.....
Introduction
.....

Welcome to the FAQ *KUPO* !

Say, this is my very FIRST FAQ ! Sorry for the awful lay-out. If you find

any mistakes, just send an e-mail to me. Credits will be given.

Why I made this moogles FAQ ? Well.. because:

- They're cute !! (yes, I'm a girl)
- They're very important object's in FF9 (Save points) -- hate the orbs and hidden save on Memoria
- They're an exclusive place to use Tents -- hate the orbs and hidden save on

Memoria again

- Some of them sell rare weapons and items
- You can't play Chocobo's side quest without them
- Moogles have emotions and some of them dressed funny
- They don't appear in the 2 FF prequels (just consider it didn't appear in FF7 ^_^;)

- You can complete the Mognet Central sidequest
- They have a mognet ability (huh? It's cute, though.)

If you don't know where exactly the places the moogles are, please read

other FAQs for details.

I guess I made this FAQ a bit late.. ~_~

Well.. I was just so happy that Square brought them back on FF again.

.....
Description of a Moogle
.....

A moogle is a white animal (?) with a maroon bat-like wing and a pom-pom (cherry-like thing on it's head), and they like to yell "Kupo ! kupo !". And their favorite food is Kupo Nut's. This creature enables you to save your games and to use tent that can heal your entire party (you must have the tent, though). These Moogles can be found almost in every town, just talk to them and they'll service you as well. In Qu's Marsh the moogle can show you directions (you can't always ask him) and tell you the basic's of the game. In Chocobo's Places, it'll be your guide to do everything with your chocobo. On world map, press the square button to call the moogle, and don't ever call him if you don't need him ! He'll be very angry !! So don't you *EVER* piss him off! Well, nothing will happen though. Only a guilty feeling deep inside your heart left behind.. My brother likes to piss him off and I noticed a funny thing, the text is changed from "Don't call me if

you don't need me, kupo !" to "You'll be sorry, kupo !" (or something like that, I kinda forgot the 2nd text). I dunno if there's another text, maybe it changes in every continent.

:::::::::::::::::::::
Mognet
:::::::::::::::::::::

With the Mognet system you can help the Moogles by delivering letters from a moogles to another moogles in other continent or town, or you can receive letters from other people (usually Ruby) in other continent's and town's to tell you what happened there. Please note that you can carry only three letters, you have to throw an old one if you want to receive a new one. Please note, if you discard one of the Moogles' letters or don't deliver some of the letters, you can't get the Mognet Central sidequest.

:::::::::::::::::::::
Mognet Central -- sidequest
:::::::::::::::::::::

You can only play this sidequest if you didn't discard any of the letters and you delivered all of it. I did this on disc 3 (Damn! If I wasn't already in disc 4, I'll never repeat the game all over again !). You can't do this right before you fight the last boss, because you can't enter some Moogles-areas because of the crack on the front of the entrance. First, you MUST have a gold (flying) chocobo. Go to the north of Outer Continent (Madain Sari), there should be an island (big enough to be viewed on the map). Search for a crack on a mountain, and use dead pepper on it. That's it ! You found the Mognet Central!! Ahem - Inside, you'll notice that they're discussing about the broken mognet machine. It seems that you need an item. Now go to the moogles in Alexandria, he'll give you a clue about the item. And he'll give you a letter to Atla. Now, deliver the rest.

:::::::::::::::::::::
Moogles name, Moogles location, Moogles services
:::::::::::::::::::::

I arranged it historically, as the game goes. You can't visit some of the moogles later in the game, because the place could be destroyed, or petrified. So I suggest you to deliver the letters as soon as possible.

There's another Moogle, Stiltzkin. This Moogle is a traveller type of a Moogle, and almost every Moogle is waiting to be visited by him. He dressed in such a funny way, some kind of a tiger skin costume. You'll meet him for the first time in Alexandria, with Kupo. Then, you'll meet him at these places and he offers you good items with friendly and funny price:

Burmecia	: Ether, Hi-Potion, Soft	333 gil
Cleyra	: Hi-Potion, Ether, Phoenix Pinion	444 gil
Fossil Roo	: Phoenix Pinion, Remedy, Ether	555 gil
Mountain Path	: Magic Tag, Tent, Ether	666 gil
Alexandria (disc 3)	: Phoenix Pinion, Hi-Potion, Elixir	777 gil
Oeilvert	: Hi-Potion, Emerald, Elixir	888 gil
Bran Bal	: Diamond, Ether, Elixir	2222 gil
Alexandria (disc 4, press square button)	: Moonstone, Ruby, Elixir	5555 gil

Thanx to ^Gangstar_Enforcer^ killakla (killakla@hotmail.com) for the info on Stiltzkin items on Alexandria (disc4)

Be sure to buy these items, cause you'll need it! Some of the items not

elled on shops in towns, so buy it !! Besides, he can't continue his journey if you don't give him any money by buying the items. Pretty sad, isn't it? *sob*. Note : In Oeilvert, if you want to meet Stiltzkin, you MUST enter the right room in Oeilvert first. If you go to another place before you meet him, he'll not there. When I first saw him, I left him behind (I thought I could visit him later) and when I came back, he was'nt there!! Fortunately, before I entered the Oeilvert, I saved the game twice (for my bro) and continued my journey, tried to meet him. Then, in Bran Bal, I met him again. I wanted to know if he would be on Bran Bal if i didn't visit him before in Oeilvert. So, I loaded the first saved-game without visiting Stiltzkin, and that's it. He's not there !! So, BE SURE to BUY ITEMS from STILTZKIN.

And another Moogle, Artemicion, the Mognet Mailman. His colour is a bit funny, purple! And he ain't doing fine with his job.

Still, there's a moogle named Mog, the smallest Moogle. She's Eiko's bestfriend.

Thanx to Dany for asking me to erase the spoiler

And there's still lotsa Moogles in Madain Sari, Village of Summoner:

- Moco
- Morrison
- Momatose
- Mocha
- Chimomo

No services, though. Except Morrison and Momatose.

There's more moogles in Mognet Central!! *KUPO* :

- Mogliana
- Mogriffin
- Mogreg
- Mosh
- Artemicion

Still, no services.

There's another Moogle in Alexandria (I think it was after Alexandria got reconstructed after the chaos), Chesnut. He'll give you information about the jump rope ranks. And you can see Stiltzkin there, too.

And yeah, there's another Moogle in Qu's Marsh, Moggy, standing beside Mogster. This one's so cute !!!

Gosh, there's so many Moogles in FF9 ! I guess I would like to count them....
