### 2)Introduction

I made this guide is to help you to beat the game and i do not responsible if some strange things happen if you use this guide. Anyway, this guide is totally free. If you found any other codes, please e-mail me or leave a message in GameFAQ's message board. Please tell me too if you found some codes are not working correctly. You can only get this FAQ at [www.gamefaqs.com](http://www.gamefaqs.com) . Sometimes, I received some e-mail. They asked me to give them ZSNES emulator and rom. My advise to you is DON'T ever send that kind of e-mail again. you should find what you want by yourself. Besides, giving rom to you is illegal.

---

### 3)PAR Codes(Pro Action Replay Codes)

You must have ZSNES emulator to get these codes work.
