Updates

1/22/2010 - v 1.31

Updating all of my FAQs to fit the new format, as well as make a few minor tweaks to mature the writing of the FAQs.

10/15/2002 - v 1.3

I've got some new recipes to put up here, but I don't have the time to put them up now. Look for them in a later update. Right now I am still doing some reformatting on some other guides. Basically, just another site to the legal info for this update.

8/6/01 - v 1.2

Well, I've made this my 3rd FAQ to be transferred to my computer, so here is the latest version! It has been reformatted, and I changed up the ASCII art a little.

7/17/01 - v 1.1

No new recipes... got some rumors: Scrambled Eggs and some kind of juice. If you can verify these, let me know. Added a site to the legal info.

6/30/01 - v 1.0

First version of the FAQ. Just a start, no? I have mainly the recipes that I know of.

Recipes to Receive

These are recipes that you must give a certain item to a certain person to use.

NOTE

There is one recipe on this list that you don't give anything to anyone to receive, and that is the Fries Recipe. It is at the bottom of the list.
