Basic Way to Defeat Isis
=====

Isis, a duelist in the tournament, is a pretty powerful duelist. She has many great cards, and you must be ready to counter them. The best way to beat her is to have MANY Twin-headed Thunder Dragon fusions and MANY equips for it. Most of her cards are Neptune cards so use Twin-headed in Pluto.

*For a Twin-headed fusion, just a dragon 1550 attack points and below with a rock/grass/thunder/zombie/aqua/fish/sea serpent/pyro and then

fuse another thunder card.

Getting S-Pow
=====

Getting S-Pow is not that hard against her unless you start out with a lousy hand and she starts out with a Black Skull Dragon. Just keep putting Twin-headed Thunder Dragons out with equips and in Pluto and

you will be just fine.

Recommended Cards:

Twin-headed Thunder Dragon by fusion.

Acid Traphole - Trap Card. Destroys attacking creature with 3000 or less attack points. S-Tec Rex and Pegasus.

Bright Castle - Equip. Adds 500 attack/defense points to any creature. Buy with starchips. (800) 82878489 or S-Tec Pegasus.

Dragon Treasure - Equip. Adds 500 attack/defense points to any dragon. Stec Pegasus and Kaiba.

=====
Getting S-Tec
=====

Isis can be a little tricky to S-Tec because she doesn't always fuse. There are various ways to try to get her to fuse.

- 1) Let her have 1-4 creatures out.
- 2) Play a magic card face down on your first turn.
- 3) Play a magic card.

Like I said, she will not always fuse, so try this:

- 1) Get your lifepoint down to 1500 or less.
- 2) Use A LOT of magic cards.
- 3) Kill her when you have 0 cards left.

DON'T FUSE!!

This will sometimes result in a S-Tec, but it is not the best way to do it.

Sometimes, if you're lucky, she will fuse like crazy.
