BP - Burst Point

As a reminder, at the start of each race (event or stage) when the GO!! appears on the screen, quickly press the B button, and then press the Y button. After that, press both the B button and the directional button (cross key) to speed up the machine until that machine reaches the finishing GOAL!! line first. Also, in the race, to change over to another member or driver of the TRF Victorys, press the L or R button. You can make the challenger's machine retire quickly by hitting that machine repeatedly with the machines

of the TRF Victorys to cause damage making the challenger's machine stops dead on its tracks during the race (retire).

Choose "from the beginning (#1 - counting from left to right)," and there is a scene.

Stage 1

2nd World Grand Prix Opening!!

Furin Town

Dr. Tsuchiya's Laboratory (#8 on the Map)

There is a scene.

Seiba's House (#4 on the Map)

There is a scene. After that, there is another scene (Go's dream) as Dr. Tsuchiya & Jun teach Go & Retsu Seiba about the basic operation for the X button, Y button, A button, B button, R button, L button, right & left keys while driving thru the five lap race course. [The driver change with the L button! (To the one driver before). The burst point recovers. (The burst point recovers with the A button). The formation machine change with the X button. (It isn't possible to use it now). The team burst is the Y button! Let痴 burst with everyone! Let痴 change the operated machine. (The machine change with the LR buttons). Did you recover the burst point? (The BP recovers with the A button). The A button recovers the burst point! Let's recover it a lot! Do you know how to driver change? (The LR buttons). The driver change with the R button! (To the next driver). Cornering is awkward. (Steering with the right and left key). When the burst gauge blinks, prepare for a killer shot! The B button is the killer shot! However, enjoy the real thing of WGP. Let's firmly remember the operation. (It ends with START). Let's move the machine. (Steering with the right and left key). Burst uses the burst point. (Burst with the B button). Sonic with cornering. Magnum is good in a straight line... Please get up slowly! (It ends with the START button)]. After that, there is scene at the front of the house.
