I. VERSION HISTORY

Version 1.0- November 22

First version of this FAQ/walkthrough. Right now, only the basics of the game are in this FAQ. More is soon to come, including walkthroughs and tons of secrets in the game. I hope you enjoy this FAQ.

Version 2.0- December 02

Sorry for the lack of updates, but it was worth the wait. A pretty big/major update today, added and updated a few things. Tried to fix the Artwork at the top of the screen. Added the Calendar Section, added the recipe Section, updated the Festivals Section, updated the Character Section, and updated the Tools Section.

Version 2.5- January 07

Its been a while since the last update. This update is also the two month anniversary of this FAQ. I finished the Recipe Section and fixed some of the Recipes also that were messed up and did not work properly. The newly awaited Secrets Section is now up too!!! Also you should expect a fairly big update with in the next update...

II. ABOUT THE AUTHOR

Hello! I take it that if you are reading this part of this FAQ, you are probably pretty bored. My name is Bryant and I am writing a FAQ on Harvest Moon: Back To Nature because my obsession of Harvest Moon is starting to get really high. I am currently 13 years old. Yes, I know, I know, a first time FAQ writer. I will try my best to write a good FAQ on Harvest Moon, with all the possible secrets and rumors. Also, if you want, you can feel free to send me (at BryantT13@aol.com) contributions to this FAQ and I will give you the proper credit that you deserve. Well, I hope you like my FAQ. (And soon to be walkthrough too!)

III. COMPARING N64 WITH PLAYSTATION

In this section of the FAQ, I will tell the differences between Harvest Moon 64 with Harvest Moon: Back To Nature.

- Harvest Moon: Back To Nature has the same "2 and one-half" graphics as Harvest Moon 64, but has sharper colors and is in more detail.
- There are more crops in Back to Nature then Harvest Moon 64.
- The characters live in different houses than in Harvest Moon 64.
- There is a walk-in stable for your horse in Harvest Moon: Back To Nature.
- There are different and more festivals in the Playstation version like the chicken sumo festival and the tomato fight festival.
- You can "raise" fish in Harvest Moon: Back To Nature.
- In the other versions of the game, the people just stayed in one place the whole day. In Harvest Moon: Back To Nature, the people are more life-like and are sometimes hard to find during the day.

As you can see, Harvest Moon: Back To Nature is a quite a bit better than Harvest Moon 64. In my opinion, Harvest Moon: Back To Nature is a lot more fun to play too!!! This game is one of the best games for Playstation, it even starts to compare with the Final Fantasy Series.

IV. GAME CONTROLS

In this section of this FAQ, I will explain what the different buttons do to control the game.

TRIANGLE- This button views the rucksack and will give you information of the highlighted items.

CIRCLE- This button cancels options and you can run if you hold this button down.

SQUARE- This will use the tool that you have in your hand.

X- This button selects menu choices and will harvest and pick up or drop the item that you have in you hands.

L1- It will whistle for your dog.

L2- It will whistle for your horse.

R1- This will switch between your equipped tools.

R2- It will add or remove an item from your knapsack.

START- This button will pause the game and bring up the status screen.

SELECT- It will display the map of Harvest Moon World.

ANALOG STICK AND/OR DIRECTIONAL BUTTONS- It will move your character and/or cursor around the screen.

V. THE BEGINNING

You are a little boy and are supposed to go on a vacation with your dad. (who knows where your mother is....) Just before your vacation, your dad has been asked to go on a business trip. So, you get stuck having to go to your grandfathers farm. You think it's going to be boring there with absolutely nothing to do and you grandfather even tells you that there won't be much to do since he is going to be to busy working on the farm. When you get there, you meet a girl and become friends with her fast. You spend hours with her, singing songs, playing games, and having a lot of fun. When it comes time for you to come back home, you promise her that you will come back some day and marry her.

Ten years have passed. When you visit your grandfathers farm, you find out that he has passed away. The mayor comes and tells you he will give you three years to fix up your grandfathers farm.(which is in a real wreck.) You decide to try to fix up the farm and try to find the girl that you promised to marry.....

