## About the game

  
-----

There are four scenarios which are quite different, and furthermore each scenario is related to the visage that changes the point of view. It is a system where the heroes are prepared with a total of 8 people with 2 for each scenario, and the characters other than the heroes fight automatically.  
-----

## Note

  
-----

If you are going to play this game on a ROM, make sure that the "SAVE DATA" inside the game (Nekketsu Tairiku Burning Heroes (J) [h2C]) is workable. You have to play all eight characters to get the true ending.
