3. A bit about me

Hi. My nick is vanilla so we'll leave it at that. This is 4th
ever FAQ and I think it's ok. If you know anything that isn't on
here and would like to contribute, please e-mail me at
vanillagigglez@aol.com. You can e-mail me cheats, gameshark codes,
hints and generally stuff which you know that isn't on here. I
shall give you full credit for contributing and I will not give
out your e-mail address if you request. If you want to email me,
put the topic, 'Harvest Moon BTN Animal Faq' as the Subject otherwise
I shall delete it. Also, if you have a question about Harvest moon: Back
to Nature then feel free to e-mail me but i'm afraid that HM BtN
and HM2 GBC are the only Harvest Moon games i've got so please
don't e-mail me about other games.

----
4. Intro

One day, innocent little vanilla was sat at her computer when
suddenly, WHAM! There was no Animal Guide for HM:BTN on any
of the gaming sites I go on. Another thought! I could make one!
That was a day of achievement and here you are, reading MY very
own FAQ.

----
5. Dogs

The first animal you will ever own is a Dog. The mayor asks you
to name it on the very first day. You need it to love you! Every
day, pick it up once and whistle to it once. It should start loving
you and it's heart level should increase.

One day, Won should come and sell you a dog ball. It is well worth
it so I suggest you buy it. Throw it once a day for your dog to fetch,
it will train it for the dog contest. Any more than once a day for any
of them things is useless.

In your 2nd year, Barley will take your dog away and it will breed with
their dog, Hana. It will have puppies and you have to find someone to
have them. Go to Stu at Ellen's house and he will name to puppy Tim,

after the doctor.

The dog race is held on the 10th of Winter. If he is really good at catching the ball, he can win. Don't run too far ahead and it'll follow your scent.

----
6. Horses

You get your first horse in Spring when Barley gives it to you. Brush your horse daily and whistle to it to keep it happy and make it love you.

By Spring 2nd year, your horse needs to have at least 8 hearts or Barley will take it away. If your horse gets taken away, plants LOTS of grass to get another horse. There is no chance that this one gets taken away.

If you manage to keep the first horse, you can then ride it. Ride it once every day to raise it's stamina for the horse race. It's on Spring 18th!

----
7. Fish

You have to catch fish with a fishing rod. You can get the fishing rod by going to the pier between 7am and 10am from Friday-Sunday. Talk to Greg and he'll give you one!

Once you have 2 fish in your pond, you can start to breed them. Buy fish food from the supermarket at 20g per unit. It takes 5 days for a baby fish to grow up and 10 days for 2 adults to breed. The maximum amount of fish allowed in your pond is 99.

----
8. Chickens

Chickens are usually the first animal you get. They cost 1000g and you can buy them from Chicken Lil's poultry farm. They're the cheapest and you can get them quickly. Put chicken fodder in the boxes to feed your chickens (1 unit of fodder per chicken.) To start with, you can only own 5 chickens.

If you feed them evey day, you should get 1 egg a day. You can sell normal eggs for 50g. You can also put eggs in the incubator. They hatch and take 7 days to grow up. You don't have to feed chicks.

Visit Saibara's blacksmiths and you can buy a Mayonaise Maker. Put an egg into this to turn it into Mayo.

To raise a chickens affection, just keep it alive and keep it fed. They can enter in the Sumo Chicken Festival. This takes place on Summer 7th. Win and you chicken produces gold eggs, these give you more money or can be hatched into gold chickens.

To get 10 chickens, get Gotz to do a chicken house extension.

----
9. Cows

Cows are the most expensive animals on a farm but are the biggest
money makers. Buy them for 5000g each from Barley. They have their
own fodder, 20g per unit. Give this to the cow every day.

To keep it happy, feed it, brush it and talk to it every day. Even
milking it helps keep it happy. You get 150g for small milk, 200g
for medium and 250g for large. Remember, you can only milk them
when they are adults.

If you talk to Saibara, you can get him to make you a cheese maker.
Add milk get cheese!

To get baby cows, you cow buy a CM Potion (cow miracle potion) from
Barley. It takes 20 days for a cow until they give birth. You cannot
get produce from them within this time. Also, when the cow is born,
it takes a long time to grow up. Buying a cow is 1000g more than
using a miracle potion but you can get that back within a week of
getting cow produce. It's not recommended to use them.

If you have a cow with 10 hearts, enter it in the Cow Festival on
Summer 20th. If you win, your cow will give gold milk.

----
10. Sheep

Sheep are the less expensive than cow and make less money. Buy
them for 5000g each from Barley. They share the same fodder as cows,
20g per unit. Give this to the sheep every day.

To keep it happy, feed it, brush it and talk to it every day. Even
shearing it helps keep it happy. Remember, only shear them when
they're adults.

If you talk to Saibara, he can get you a yarn maker. Add wool, get
yarn!

To get baby sheep, you cow buy a SM Potion (sheep miracle potion)
from Barley. It takes 20 days for a sheep until they give birth.
You cannot get produce from them within this time. Also, when the
sheep is born, it takes a long time to grow up. Buying a sheep is
1000g more than using a miracle potion but you can get that back
within a week of getting sheep produce. It's not recommended to
use them.

If you have a sheep with 10 hearts, think about entering it in the
sheep festival on Fall 21st. Think, golden wool!

----
11. Wild Animals

Sometimes, in the woods, you can find wild animals such as rabbits,
squirells and foxes. These don't do anything but if you show them
to people, people will react. Also, if you have animals outside, wild
dogs may attack them. Your dog may help prevent this.