VI. CHARACTERS

-----*****Eligible Characters You Can Date/Marry*****-----

Just to start off, there are 5 eligible girls you can date/marry. As in Nintendo 64, the five young woman are Elli, Popuri, Ann, Maria, and Karen. When you talk to the girls they have a little heart on the bottom of the message. Each different kind of heart color means a different kind of attraction towards you. To get the heart to a higher color, you have to be nice to the girl and give her the things that she likes. I am still experimenting with what the girls like and dislike, and will have more information on that later. Well here are the different colors and meanings of the hearts.

BLACK HEART- She wishes that she never met you and that you would move to another town!!!

PURPLE HEART- She is indifferent.

BLUE HEART- She thinks you are attractive.

GREEN HEART- She starts to fall in love with you.

YELLOW HEART- She begins to go out on dates with you.

ORANGE HEART- She starts to think about marrying you.

RED HEART- She is madly in love with you and wants to marry you.

I will now go into more depth of each character that you can date/marry and explain how they look.

KAREN- She has blonde hair. She is a lot nicer then she was in the Nintendo 64 version of the game. She is usually working at the supermarket from 1-4 P.M. Her birthday is Fall the 15th.

ANN- She has red hair and is quite nice once you get to know her. She is usually working at the restaurant around 1-3 P.M. Her birthday is Summer the 17th

POPURI- She dyed her hair pink and she adores the animals in the forest. She can be found at around 8 A.M. near the hot springs in the mountains. Her birthday is Summer 3rd.

ELLI- She has brown hair and her hair is cut short to her chin. She is usually at the Hospital/Clinic. Her birthday is Spring the 16th.

MARY- She has black hair and glasses. She still works in the library, as in the Nintendo 64 version, but the library is now two stories tall. She can be found most of the time at her library. Her birthday is Winter the 20th.

-----*****Other Characters*****-----

THOMAS- He is the mayor and he runs the town and controls it.

ZACK- He picks up your crops in the shipping bin and lives down near the beach.

BOLD- He is the purple colored sprite and will help you out on your farm if you are nice to him.

STAIID- He is the blue colored sprite and will help you out on your farm if you are nice to him.

AQUA- He is the aqua colored sprite and will help you out on your farm if you are nice to him.

TIMID- He is the green colored sprite and will help you out on your farm if you are nice to him.

HOGGY- He is the yellow colored sprite and will help you out on your farm if you are nice to him.

CHEF- He is the red colored sprite and will help you out on your farm if you are nice to him.

NAPPY- He is the orange colored sprite and will help you out on your farm if you are nice to him.

LOUIS- He is at Gotz's house most of the time and likes to go to the mountains.

SAIBARA- He is the towns blacksmith and will sell you all the tools you need for your animals and will upgrade your tools if you have the needed mineral and the money.

BARLEY- He owns Yodel Ranch and he will sell you cows and sheep if you have enough grass. You can also get the horse from him.

GREG- He is the fisherman in town and you can get the fishing pole from him. He is often hard to find and only fishes at the beach.

CLIFF- He likes Ann and is almost always at the church praying about his past and future.

KAI- He only comes to town in the summer and he owns the shop down at the beach.

STU- He is about 7 years old and is Elli's little brother and he has a very good talent at the Tomato Festival.

DOCTOR- He doesn't really have a name and he is the doctor at the Hospital/Clinic.

CARTER- He is the towns priest and he is almost always at the church. You can go in the confessional box at the church and tell him you problems.

ELLEN- She is Elli's grandmother and is usually inside her house or she is sitting outside of her house.

DUKE- He owns the vineyard and will sell you wine.

GOTZ- He is the towns carpenter and he will gladly build you additions if the have the money and lumber. If you don't have the lumber, but have a lot of money, he will sell you lumber for 50g a piece.

WON- He wears yellow and is usually at the restaurant trying to sell you some useful seeds.

