|_DRI Agent_____|

If you don't chose the Starter Pack B you still can get Agumon by talking to his DRI Agent. He is on Tyranno Valley, East Sector.

Your Digimon's combined levels must be between 30-45, then talk to the DRI Agent. He will ask you to get the DDNA from MetalGreymon.

Go to Bulk Swamp, South Sector, find and beat MetalGreymon to get his DDNA. Give the DDNA to his DRI Agent and you'll have a new Agumon waiting for you. Talk with Pixiemon or Dr. Kadomatsu and get the Agumon.
