~~~

Here are the game's "so called quality" or if you say <^\_^>  
~~~~~ | |

Game Controls:

I did say you better get "quick with it", you will have a lot of 'flying to do' in the game. I mean that when you are airborne you will have to do a lot of tricks for increasing the number of your turbos.

Graphics:

They are like ...ok. Not bad I say but not upto the expectations.