MAY- She is about 7 years old and she always hangs around with stu and sometimes Elli.

SASHA- She is Karen's mother and is Jeff's wife.

LILLIA- She is Popuri's mother and will sell you chickens, chicken feed, and animal medicine.

JEFF- He owns at the Supermarket with Karen and Sasha and is known to let people off the hook with paying for items at his supermarket.

HARRIS- He is the towns policeman. All he really does though is patrol the town.

BASIL- He looks like a person who would spent a lot of time in the woods, but he doesn't.

MANNA- She is the wife of Duke and can be found at the vineyard most of the time.

ANNA- She is a mother and is sometimes at the town square talking with some other woman that she is friends with.

RICK- He is Popuri's brother and will often make Popuri very mad at him.

KANO- He is sometimes at Thomas's house.

GRAY- You don't see him that much and he is kind of shy.

GOURMET JUDGE- He is at some of the food festivals in which he tastes the products and judges them to find out what one is the best.

VII. TOOLS

In this section, I will list the basic tools that you can use. Some of these tools have never been in any Harvest Moon before.

HAMMER- You start with this tool: The hammer will break small stones and once you upgrade it can break bigger stones and if you upgrade it

again you can start to break big boulders.

SICKLE- You start with this tool: The sickle will help you a lot by cutting the grass and it can also cut the dieing crops. You can also use this to cut the weeds, but it is easier pulling the weeds up by hand and it also saves your energy.

HOE- You start with this tool: The hoe will till the soil so you can plant seeds and grow crops. You can also till or "dig" in the mine with the hoe to get some minerals.

AX- You start with this tool: The ax will chop branches around your field and after you upgrade this tool you can start to cut those unwanted tree stumps.

WATERING CAN- You start with this tool: The watering can is probably the most important tool because you wouldn't make a lot of money without it. It will water your crops so you can harvest them and make money.

FISHING ROD- You get this tool from Greg, the fisher at the beach: This tool can be hard to find because Greg is only at the beach from 7-10 A.M. on Thursdays. You can fish with this and after you catch a fish you can put it in your fish pond and raise the fish.

FISHING POLE- This tool may prove to be slightly harder then it is to get the Fishing Rod. The good thing about the Fishing Pole though is that it is easier to catch fish with and you can catch the 6 Legendary Fish with it. To get the Fishing Pole, you need to have the Fishing Rod. Once you have stored/bread at least 50 fish in your Fishing Pond, Greg will come by one day a compliment you for catching so many fish. He also says that you are probably going to be a excellent fisherman one day. He is so happy with you he gives you the Fishing Pole. This is the best Fishing Pole there is so use it wisely to catch the 6 Legendary Fish. If you want to know how to catch each and every Legendary Fish, check out my Secrets Section!!!

BRUSH- You can buy this tool from Saibara: The brush is an another important tool because it will keep most of your animals happy with it. You can brush your horse, cows, and sheep with this tool and make them like you more.

RUCKSACK- You start with this tool but, you can also buy bigger ones: The rucksack will hold your tools in the top part. The bottom part will hold foods, flowers, and minerals you can from the mines. When you first get it though, you only can hold two things in it but, after you upgrade it you can hold a lot more.

MILKER- You can buy this tool from Saibara: The milker will milk your cows in the barn. The name of the game to get a lot of milk is, the happier the cow, the better the milk.

CLIPPERS- You can buy this tool from Saibara: The clippers will shear the wool from your sheep. Also, if the sheep is a happy sheep, you will get better wool.

BASKET- You can buy this tool from the Supermarket: The basket you can buy and can be pretty expensive but it is well worth the money and can save you a lot of time. You can have up to 30 crops in the basket at one time. You can carry this around to your rows of crops and load the crops in the basket. Then, you bring it over to any shipping bin and press the square button to dump the crops in the shipping bin.

DOG BALL- You can buy this tool from Won once your dog is fully grown: Once your dog is fully grown, Won will come to your house one day and sell you this tool. You should buy it because it can help your dog win the Dog Race Festival. All you have to do is throw the ball near your dog, and your dog will retrieve it.

