brushing, talking and put it outside.

There's 1 festival involves Cow (see Festival Section)

4i) Fish

Get fish by fishing in rivers, lake or beach.

Now put it in your pond and buy some fish food in the Supermarket for 20g each. You only give 1 food each day no matter how many fishes there are.

If you have 2 big fishes, Wait for a couple of days and your fish population will increase.

There's one event involve fishes (see event section)

4j) Bee

You'll need to plant flowers in Summer if you want bees, When it bloom an event will occur showing a bee creating a beehive on your apple tree. Now you're able to get honey from the beehive every day.

There's 2 events involve bees (see event section)

5) Power Berry

Powerberries are fruit you find in the game which increases your stamina bar.

These are the location of the power berries.

- * Fishing in the ocean in Winter
- * Mining in the Spring mine
- * Mining in the Winter mine in winter
- * Go behind the winter mine and press the talk button
- * Chop the Cedar Tree in Mother's Hill and then press the 'No' Option
- * Win the swimming festival
- * Buy it for 1001 medal in the dog, horse race festival
- * Buy it from TV Shopping for 5000g

- * Plant alot of flowers in Fall (secret section) and Anna will come and exchange the flowers for a power berry
- * Throw 20 crops in the Goddess Pond

5b) Blue Power Berry

This game includes Blue Power Berry. In HMBTN they didn't put instead they replace it with power berry. Okay here.

- * Throw 3 cucumber in Mother's lake around 8:20am standing between 2 trees and then Kappa will appear and gives you a Blue power berry.

6) Secrets

These are some secrets in the game

6a) Beuaty Star

Bueaty star is an icon shaped like a star which appears on your start menu next to Claire (Main Character) icon.

To get it

- * Go to library and order beuaty magazine from Mary by talking to her in the counter, then go the shelf nearest to her and read it. After reading it order another Fashion book.
- * Sleep early
- * Look at the mirror
- * Use hot spring

Now just keep doing these steps until you get it, be patience and don't send me any email asking how to make it appear faster.

The bueaty star just helps increase the boy affection.

note: Forum state you can get up to 10 star but I never got more than 1

6b) Anna's Hana

To get Anna's power berry you would need to waste a hell lots of money. To make atleast a profit buy Red Magic Flowers from Won and plant atleast 42 square on your field. Anna will come and trade you a power berry for some bloomed flowers

Note: It's just a normal powerberry not the blue one

6c) 2nd Horse

If you lost your horse because it doesn't like you. Don't think that you'll never get another one again. To get another one basically plant alot of grass on your field and then Barley will come and give you a pony.

Note: The Pony is the same one you'll get from before, there's no colour change what so ever.

6d) Goddess love

There's another way to make the boy you're wooing to love you more. Simply throw in 10 crops (Eggs, Wool, Milk and Crops) in the waterfall and then the Harvest Goddess will appear and make the boy who love you the move appear and gives you a flower.

6e) Doug Anger

When you give the Doug an item he always smile and say thanks happily, but this is not the same in Harvest Moon Back to Nature. In HMBTN he say thanks with an angry face.

6f) Jack is back

If you're in your fourth year, when you participate in the tomato festival you can see the main boy character in Harvest Moon Back to Nature hiding behind the barrel. If you talk to it there's some text appear but no actual face is shown.

note: This is probably just a glitch

6g) Identity found

You know the main character for Harvest Moon for Girls right. Every body thought her name was Jill because the counter part of Jack. Well it was reveal by Marvelous that her name is Claire.

6h) Ghost in the Ghost ship

Before the game take place you are in the cruise ship having fun with the unknown boy character. That boy never appear in the game and not even a broken part of the ship appear drifted along with you. could it be just a dream or is it.

6i) Mail Box?

Next to the supermarket there's a big red mailbox. If you talk to it, it'll say Mother and Father? No one knows the purpose for the mail box. It was probably going to be used for an event but the creator may have forgotten about it.

6j) Spa-Boiled Egg

Well this isn't really a secret but seeing how people asking me alot of question I figure I need to put it here. Get an egg from chicken, and throw it in the spa.

note: spa-boil eggs cost more than normal eggs, however, throw low quality eggs in as the result will be the same if you throw high or gold quality eggs.

6k) Thanks Slave

well beside Spring, you can get the harvest sprite to work for you, however, you need to pay some price (making the sprite have 3 heart).
