Introduction

Thank you for choosing to read my FAQ/Walkthrough Guide. This guide is to help people who do have or do not have the games. Noticing that there was no FAQs/Walkthrough Guide in Yu-Gi-Oh! GX Tag Force. Being bothered like this inspired me to write this. There will be more coming in the future, but until then, ENJOY!!!! If you have trouble finding what you want then use CTRL+F.

FAQs

Q: What is the point of Stage 1?
A: Create good decks, find a partner

Q: How do you get a partner?
A: In the first run through of the game, you may only choose the Main Characters. You have to get "7 hearts" with one or more of them. You can do this by talking them first, then giving them sandwiches or dueling them. You can check this on your computer in your room. In the second run through, when you talk to Page 2 and 3 characters

a dialouge box would appear and say Talk or Ask to be partners.
For some duelist, you need to duel them.

Q: How do you download the Banlist?

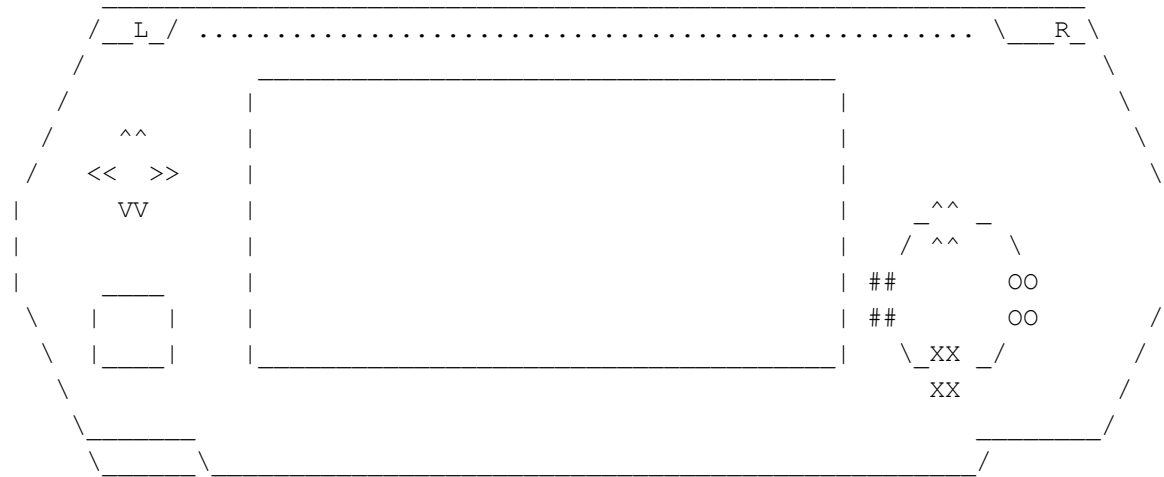

A: At the main menu, Go to Database and click "Go to the Yu-Gi-Oh!
website"

Q: What is the point of dragging along Pharoah with you?

A: The point of "Pharoah" in the game is to make Lyman Banner your
partner or making hearts with the page 1 characters. When you talk
to a Main Character with Pharoah (any option works except rumors),
you would have a great conversation.

July 6th-Thur: The third test in school district
Check in the "Tests" section.

July 12th-Wed: School Festival

This day is also in the show. You will duel Dark Magician Girl (a.k.a. DMG).
Do not worry if you lose, it does not affect the game. After you beat the
game with 5 of the 7 main characters, you will have the chance to duel
Dorothy. If you beat her(very likely), she will become your partner.

July 31st-Mon: The day before of 'Tag Force' meet

Simply the day before the meet. This day will go along the same with
any other day. If you do not have a partner, tough luck...

August 1st- Tues: The 'Tag Force' meet date

This is the day that leads into Stage/Part 2. If you have a partner, you
may continue, but if you don't, then you have to restart Stage/Part 1.
The game ends on August 3rd which is a Thurs.

----- Stage/Part 2

The objective of Stage/Part 2 is to construct a deck that will work well
with your partner and get all 90 medals. You will also need to make it to
the top and beat people in the finals.

In the following, you would see the partners and where they can be found
in the game.

Glitches

1.Hallowed Life Barrier protects your monster, but its effect states thatby discarding a card from your hand, you won't lose any damage for the rest of the turn.

2.Manticore of Darkness's effect never activates.

3.When duelling KENyOU, by paying 500LP it returns to his side of the field. During his next Standby Phase he should lose 300LP but doesn't.

4.At times, Horus is effected by Magic Cards when it shouldn't from its effect.

5.Horus Level 8 doesn't give you the chance to activate its effect, however it works at times.

6.E-Hero Rampart Blaster cannot attack directly

7.When attacking your opponent directly with Chainsaw Insect, your opponent draws a card. The effect states that when this card battles with a monster, your opponent draws a card.

8.Submarineroid does not give you a choice to turn in defense mode after attacking your opponent's life points normally.