VIII. SEASONS

As a lot of you people know, there are different seasons in the game. These seasons are Spring, Summer, Fall, and Winter. You can grow different crops in different seasons. When you play a new game, you will always start out in the 1st of Spring. When I say that you can re-grow a crop, I mean that as long as you keep on watering the crops, it will continue to produce throughout the season without having to buy new seeds. I shall now explain what crops you can grow in the different seasons.

(((((*****SPRING*****))))))

TURNIPS- money you get for each crop: 60g- Days to fully grow: 4- Can you re-grow this crop?: NO

POTATOES- money you get for each crop: 80g- Days to fully grow: 7- Can you re-grow this crop?: NO

CABBAGE- money you get for each crop: 250g- Days to fully grow: 14- Can you re-grow this crop?: NO

CUCUMBERS- money you get for each crop: 60g- Days to fully grow: 9- Can you re-grow this crop?: YES

STRAWBERRIES- money you get for each crop: 30g- Days to fully grow: 8- Can you re-grow this crop?: YES

(((((*****SUMMER*****))))))

ONIONS- money you get for each crop: 80g- Days to fully grow: 7- Can you re-grow this crop?: NO

PUMPKINS- money you get for each crop: 250g- Days to fully grow: 14- Can you re-grow this crop?: NO

TOMATOES- money you get for each crop: 60g- Days to fully grow: 9- Can you re-grow this crop?: YES

CORN- money you get for each crop: 100g- Days to fully grow: 14- Can you re-grow this crop?: YES

PINEAPPLE- money you get for each crop: 500g- Days to fully grow: 20- Can you re-grow this crop?: YES

(((((*****FALL*****))))))

CARROTS- money you get for each crop: 120g- Days to fully grow: 7- Can you re-grow this crop?: NO

SPINACH- money you get for each crop: 80g- Days to fully grow: 5- Can you re-grow this crop?: NO

EGGPLANT- money you get for each crop: 80g- Days to fully grow: 9- Can you re-grow this crop?: YES

SWEET POTATOES- money you get for each crop: 120g- Days to fully grow: 5- Can you re-grow this crop?: YES

GREEN PEPPERS- money you get for each crop: 40g- Days to fully grow: 7- Can you re-grow this crop?: YES

(((((*****WINTER*****))))))

In the winter, you can't grow crops unless you have a hothouse. A hothouse is like a mini greenhouse. There are no special seeds for the winter so if you have the hothouse, you have to use some of the other seeds from the other seasons. When you grow crops in the hothouse, you can make a little extra money from the crops along if you are mining too!

IX. ANIMALS

In this Section, I will tell you about the various animals in the game. Even though animals look like they wouldn't be a very big money maker, never underestimate them. They can prove to be quite a profit on your farm. Make sure that you herd the animals inside the barn on rainy days...

(((((*****CHICKENS*****))))))

Chickens are one of the most easiest and affordable animals in the game. All you need to do to raise a chicken is feed it everyday. After you buy one chicken, there is no need to buy anymore. You just have to hatch the rest of the chickens in the incubator with the chickens egg. Each chicken only lays one egg a day. After you extend your chicken coop from Gotz, you can buy a mayonnaise maker that you can turn your eggs into mayonnaise. Mayonnaise is also a lot more profitable then eggs so it is a good investment to buy one.

(((((*****COWS*****))))))

Cows can be one the most profitable animals in the game but, They do require a quite a bit of care. Before you buy a cow, you should plant plenty of grass so that Yodel Ranch will sell you a cow. Everyday, you should brush each cow, talk to them and feed them to keep it healthy and producing milk. While your cows milk get some money in, the cheese maker will be more profitable. In order to get the cheese maker, you need to expand your barn and then buy it from the blacksmith. Also, the C.M. Potion will get your cow pregnant so you can raise another cow. The only bad thing about the pregnancy is that you can't milk the mother cow while she is pregnant.

