The Game

ISS Evolution does not have an official licence like Fifa2000 etc and thus the names used by Konami are made up or sound alike. The information below covers what the proper names should be. This information was gathered for a patch made for my own use...and I hope this will help fellow ISS fans :)

Stadiums

I've corrected the ones I know and then looked the others up on

<http://www.worldstadiums.com>

Liverpool : Liverpool, England
Monaco : Monaco, France
Marseille : Olympic Marseille,France
Dortmund : Borussia Bortmund,Germany
Munchen : Bayern Munich, Germany

Torino : Juventus, Italy
Milano : AC Milan, Italy
Roma : Lazio, Italy
Parma : Parma, Italy
Amsterdam : Ajax, Holland (Netherlands)

Player Names

All the player names have been updated but there may be a few mistakes. Player names data was gathered from Fifa2000 by EA, Championship Manager 3 by Eidos, the two 'Winning Eleven 4' player roosters at <http://www.gamefaqs.com> and searching for hours on the internet !

Felix Valentinus' WE4 Rooster FAQ seems the more accurate of the two. However 'Dai-Hee Ryu' WE4 Rooster FAQ is a very good resource. Thanks to them, EA, Eidos and Konami. Note this is not a straight copy of the above work as ISS Evo names have been changed from WE4 and many hours research have gone into this document.

Unknown player first names have ??, if you know them please email me.

Please note since WE4 the team on ISS Evo have been updated by Konami and the real world teams change all the time. The patch reflects the teams at a given time* and the names I haved used are the closest match to those provided by Konami. However if find a typo / mistake please email the details i.e player name and proper name / spelling. You can email me player info at Nogs@sushi.co.jp

* for Master League teams this covers 1996-1999 players.

Player Listings / Roosters

Masters League / Champions League

The game is written so players are not listed twice. For example Andy Cole is listed under England in game and not MU. This is where Masters League teams have a few problems. For example Overmars and Wonderen are around the wrong way in the Dutch team which has a knock effect of listing Wonderan as an Arsenal player ! He isn't but Overmars is so I have swapped the names in the FAQ and patch. I'm told there are a few other similar as well which as I discover them I will included. I've also noted on the English commentary that the if you have the teams read out the

team names on e.g Arsenal are completely wrong !!

Note #1 - Players swapped in national teams to correct Masters League

Overmars - Wonderen

Figo - Conceicao
