2. Version History

- 1st April 2004 (v-0.1) Happy april fools day! Vanilla created her 2nd FAQ, and i think it's going to be good! It's a character guide for HM:BTN for psx.
- 03rd April 2004 (v.0.5) For every single character, i've put down what they favour, like, neutral to, dislike and hate including what i think is every single item in the game.
- 05th April 2004 (v.0.6) For all of the characters, i've added their birthday into the profile and a bit about their family and what they look like. I've even put the characters into different sections so it's easier to find!
- 06th April 2004 (v.0.7) I have completed the section on the Rivals so i've not got much to do now. I'll update tomorrow.

3. A bit about me

Hi. My nick is vanilla so we'll leave it at that. This is my first ever FAQ and I think it's ok. If you know anything that isn't on here and would like to contribute, please e-mail me at vanillagigglez@aol.com. You can e-mail me cheats, gameshark codes, hints and generally stuff which you know that isn't on here. I shall give you full credit for contributing and I will not give out your e-mail address if you request. If you want to email me, put the topic, 'Harvest Moon BTN' as the Subject otherwise I shall delete it. Also, if you have a question about Harvest moon: Back to Nature then feel free to e-mail me but i'm afraid that HM BtN and HM2 GBC are the only Harvest Moon games i've got so please don't e-mail me about other games.

4. Intro

One day, innocent little vanilla was sat at her computer when

suddenly, WHAM! There was no Character Guide for HM:BTN on any of the gaming sites i go on. Another thought! I could make one! That was a day of achievement and here you are, reading MY very own FAQ.