(((((*****SHEEP*****))))))

Just like cows, you need enough fodder for Yodel Ranch to sell one to you. You also, like cows, have to brush, talk, and feed each sheep everyday. The sheep produce wool every seven days and is worth a quite a bit of money. If you upgrade the barn, you can buy a yarn maker machine from the blacksmith. Yarn is worth a lot of money in this town. Also, like cows, you can pregnant the sheep with a S.M Potion. You also can't shear the sheep when they are pregnant.

(((((*****DOG*****))))))

Your trusty old dog. You should pet your dog everyday and play ball with him/her to make your dog happy. If you dog likes you, and if you play ball with your dog a lot, your dog will start to do better in Dog Races and with start to protect your crops from wild animals. You also don't have to feed your dog. Just like the old saying, a dog is a mans (or woman) best friend.

(((((*****HORSE*****))))))

You should brush your horse daily to make him happy. Also, like your dog, you don't have to feed your horse. You should try to be nice to your horse to make him do good in the local horse race on the 18th of Spring. Also, if you do not take care of your horse Barley will take him away. A lot of towns people like a farmer that knows how to ride a well trained horse and win in the horse race.

X. FESTIVALS

In this section of this FAQ, I will tell you the season and day of each Festival and will explain each Festival also. There are a lot of different festivals in this game and each one of them are fun to play.

(((((*****SPRING*****))))))

NEW YEARS FESTIVAL- 1st of Spring: For this Festival, all the townspeople gather in the town square to think about the upcoming years and whats going to happen in the next year.

GODDESS FESTIVAL- 8th of Spring: For this Festival, the girls that you can marry will perform a dance for you. The day before the Festival, ask the girl you like if she will go with you. If she doesn't like you enough, she will probably say that she is going with someone else.

THANKSGIVING FESTIVAL- 14th of Spring: This really isn't a Festival, but you and other townspeople give your friends sweets. If you give the girl that you like a sweet, she will be happy.

LOCAL HORSE RACE FESTIVAL- 18th of Spring: For this Festival you can race your horse or bet on the horse(s) that are going to win. You have to use medals to bet on the horses. One medal costs 50g. Here are a list of prizes you can get with the medals:

Power Berry:	1001 medals
Bracelet:	42 medals
Necklace:	35 medals
Earrings:	33 medals
Turbojolt XL:	21 medals
Bodigize XL:	15 medals
Truffle:	12 medals
Mystrile:	3 medals

COOKING FESTIVAL- 22nd of Spring: Once you have your kitchen, you can participate in the Cooking Festival if you bring a homemade dish. A gourmet judge will determine the winner of the Festival.

(((((*****SUMMER*****))))))

SWIMMING FESTIVAL- 1st of Summer: For this Festival, you try to swim to the rock and beat everyone else. It's not as easy as it looks. You have to swim and when you get tired you have to come up for some air. It is also hard because Kai is a really fast swimmer and is often difficult to beat.

CHICKEN SUMO FESTIVAL- 7th of Summer: For this Festival, bring your happiest chicken to compete against the other chickens. The chicken will try to knock the other chicken out of the ring. Also, if you win. your chicken will start to lay golden eggs that are worth a lot of money.

TOMATO FIGHT FESTIVAL- 12th of Summer: This Festival, in my opinion, is the best. You can talk to people and they might ask you to join their team. The team that you join will make everyone on that team like you more. Oh, and be careful, Stu has a pretty good arm.

COW FESTIVAL- 20th of Summer: For this Festival, you should enter your happiest cow (if you have one) for this Festival. If your cow wins the Festival, it will become a lot happier and will start to produce some gold milk that is worth a lot of money.

FIREWORKS FESTIVAL- 24th of Summer: This Festival starts at 6 P.M. at the beach. You should ask the girl that you like to sit with you to watch the fireworks. If you do, she will like you more.

