1. Introduction

Hello all reading this FAQ first off thank you for taking the time to read my FAQ, I致e made this FAQ so that everyone will know what type of decks the 4 Signers use in game (note this does not include Yusei without his Marker and Duel Academy as they are pre-Signer Arc or Crow since in game he isn奏 a Signer)

6. Signer Decklists Introduction

In Tag Force 4 there are only 4 Signers in the game and they are Yusei Fudo, Jack Atlas, Aki Izayoi (Akiza Izinski in the dub), and Ruka (Luna in the Dub), these are the only 4 Signers in game as it doesn't go up to the finally battle with Rex Goodwin so there is no Signer Rex and no Signer Crow

7. Yu-Gi-Oh! 5D's Tag Force 4 Signers Decklists

These are the list of Signers in game and all of their decks, as the game progresses on you will have the ability to edit their first deck except for one exception

A card with a yellow barrier around it can not be taken out of a characters deck because its one of their favorite/key cards

Also when editing their deck you have access to all cards in your trunk as well as cards in your partners deck even if you don't own them, as long as they have 1 or 2 copies of a card in their deck there will be an extra copy to be placed in their deck if you wish

Note I will be using the English names of all the cards
