.....[GAME HISTORY].....

As you may know, the Tales of Destiny 2 (The Seyfert Ring), originally link to the Tales of Destiny 1 (The Eye of Atamoni). Reid's skill were just like a signature skills from Stahn Aileron and Cress Albain. Some details, items, things, or some stuff in the game were change, such as the Sephira, some spells (skills of Meredy and Keele), Deris Emblem (Dellis Emblem from tod 1),Technical Ring (Tech Ring from tod 1), and others.

This is the game from Namco, they always have some great ideas on this game. But some things from TOD 1 were removed and remodified, but that's ok becuase it turn out to be a lot better, some were not. Commonly also, some skills here came from Tales of Phantasia.

I really like this game, especially the gameplay. Also, in my memory, I think the skills of tod 1 is way more better than tod 2 and also some spells. But in other hand, some spells and skills of tod 2 is way more better than tod 1.

Strong: Water(W, 30%), Wind(Wd, 100%), Fire(F, 30%), Ice(I, 10%)  
Lightning(V, 10%)

Battle Comment: He is the hardest one to hit, because he fly around and teleports to other places. He can perform such combo because of the Arms helping him.

\*\*\*\*\*  
Efreet  
\*\*\*\*\*

Greater Fire Craymel, Efreet. Primary Craymel of Inferia.  
Element: Fire(F)  
Location: Efreet Gorge, Inferia  
Raging hands of inferno will burn everything in sight.(50 TP)

Comment: Even though Efreet can give a bit high damage to it's foes, he can burn them up to crisp, but still he isn't that great, TOD1 efreet is more cooler than this one.

====Boss Status====