(((((*****FALL*****))))))

MUSIC FESTIVAL- 3rd of Fall: For this Festival, you play music at the church and Karen will sing. Be sure to go to the church at exactly 6 P.M. or the Festival will be ruined.

HARVEST FESTIVAL- 9th of Fall: For this Festival, you can bring any food you want to add to the huge bowl of soup. If you bring something bad, the townspeople will all hate the soup. If you bring something good, they will all like the soup.

MOON FESTIVAL- 13th of Fall: At 6 P.M. be sure to go up to the top of Mother's Hill because the girl that you are dating will be waiting for you. Both of you will watch the moon as it rises high in the sky and you will both talk and have a good time. The girl that is with you will also like you a lot more because you spent some time with her.

SHEEP FESTIVAL- 21st of Fall: For this Festival, you should enter your happiest sheep. If your sheep wins the Festival it will start to grow golden wool that is worth a lot of money.

(((((*****WINTER*****))))))

DOG RACE FESTIVAL- 10th of Winter: Just like the horse race, you will race your dog, you walk ahead of your dog and it will follow your scent. if you walk to fast it will lose your scent. Also, if your dog is happy it will be easier to win.

ADMIRER THANKSGIVING FESTIVAL- 14th of Winter: I like this festival because the girl(s) that like you will give you items and foods. The more girls that like you, the more stuff you get.

STAR NIGHT FESTIVAL- 24th of Winter: You should talk to the girl that you like often before the Star Night Festival because if she likes you she will invite you to dinner with her and her parents. She will also like you more after you have dinner.

NEW YEARS EVE FESTIVAL- 30th of Winter: At the top of Mother's Hill the townspeople will gather to celebrate the beginning of a new year. Everyone will also be thinking about the things that might happen throughout the next year.

XI. WEATHER

In this game, weather can be one of the most important things that will help you or it could destroy your farm. When it rains or snows out, you don't have to water your plants because the rain/snow will water the plants for you(just thought I'd mention about that the rain/snow waters your plants because my dad was watering his plants when it was raining out and he didn't know that the rain/snow waters it for you), which is a good thing.

The bad thing about when it rains/snows out is that when you work in bad weather, you have a higher chance of getting sick and oversleeping. Also, Hurricanes can occur and they can wipe out some of you crops along with your Hothouse if you have one and it can also kill some of your animals if they are outside(If they are not killed, then they are probably sick and you would have to buy medicine to make them better). If this happens, it could cost you a bundle to fix up your farm, buy new animals, and/or buy medicine for your animals. So, to prevent this, you should watch the weather channel on your television to be prepared. Just wanted to warn you that weather is important in this game because it can get to cost a lot of money if you didn't take any caution at all.

XII. CALENDAR

In this section, I will have a calendar for each season to let you know when everybody's birthday is and when the upcoming festivals are. I will also tell you what festival is coming up and the day of the week it is. This section can help you out if you don't know anyone's birthday and if you want to go to a festival but you don't know what day it is on. There is also only 30 days in a season and 120 days in a year.

(((((*****SPRING*****))))))

Day 1-Sunday: The New Years Day Festival is today.
Day 2-Monday: Today is Louis's birthday.
Day 3-Tuesday: There is no birthdays or festivals on this day.
Day 4-Wednesday: Today is Bold's birthday
Day 5-Thursday: There is no birthdays or festivals on this day.
Day 6-Friday: There is no birthdays or festivals on this day.
Day 7-Saturday: There is no birthdays or festivals on this day.
Day 8-Sunday: The Goddess Festival is today.
Day 9-Monday: There is no birthdays or festivals on this day.
Day 10-Tuesday: There is no birthdays or festivals on this day.
Day 11-Wednesday: Today is Saibara's birthday.
Day 12-Thursday: There is no birthdays or festivals on this day.
Day 13-Friday: There is no birthdays or festivals on this day.
Day 14-Saturday: The Thanksgiving Festival is today.
Day 15-Sunday: Today is Staid's birthday.
Day 16-Monday: Today is Elli's birthday.
Day 17-Tuesday: Today is Barley's Birthday.
Day 18-Wednesday: The Local Horse Race Festival is today.

