1a. Version History

Version 1: Very uncomplete, no walkthrough and there are bound to be some spelling mistakes.

Version 2: Started walkthrough, added some notes throughout the FAQ. Still some spelling mistakes probably. I still haven't got the disk fized, so there are probably some inaccurate data because I beat the game lce, but am composing this FAQ from memory!

Version 3: Continued walkthrough, added some more tricks/codes, and fixed some spelling mistakes.

Version 4: Added another level on walkthrough, added some codes, and edited the copyright notice. Still nowhere finished. Added Prolouges for levels.

2: Misc. stuff about me and the game

This is my first FAQ, so if it is a bit shabby, please excuse that. I am "The Daemon" on the message boards and stuff, so feel free to talk with me. Here are some Notes about the Game:

0 Explore everywhere

0 Get every reptar bar you see, 15 and you get a puzzle piece

0 You can only get to certain hard levels if you have so many puzzle pieces

0 If you go up to a spaarkly object and press Triangle, you will go into and "episode"

based on a TV episode or "LEVEL" as some people might call it. But the instruction

booklet calls it an "Episode", so I had to put it!

0 More Soon!

2a. Controls

Directional Pad: Move

Square: Walk slowly, aim slower in MiniGolf

Circle: Pick up or (if holding object) put down object.

Triangle: Enter "Episode", Throw object, Tag Baby in "Chuckie's Glasses"

X: Jump

R1: Straighten camera

R2: Look right

L1: Look up

L2: Look left

3: Intro to game

Tommy is knocking over some block buildings. "Where's my reptar puzzle!" Tommy screams.

"Oh, here it is!" he answers himself as he picks up the reptar doll. "But where's all da pieces?" Chuckie asks. "Inside!" Tommy replies. Tommy turns the reptar doll upside-down and 1 puzzle piece falls out. All of the babies begin to cry. Stu and DeDe come in. "Either alot of the pieces are missing, or it's the easiest puzzle ever!" Stu jokes. (not funny in the least) "The pieces must be all over the house!" DeDe exclaims worriedly. "Here champ, have a ball." Stu says as he hands Tommy a ball. When the "growed-ups" leave, Tommy throws the ball off the screen and says, "We'll find all a you, even if we gotsta search the whole, wide word!"

The screen fades away and you have control!

4: Walkthrough

Note: The order I put the levels in on the walkthrough is NOT the suggested order for playing

them. It is simply the order I thought of them.

SPOILER WARNING: IF YOU WANT TO FIND OUT HOW TO BEAT THE GAME YOURSELF, OR WANT TO SEE THE "PLOT" YOURSELF, DO NOT READ ON!!!!!!!!!!!!

LEVELS!

Chuckie's Glasses

Location: Umbrella near Playpen

Reptar Bars: ?

Puzzle Piece(s): Win Hide and Seek game.

Prolouge: Rain, Nuts!"Let's play a game!" Phil(I think) suggests. Hide and go seek! they decide. But Chuckie's "it" and his extra eyes (glasses) aren't fair! So, Angelica

takes his glasses. You play as Chuckie and you have to tag all 3 babies, Phil, Lil, and Tommy. Supposedly you also need to find Angelica, but read the "Epilouge" to read further on "tagging" Angelica. Oh, you need to beat the baby back to the playpen after you tag him/her. If you don't, the baby hdes in a DIFFERENT place, so you need to look again. Save yourself the trouble, and beat the baby back the FIRST time. P.P.S. If a baby beats you 3 times, you LOSE and go bace to the playpen, where you first started.

Notes/Strategy: Once you tag a baby, run downstairs to the playpen. Usually the

babies are hiding upstairs. When you tag them upstairs, run to the stairs and jump down. If they are hiding downstairs, run to the playpen as quickly as possible.

If the baby beats you to the playpen, they go to a DIFFERENT hiding place.

If a baby beats you to the playpen 3 times, you lose. Once you find all three babies,

you win and the screen fades out.

Epilouge: The babies are all happy, and Tommy or Chuckie(I can't remember which)

says: " Where's Angelica?" Then Angelica comes in sick with Chuckie's glasses. Dru comes in and Angelica pukes all over him.

Grandpa's Teeth

Location: Dentures in upstairs bathroom.

Reptar Bars:

- 1: Near Playground Equipment
- 2: Near Playground Equipment
- 3, 4, &5: In the "Maze of the Goose"

Puzzle Piece: Get Grandpa's Teeth back.

Prolouge: Yay! The Park! A Picnic! The babies are excited that they get to go to the park for a picnic. When they get there, Grandpa Lou takes out his teeth and starts to eat. Then a goose comes along and eats (sort of) Grandpa's Teeth!(Ergo, the name) "We gotsta get 'em back!" Tommy tells Chuckie.

Chuckie agrees reluctantly and they go to find Grandpa's teeth!

Notes/Strategy:

EXTRA/BONUS LEVELS! (yes, there are some extras!)

No more cokies!

Location:Found after some reg. levels

Reptar bars: Get 2-4 for beating the level.

Puzzle Pieces: None

Prolouge: The babies have cookies and Angelica wants them! The goal in this level is to eat all of the cookies before Angelica catches you! You start with

or so cookies and win when you have 00 left.

Notes/Strategy: Throw cookie box often. You can only eat cookies standing still.

If Angelica touches the baby with the cookie box, you lose. You win when you eat all of the cookies.

Epilogue: The cookie box goes up into the air(just like when you lose) and Angelica catches it. She reaches into the box, but doesn't get any cookies. "You dumb babies!" "You ate all of the cookies!" (I think that is what she says)

MirrorLand

Location:"" from No More Cookies loc.

Reptar Bars: UNCERTAIN) 5-7 Get all balloons

Puzzle pieces: UNCERTAIN) Get all balloons

NOTE: You get the puzzle piece OR the Reptar Bars after beating the level. I am

not sure...

Notes/Strategy: You need to find all of the balloon boxes, and then pop all of the

balloons that come out of the boxes. THERE IS A TIME LIMIT! for getting the balloons

after popping the box, not for the whole level in general. I forget where the boxes are. Oh yeah, the whole house is upside-down in this level, so GOOD LUCK! (not really:)) Once you

beat the bonus level: MirrorLand, you can get back into MirrorLand any time with the mirror in Stu and DeDe's room upstairs.

Epilogue: Tommy and Chuckie " go back through the mirror " and I forget what happens next.

SORRY!

5: Codes and tricks

0 Jump down the stairs!

Go to the top of the stairs and press Jump while running forward. You should jump about 3/4 of the stairs. Very simple and useful, especially in the "Chuckie's glasses" episode since the babies are usually hiding upstairs.

0 Shortcut in "Incident in isle 7" episode

Near the beginning with the plants, you should find some balloons. Go towards them and grab them. You'll float to where the grocers try to get you.

0 42 Secrets (UNVERIFIED BY ME)

If you insert your game CD into a PC and open up the \data\hints folder, there will be 42 text files filled with cheats, tips, and hints!

0 Easier Minigolf

In minigolf level, hold SQUARE and the target will aim slower. VERY USEFUL!

0 Play with Spike!

If you pick up the bone, the ball, or the stick and throw it out side near Spike, Spike will chase it and he will bring it back. FETCH BOY, FETCH!

0 Play on Playground stuff!

In the level "Grandpa's Teeth" near the beginning, you will find some slides and stuff. If you walk up to this playground equipment and press O, you will get a neat little cutscene of Tommy and (In some cases) Chuckie playing on the rides!
