This FAQ can be distributed freely as long as it is not altered in any way and no money or any type of profit is gained.

First off, you'll need a GameShark of some sort and use the following code:

```
D009D0F0 0003
8009D280 6048
D009D0F0 0003
3009D282 0006
```

Now, start you're game and during the game hit the L2 and R2 buttons at the same time to enter the debug room.

You'll appear in a room with 6 chests. Each one has different options. I'll go through them one by one...