XIV. SECRETS

In this section, I will tell you how to get the 10 Power Berries along with the Special Power Berry. I will also tell you how to catch the 6 Legendary Fish. There will be more to this section when I find more secrets out in the game. Enjoy!!!

-----*****POWER BERRIES*****-----

You asked for it, and now you got it. All the Power Berries that you can get in the game are here plus I have found the Special Power Berry. Well, enough of the talk, here are the Power Berries!!!

Power Berry #1. Once you have won 1001 medals from the horse race, you can trade in the medals to the mayor, for a Power Berry.

Power Berry #2. If you go fishing in the Ocean a lot, off of the pier, then eventually you will catch a Power Berry while fishing. It takes a long time to catch one though...

Power Berry #3. This Power Berry is pretty easy to get. Go into the Mine near the Hot Springs and dig with your Hoe. Before you know it, you dug up a Power Berry and your eating it.

Power Berry #4. This Power Berry is also easy to get. Go into the Winter Mine and dig with your Hoe there. After a couple of minutes of digging, you should find a Power Berry.

Power Berry #5. This Power Berry is extremely easy to get. All you have to do is go behind the Winter Mine and keep on pressing the X button. When you press the X button near the Upper Left Corner of the Winter Mine, you should get a power berry.

Power Berry #6. This Power Berry is not that hard to get either. Go up to the Cedar Tree that is standing all alone in the area in the Mountains where there are tons of flowers and try to chop down the Cedar Tree. The Cedar Tree will then talk to you saying that it is over 100 years old and that it does not wish to chop down. If you tell the tree that you won't cut it down, it will give you a Power Berry. Also, after the Cedar Tree has given you the Power Berry, and you try to cut it down again, you will pass out, end up in the Hospital, and Gotz will be very mad at you. So, I would suggest not to try to cut the tree down after you got the Power Berry from it.

Power Berry #7. Once you have gotten all the Utensils from the T.V. Shopping Network, they will offer to sell a Power Berry for only 5,000g. You should go to the Restaurant and use the phone to order the Power Berry. Three days later the Power Berry should arrive.

Power Berry #8. If you come in first in the Swimming Festival, and beat every one else in town, you will receive a Power Berry for swimming really good.

Power Berry #9. During the Summer, if you plant at least 90 flowers, Anna should come by and ask to pick some. If you be a nice guy and let her pick as many as she wants for free, she will give you a Power Berry. See what you can get for doing good deeds.

Power Berry #10. This Power Berry is a little difficult to get. First, make sure that you have ripe vegetables to be waiting to be picked on your farm. Go to the Hot Springs and toss one of your vegetables in the pond. Make sure that you are standing behind the waterfall. Also, only toss the vegetable in the water on a Sunny Day. If you toss it in at Night, on a Festival Day, or a Bad Weather Day, she will get mad at you. You must also toss the vegetable in the pond, behind the waterfall if it is somewhere in between 6 A.M.-9 P.M. Do this for five days in a row and she will give you a Power Berry.

*****Secret Power Berry #11.***** Make sure you have three Cucumbers

before doing this. In either Spring, Summer, or Fall, bring 3 cucumbers to the Mountains with you. Go to Mother's Lake and stand on the left side of the Lake in front of the two trees. Note the you must be standing in the exact spot for this to work!!! If you throw the three Cucumbers in the Lake, then Kappa should appear. If he doesn't appear, get three more cucumbers and stand in a slightly different place, but still stand under the two trees. Kappa will tell you to stop following him and will give you a Special Power Berry. This Power Berry will reduce your chance of getting sick by half permanently!! With this Power Berry, you can work twice as hard on a Bad Weather Day without getting sick. This Power Berry will help you out a great lot!!!

