The face is a little dodgy but I(xfirebladex) thought the suit was pretty cool.

Give him a mix of technical and speed movesets with pretty much every martial art move. I gave him the Finishing Punch or the Kung Fu straight punch as the finisher. It just suits him

The face and hair isn't the best but the body is pretty well for goku.  
If you don't like the way it looks fix it.  
For his finisher i would give him a very strong punch,  
due to the fact his best move is the dragonfist attack.

Profile:

Okay that's the CAW, as for the profile just have fun.

If you give him these traits you'll have 180 ability points to play with:

Darkside Prince,

Darkside Emperor and

Dark Knight.

I made him a speedy martial arts type and gave him these ability settings:

Powerful: 3,3,2

Speedy: 4,4,3

Technical: 4,4,2

Rough Neck: 2,2,2

I then gave him a load of martial arts moves:

(ready move attacks: capecoira spinning kick, tae kwon do back kick,

tae kwon do jump kick, karate straight punch.

ready move grapples: kung fu toss, kung fu back rolling, judo flip suplex, ).

A lot of these moves have to be unlocked however, so you may have to give him more traditional wrestling moves. If you've unlocked Unknown V give him this as it's a nice martial arts moveset.

Oh and for a weapon give him a kendo stick,

it's as close to his light-staff as you'll get in this game!

Finisher's I'd recommend that would look good for her would be a super kick, sweet chin music, martial arts kick, or the Samurai Driver. Give her the Judo throws too along with the oriental toss. A headscissors or a hurricanrana may be nice too. I gave her the Samurai Driver as a finisher with a super kick as a favorite.

Skip the first seven blanks, then place poses in this order:

170, 169, 345, 171, 168, 343, repeat once.

Skip 4, then put 384, skip 5 and put 384 again at the end.

(384 is his alternate winning pose in SF2 so it works well.)
