Well this was my first FAQ yipee! I decided to update it after 6 months and I'm pretty proud of it. Such a long time ago, so many different things happen since then with val Venis. He no wears white underwear in the ring and no big V draws. He is also a heel now instead of a face, he just lost the WWF IC title at summer slam. He didn't really lose it, but by default her did. Val Rocks, hellloooo Ladies! Ok I'm sorry for being a jackass in the game Val is pretty average he's not real powerful, but he gets the job done he has a nice move mix.