-----*****6 LEGENDARY FISH*****-----

Well, in this part of this FAQ, I will explain how and where to catch those 6 Legendary Fishes. It may seem easy to catch them, but be warned, it's not as easy as it looks. Well, first off, you need a Fishing Pole to start to catch any of the Legendary Fish. I said a Fishing Pole, not a Fishing Rod. A Fishing Pole is a little harder to get, but you can catch the Legendary Fish only with the Fishing Pole. It also becomes easier to catch other fish with the Fishing Pole.

When you catch a Legendary Fish, you will get a Fish Print. You can view how many Fish Prints you have on the status screen by pressing start. The bad thing about Legendary fish is that you can NOT bring them home to put in your fish pond and you cannot sell them either. If you could sell them, you would probably make A LOT of money. Oh well...

To get the Fishing Pole, you need to have the Fishing Rod. Once you have stored/bread at least 50 fish in your Fishing Pond, Greg will come by one day a compliment you for catching so many fish. He also says that you are probably going to be a excellent fisherman one day. He is so happy with you he gives you the Fishing Pole. Now you have the Ultimate Fishing Pole that can be used to catch the 6 Legendary Fish. So, what are you waiting for, lets go catch some HUGE fish!!!

LEGENDARY FISH #1.- Sea Bream: To get this Legendary Fish, it must be either Spring, Summer, or Fall. Once you have sold over 200 Fish, you can catch this fish in the Ocean.

LEGENDARY FISH #2.- Squid: In the Summer, take a small fish from your Fishing Pond and bring it to you to the Ocean. Throw the small fish in the Ocean and cast you Fishing Pole in the Ocean right after you throw the small fish in. The small fish acts as bait to attract the Legendary Fish. The "bait is only good for on day though so if you don't catch the Legendary Fish the first day you try it, you have to throw another small fish in the ocean for bait the next day you try to catch this Legendary Fish. Confused yet?

LEGENDARY FISH #3.- Char: Once you have the Recipes for Sashimi, Grilled Fish, and Sushi, you can catch this Legendary Fish. You can catch this Legendary Fish in the River on your Farm and/or the Waterfall near the Hot Springs in any Season.

LEGENDARY FISH #4.- Angler: To catch this Legendary Fish it must be Winter. Go to the Ocean between 11 P.M.-8 A.M. and cast your Fishing Pole and you should eventually catch this Legendary Fish.

LEGENDARY FISH #5.- Catfish: To get the Catfish, it must be Winter. Go to the Winter Mine and keep on digging and digging and going down floors. Once

you have gone down enough floors, you will be in a room with a little Pond in it. If you cast your Fishing Pole in the Pond, you will eventually catch this Legendary Fish. Please note that you will need a lot of energy to do this, so bring along some food to eat and gain energy back!

LEGENDARY FISH #6.- Carp: It must be Spring, Summer, or Fall to catch this Legendary Fish. Once you have caught all the other five Legendary Fish, you can catch this Legendary Fish in the Lake on Mother's Hill (The Mountain).

Well, here is all of the Six Legendary Fish. Who knows, there might be a Secret Seventh Legendary Fish. Anything is possible. That's what I like about never-ending games, the possibilities of tons of secrets can be endless, thus, making the game more fun and enjoyable.

XV. CREDITS/MAIL REGULATIONS/DISCLAIMER

This is the section where I will tell you all the Legal Stuff, Mail Regulations, and the Credits. Besides the things I mentioned, there is not much else in this section.

-----*****CREDITS*****-----

CJAYC- For making the BEST gaming FAQ site on the web.

NATSUME- For ANOTHER amazing game.

ARMAGETZ- I kind of looked at one of his disclaimer notices and used it for a base for me.

INSTRUCTION BOOKLET- The instruction booklet helped me out from time to time.

THUNDER1MAGI@HOTMAIL.COM- For pointing out to me that Maria's name is really Mary.

SEPHIROTH101/TALLEY@SATX.RR.COM- A big round of applause to him. He let me use over 60 of the recipes that are in the RECIPES section.

YHANNIGAN@AOL.COM- For telling me that you need to press the square button to empty the basket.
