Goku Makai Mura (Ultimate Ghosts And Goblins)

Before we start:

I'm not here to hold your hand. Work your way through the game itself, remember the maps. DON'T ask me for a walkthrough. I'm not going to respond. If you have anything I'm missing, tell me and I'll update it. DO NOT ASK ME FOR STRATEGIES. There's a reason why this game is supposed to be hard - no one's supposed to tell you when to jump. Understood? Good.

FAQs:

Q: Why are your names different from the US/EU versions?

A: I played the JP version.

Q: Where's \_\_\_\_\_ (insert something I already covered)?

A: There's a reason I listed everything out painstakingly.

Q: Are there any modes other than Beginner, Normal and Arcade?

A: What, you want something even MORE challenging? Go play the NES version.

Q: Are there cheat codes?

A: No.

Q: Why is this game so hard?!?!?!?!?!1111

A: It's supposed to BE hard.

Q: Can you send me a gamesave?

A: No.

Q: You're awesome.

A: I know.

Q: Can I have a gamesave?

A: No.

There are 3 endings in total:

- 1) Finish the first time (22 rings) -  
The princess will be sent back to the castle ruins
- 2) Finish the second time (11 rings) -  
The princess waits for Arthur in her room...
- 3) Finish the game the first time round with all 33 rings -  
The princess waits for Arthur on her bed... ^\_~

All 3 endings are achievable through any mode.

Secret - Once you have over 30 lives, your life count will become infinite.

Useful, no?
