2. Basic Control

3. Story (Ryonan) 4. Players and moves list (Ryonan) 5. Credits \_\_\_\_\_ 1. Introduction \_\_\_\_\_ Slam dunk was made based on the manga/anime with the same name. Compared with more popular Basketball game like NBA live, the game is a little bit different in terms of gameplay. The game was released in 1995, and there are 6 teams available in the game. \_\_\_\_\_ 2. Basic Control \_\_\_\_\_ Offense A - Dribble B - Pass Y - Shoot Down - Get away from match-up Defense A - Steal B - Intercept Y - Block Under Basket A - Boxing out Y - Jump 3. Ryonan \_\_\_\_\_ Coming Soon \_\_\_\_\_ 4. Players \_\_\_\_\_ Coach: Taoka Moichi Toriyuki Uekusa Name: -Nickname: 8 Number: Point Guard Position: Height: 170 cm Weight(: 62 kg Grade: 2nd year Special Moves: None He's just a mediocre player in the team. However, his shooting is quite good.

Name: Hiroaki Koshino Nickname: -Number: 6 Position: Shooting Guard Height: 174 cm Weight: 62 kg Grade: 3rd year Special Moves: None

Just like Uekusa, there's nothing special about him, except that he is quite a decent player.

Akira Sendoh Name: Nickname: Number: 7 Position: Small Forward 190 cm Height: 79 kg Weight: Grade: 2nd year Special Moves: Fadeaway Switchover - down, forward, back, Y Pump Fake - down, up, A Back Pass - Foward, back, X

Ryonan's ace, and probably one of the best player in the game. A pararell to Rukawa in term of skill. However, he has a better endurance that gives him the cutting edge compared to Rukawa.

Name:	Kicchou Fukuda
Nickname:	Fuku
Number:	13
Position:	Power Forward
Height:	188 cm
Weight:	80 kg
Grade:	2nd year
Special Moves:	Slam Dunk - A

As rash as Sakuragi, that's how Taoka described Fukuda. A player with a great potential, his weakness in defense was made up by his great offense ability. By having him in the team, that allow Sendoh to be played in point gurad position for the first time in a match against Kainan.

Name:	Jun Uozumi (Captain)
Nickname:	Boss Monkey
Number:	4
Position:	Center
Height:	203 Cm
Weight:	90 Kg
Grade:	3rd year
Special Moves:	Dunk - A
	Flyflap - down, up, Y

The Captain of Ryonan, and the tallest player in the whole prefecture. Uozumi has always been an arch-rival of Akagi. His strength is in his defensive play, while his weakness would be his stamina.

Name: Ryoji Ikegami Nickname: -Number: 5 Position: Point Guard Height: 188 cm Weight: 83 kg Grade: 3rd year Special Moves: None

Not much is known about him, except for the fact that he is quite good as a

```
defensive player, as evident in the match against Shohoku.
==========
