This FAQ/Walkthrough is (c) 2000-2002 by Matt91486. WWF Attitude is (c) 1997 by Acclaim. All of the characters, items, and absolutely everything else about this game is (c) Acclaim or the WWF in some year or another. I am in no way related to Acclaim, or do I have anything to do with Acclaim.

If you wish to use this guide on your site, e-mail me at matt91486@aol.com. This guide will never be allowed to be used for profit. What I mean by this is there can be no ads added to it. There is a 95 percent chance I will say yes to your request, assuming you ask. If you do not ask, I will demand that you remove it, and I will prosecute you to the full extent of the law.

As of now this guide is only allowed on five sites:

If I answer positively to your request for usage of this guide your site will be added above. If you see this guide on any site but those listed, please notify me. It could just be a mistake (I said yes but have not added them yet), or they could have stolen it, and then I need to prosecute it. And I do keep track of this guide, so do not think you can get away with it.

PLEASE DO NOT E-MAIL ME ASKING ABOUT INFORMATION THAT IS ALREADY IN THIS GUIDE! Make sure to read my guide thouroughly and be absolutely sure that the information that you are requesting cannot be found anywhere in my guide. Do not just look in the walkthrough section, as the information may well be located somewhere else in my guide. If you request information already found in my guide, expect a sarcastic response from myself.

I know this all probably sounds like a confusing waste, but it has to be done to keep people from using those who spend their hard work and time writing these guides.

REVISION HISTORY

- *Final Version: January 2, 2002: Did some final spell checking, did some minor formatting in this section, and changed the copyright date. I hope to get the famed 'Final Version' tag up next to this guide with this update.
- *Version 9.91: May 10, 2001: I have finally finished off this guide. I added one last website to the accepted web site list, and I have submitted the almost final version. Yay!
- *Version 9.9: March 5, 2001: Well, I'm home sick today, so I have done a lot of work. All the normal and hidden wrestler's moves are in. I also added the Game Controls (finally) and the codes to unlock the hidden wrestlers.
- *Version 1.25: March 4, 2001: Took a month off for some od reason. Added D'Lo Brown through Edge.
- *Version 1.2: February 2, 2001: Well, obviously I did not finish it up within a week. This guide will be kind of my 'pet project' that I'll occasionally work on until it is done. Added Bradshaw, Christian, and The Rock.
- *Version 1.1: January 22, 2001: Finished up Table of Contents, which was surprisingly enough, a lot of work. Added Al Snow, Big Boss Man, and Billy Gun.
- *Version 1: January 21, 2001: Began this guide, and formatted. I actually expect

to finish this guide up in a week or so.
